^{15.4.50} In considering the exchange of publications, publications of a like nature as ordinarily considered.

In this case, only the Gazette of the Govt of India can be regarded as a publication similar to the Fort St. George Gazette of this State. The question of supplying Fort St. George Gazette separately to the Economic & Statistical Adviser should be considered ~~in the~~ in accordance with the orders governing supply of the Gazette to authorities outside this State.

There is an Economic Adviser to Govt of this State and the Economic Adviser will be publishing a monthly or other periodical. It would be appropriate to exchange only any publications issued by the Economic Adviser to this Govt. for the work "Agricultural Situation in India" published by the corresponding officer under the Govt. of India. Edm. may therefore be requested to consult the Economic Adviser on the possibility of supplying any publication issued by him in exchange for the "Agricultural Situation in India".

The question in this file relates to the proposal of supplying a copy of the Fort St. George Gazette, free of cost, to the Director of Economics & Statistics, Govt of India, in exchange for their monthly publication "Agricultural Situation in India". Food and Agri. House recommended this proposal.

P.T.O.

Finance in their notes on p 4 ante, have remarked that publications of a similar nature are ordinarily considered for exchange of publications and that in this case, publications issued by the Economic Adviser to the Govt, may perhaps be considered in exchange, for the 'Agricultural Situation in India'. But the Economic Adviser has stated (that a copy of 'Agricultural Situation in India' is already being received by him free of cost.

For orders whether the proposal to supply a copy of the Fort St George Gazette in exchange for the 'Agricultural Situation in India' may be agreed to, as a Special Case, and the draft below should be supplied on payment of cost only as suggested by Finance in para 2 of their on 14-5-50.

The Directorate of Economics and Statistics want a copy of our Gazette - There seems to be no objection to this supply in exchange for a copy of their 'Agricultural Situation in India' even tho' this may not be a "Corresponding" publication - The additional copy received may be in the Secy's Library for general use by the department for the publication is said to be a useful one. If this is agreed to, it does not seem to be necessary to ask the Directorate to obtain our Gazette on payment. Fin. may see again.

The Economics and Statistics Adviser may perhaps be asked whether he wants a full Gazette or if it is sufficient if a copy of the Statistical Supplement to Fort St George Gazette is supplied in exchange.

Economics & Statistics want the full
 volume. In view of this, we need
 not - forgoe sending an addition
 a copy separately to them. There
 does not seem much purpose in
 sending them the Statistical

 perhaps agree to exchanging
