From the Inspector General of Police Foc No.16/C/Stat 1/50 dated 24-2-50.

ORDER:

2 In order to enable the officers of the Education Department to take disciplinary action against teachers taking part in subversive activities the Inspector-General of Police is requested to instruct District Superintendent of Police's to report to the Divisional Inspectors of schools through the Collectors concerned, the names of teachers who are convicted for participation in such activities. Such reports may be submitted also in the case of teachers against whom there is a definite suspicion of indulgence in such activities.

2. The Collectors are requested to forward the reports submitted by the Police on teachers taking part in subversive activities, with their own comments, if any, to the Divisional Inspector of schools concerned.

3. The Director of Public Instruction is informed that, in dealing with such cases participation in subversive activities by a teacher should be deemed to be bad conduct within the meaning of rule 154 of the Madras Educational Rules. The formalities of framing charges and holding an enquiry may be dispensed with in the case of teachers reported upon by the Police as having been convicted in a court; but in the case of teachers, reported as having taken part in subversive activities, action should be taken after observing the procedure laid down in the rule in full.

4. The Director of Public Instruction is requested to submit necessary amendments to rule 154 of the Madras Educational Rules.

Sir,

Madras Educational Rules -- Disciplinary action against teachers who are involved in communist activities.

A case has arisen, in which a teacher employed in the S.S.V.D. High School, Pullampet, is alleged to have carried on communist propaganda. Please see a copy of the letter of the District Superintendent of Police to the address of the District Educational Officer, Cuddapah(enclosed) which contains the details of the case. In my opinion, it is best if such cases are dealt with on the basis of a well defined policy as to whether action is to be taken at all in such cases and if so, what action is to be taken.

p 23 of Bk No 151

Compare Rule 98 on p23 ibid

(D) / p 15 of

2 While there is provision under rule 94 of the M.E.R., requiring that students of schools and colleges should abstain from active participation in party or communal politics, there is no such provision in the M.E.R. in respect of teachers employed in secondary schools. Further disciplinary action is required to be taken against students who take part in communist activities. Please see G.O.Ms.No.2030 Education dated 24.6.1949.

p 33 of BK. 151.

pp 23-24 of (C) in L.F.

3 When there was a violent outbreak of communist activity severe disciplinary action under rule 154 of the M.E.R. was taken against teachers who were involved in communist activities. Please see Government D.O. No.25907 C1/48-7 Education dated 26.5.1948. It appears that at present the communist menace is not so great as it was in the recent past and the position therefore needs to be reviewed in the light of the existing conditions.

p 23 of Bk No 151

4 Government have to decide whether communist propaganda in any form should be permitted to teachers even if they only organise specific groups of study circles among students. In the present case, the teacher is reported to be carrying on communist propaganda and organising communist groups among students. My own feeling is that such activities should be discouraged in the most effective manner. Another point for consideration is on what evidence action should be taken against such teachers. It is to be decided whether Government will be satisfied, if confidential police reports are regarded as sufficient evidence to justify action, or whether they would prescribe a more formal enquiry and investigation such as is now undertaken under rule 154 of the M.E.R. I request that early orders may be passed.

Communist activities report of.

1. One C. Venkatrama Reddy B.A., L.T., teacher in Pullampet High School and a native of Animala of Gandireddipalli limits, is a communist and has become an active worker in this field.

2. He has been carrying on party propaganda among the students in Pullampet in association with other communists of Pullampet as a result of which some students joined communist party.

3. On 21.2.49 he formed Students Federation (communist controlled) in Pullampet High School. On the same day a public meeting was held in which some of the students and other communist condemned the present government.

4. On 11.4.1949 he met Panjam Prabhakara Reddy, communist of Anantharajupet village, at Pullampet and discussed with him about their party work. The same day both of them visited Ramkkapalle along with other communists and instigated the labourers and other poor ryots to demand higher wages and to carry on "no tax compaign".

5. On 24.4.49 he along with the communists of Ulavalarajupalem C. Rajupalem, Gaddamvaripelli, organised a public meeting at Ulavarajupallem and addressed the gathering exhorting them to join the communist party and spoke about the success of communists in China and Hyderabad. Further he incited the labourers and other poor ryots to demand higher wages from the land lords and to carry on the agitation that land belongs to those who cultivate it. The same day he and other communists went in procession carrying communist flags, shouting communist slogans in Ulavarajupalem and in the surrounding villages.

6. He has thus become an active worker of the communist party and is carrying on propaganda among the students to join this party. I request that suitable action may be taken against the teacher.

Rc No.1222 E4/49 dated 7-11-49

Subject: Madras Educational Rules - Teachers participating in Communist activities - Disciplinary action

Reference Government Memo No. 57556 B1/49-1 Edn dated 19-8-49

8:351

With reference to the Government memo cited, I may state as follows :

I doubt if the suggestion contained in the Government memo will be accepted by a Court of Law, and the contingency of a per-son going to court has to be provided for. "Communist activity" or suspicion of it can be brought only under "serious misconduct" and the phrase should be formally defined to include such activity or suspicion of it by an executive order. If this is not desirable, then I will have to issue a specific direction to managements to terminate the services of the teachers. But the managements would ~~place~~ plead that they terminated the services of the teachers only on the Director's orders. Everything considered, I request that Government may be pleased to issue an order that teachers suspected of communist activities should not be retained in service. On the basis of such an order , the management and the Department can easily take action against the teachers concerned.

Yours faithfully,

for Director of Public Instruction

I agree with the view of the Government that disciplinary action should be taken against teachers participating in Communist activities on the lines indicated in G.O.No.2030, Education, dated 24-6-1949. I would, however, suggest that the report on such teachers should be sent to the Director of Public Instruction, Madras, instead of the heads of institutions, as in the case of elementary schools particularly, the heads of institutions may themselves be of communist sympathies.

In submitting herewith a copy of Secret letter Rc. No. 101-4SB/61 dated 10-2-1961 of the Superintendent of Police, Madurai Urban, Madurai, I have to state that, without divulging the source of information, the Correspondent of the Thiagarajar College, Madurai, was requested to ascertain the facts and also to furnish a statement from Sri G.Varadachari as to why he participated in the activities of the R.S.S. Sangh, as alleged. A copy of the statement dated 17-3-1961 and a copy of the Correspondent's remarks thereon dated 17-3-1961 are submitted herewith. Sri G.Varadabhari, Principal, Thiagarajar College accepts that he presided over the Annual Meeting of the R.S.S., Madurai last year, but he did not make a speech of the kind alleged. He states, that he has never been a member of the R.S.S. Sangh or of any political Organization. The Correspondent endorses that Sri G.Varadachari is wholly free from any political bias.

Sir,

It is a fact that I presided over the Annual Meeting of the R.S.S., Madurai, last year. I have never been a member of the Sangh or of any political organization. I am not aware of any circular from the Government declaring it an unlawful body. I may add that one of my predecessors in Office, Sri I.N. Menon, and the present Principal of the Madura College have presided over the meetings of the R.S.S. in recent years. The statement attributed to me, however, is wholly untrue. I categorically deny the allegation. I remember that at that very meeting I began my speech, explicitly dissociating myself from politics on the ground that I am no politician but a teacher, pure and simple. It was Sri A.Dakshinamoorthi Ayyar, the Provincial Secretary, that pointed out that the Sangh was not a political organization but a cultural body. I devoted my talk entirely to the theme of the development of human personality through education, especially to the urgent need for developing a sense of discipline, a feeling of national unity and love of God in the youth of the country. It has been my lot to participate in hundreds of meetings addressed by leaders belonging to all shades of opinion, but I have always tabooed politics, as it is the first article of my faith that teachers should not dabble in politics. At this stage of my career, there is no danger of my violating the principle of a life-time. My unblemished record of 37 years of service as a teacher will speak for itself.

* I have never asked anybody in all my life to join the R.S. S.

M.E.R. - Teachers participating in Communist activities-Disciplinary action.

---

p1 cf From the D.P.I., Rc.No.1222 E4/49 dated 27--7--49.

On receipt of numerous reports that teachers employed in elementary schools in the Malabar district where actively engaged in the dissemination of Communist propaganda, instructions were issued to the D.P.I. that action should be taken in such cases under Rule 154 of the M.E.R. With a view to deal with the large number of cases in an expeditious manner it was found necessary to dispense with the procedure laid down in the rule ~~namely,~~ viz ~~the~~ a formal enquiry etc. Conditions having ~~come under control~~ become normal it has been found desirable to have a review of all the cases made to see whether any innocent person has been victimised.

Attention is in this connection invited to G.O.No.2030 Edn. dated 24-6-49 wherein the I.G. of Police has been requested to instruct the police to furnish the heads of the institutions concerned with detailed information of students participating in communist activities to the D.Ms. concerned on whose recommendation alone necessary action will be taken. While the expulsion of a convicted student does not demand any procedural formality, the benefit of following the procedure prescribed in rule 49 A of the M.E.R. has been conferred on the students who are merely suspected of such activities. Even though the teachers

teachers may be considered to be a more powerful medium for the dissemination of communist ideologies it cannot be gainsaid that there is a certain similarity between the two groups ~~of~~ indulging in Communist activities. It would therefore appear that even in respect of teachers the procedure suggested in G.O.2030 Edn. dated 24-6-49, regarding the reporting of cases, may be adopted. The I.G. of Police has already consented to furnish information regarding the activities of students participating in communistic activities and he may not have any objection to furnish information to the District Educational Officer concerned regarding the activities of teachers also. The police report may be sent through the District Magistrates in this case also and any action considered necessary may be taken on the recommendations of the D.M.

Communism in teachers is far more dangerous than in students. Obviously the provisions of the Public Safety Act will be attracted as soon as there is evidence of the serious activities by the teachers. In the particular case in Cuddapah, it is not understood why no action was taken under the Public Safety Act.

In respect of cases where suspicion exists, action under Rule 154 of the M.E.R. may not prove efficacious or expeditious. It would be better to take action to terminate the contract as under condition 7 (i) (a) of the Agreement. The D.P.I. may be consulted.

Please see the letter from the D.P.I. at p 5 cf. He has reported that for taking action to terminate the services of teachers who are suspected of communist activities under Condition 7 (i) (a) of the agreement ~~executed~~ by teachers employed in aided secondary schools and under rule 13 (2) (ii) (a) of the rules for recognition of aided elementary schools, it will be necessary to issue orders to the effect that communist activity or suspicion of it will be considered as "serious misconduct" for purposes of these rules. Otherwise it will be necessary for him to instruct the managements to terminate the services of such teachers. The Director however considers that the best course of action will be to issue an order that teachers suspected of communist activities should not be retained in service. In the circumstances stated it is for consideration whether his suggestion may be accepted. Even in this case, for the managements to take action, it will be necessary for them to become aware of the fact that the teacher concerned is suspected of communist activities. It is therefore for orders as to whether the termination of the services of a teacher suspected of communist activities should be based on any information that the management may have in the matter or any official report received from the Police, or the Inspecting officers of this Department.

With reference to the Secretary's query overleaf, it is submitted that there is no clear definition of the term "communist activity". Any activity conducted in furtherance of the communist ideologies may be considered as communist activity. It may be either open or subversive. Naturally the onus of establishing the communist activity of a student has been left to the Police and the D.Ms. The Police have been instructed to furnish details of convictions, subversive activities etc of such students to the heads of institutions through the D.Ms concerned. The file referred to by Secretary is presumably the one closed in G.O. No. Ms 2030 Edn d/ 24.6.49 and put up at (D). The proposal in this file relates to the action to be taken ~~on~~ against teachers who participate in communist activities. The proposal may be considered to be comprised of two parts viz.:

(i) the question of establishing the communist activity of the teacher and

(ii) the penalty to be awarded.

Vide Secretary's remarks at p 4 ante

Orders have already been issued in this regard in respect of students in G.O. No. Ms 2030 Edn d/24.6.49. The position in respect of the teachers participating in communist activities is compared with that of the students participating in similar activities in the statement below.

The statement above compares the position in respect of teachers and students participating in communist activities. In order to avoid any possible miscarriage of justice it is for consideration whether the establishment of the communist activity of a teacher may be based on the Police report and the recommendation of the D.M. thereon as in the case of students. As the teacher, by the very nature of his profession, will be far more dangerous in disseminating communist ideologies, it is for consideration whether the director's suggestion that the teachers taking part in communist activities should not be retained in service may be accepted. This penalty may be awarded ~~applicable~~ to ~~cases~~ of teachers actually convicted in a court of law as well as to those who are taking part in subversive activities.

I am in favour of provisions for teachers parallel with those for students. Accordingly in respect of persons actually convicted in a Court of law, the D.P.I. may cancel the Certificate of Training, which will debar the teacher from the profession. In respect of teachers proved to be taking part in subversive activities, the D.P.I. may issue an order that the teacher should not be retained in service. This would debar him from the school concerned and probably also from other schools which are not likely to employ the teacher whose services were terminated in these circumstances.

By an oversight, the case was not marked by me to him when it was sent by E & PH dept. again stating that it was intended not only to take action against the convicted students but also against students on "mere reports" of indulging in subversive activities. I very much regret this mistake. However orders have been passed as at the G.O ~~at~~ 2030 There has been some criticism of these orders amongst the students and in the press (vide the cutting from "the Hindu" at the end of the papers in Ⓓ). It is probably desirable to issue instructions from this dept. to D.Ms. to ~~satisfy the~~ satisfy themselves individually in every case, that there are grounds for moving the Educational authorities to take action, and not merely to pass on the Police reports. Alternatively students, who are merely suspected of such activities but have not been concerned in any criminal proceedings, may now be asked to be left out of the scope of the G.O. I do not think Students should be penalised for a mere suspicion. There is too much danger of a local Constable's report being passed on without verification + a young man's future being blighted. We have to remember that Students are very emotional + apt to give expression to wild utterances. I remember some time ago the Cambridge Students solemnly discussed the proposition that they should not "fight for their King + Country"! Any amount of wild utterances are indulged in at Students debates + a report that such + such a boy said such + such a thing will be taken much too seriously. No doubt we cannot and should not compromise with Communism, but then we should have solid grounds for our action. X Z

I think therefore that in the case of Students, action should be taken only if they are convicted. Teachers stand on a different footing as they are not callow greenhorns, swayed easily this way or that way. In the case of teachers reasonable suspicion of having taken part in subversive activities may be regarded as sufficient for action. Y

2. In this connection, the Chief Secretary has raised the question whether any action should be taken on students reported upon by the Police as having taken part in subversive communist activities. Under the existing orders such students will be granted transfer certificates under Rule 49-A of the Madras Educational Rules after observing the procedure laid down in the rule in full. The C.S. has now remarked that as students are prone to indiscreet utterances, any action taken on Police reports based on such indiscreet utterances may blight the future of ~~ooo~~ some innocent students as well. He therefore considers that action may be confined against students who might have actually been convicted in a court of law for participation in communist activities. In the circumstances stated, it is for consideration whether the views of the Chief Secretary may be concurred in and the orders already passed in para 3 of G.O. No. 2030 Edn d/24-6-49 may be modified suitably. It is submitted that it seems unnecessary to dispense with the police report in respect of students who might have taken part in subversive activities. On receipt of the report, the headmaster of the school concerned, may warn the student through the parent or guardian against such participation in future, but if the student persists in indulging in such activities he may be issued transfer certificate under rule 49 A of the Madras Educations.

It is true that the orders providing for issue of Transfer Certificates on Police reports has provoked much criticism and has been specially attacked by the Communists At the same time, the justification for the order is:

(1) that many students may indulge in communistic activities without furnishing grounds for prosecution; and

(2) the rapid spread of communistic ideas among students, of which there is daily evidence in strikes and other protests.

While, therefore, we may prevent students being victimised by incorrect or exaggerated reports of the Police, it seems desirable to retain the power to give Transfer Certificates to students who are proved to have indulged in communistic activities. In this connection, under Rule 49 A of the M.E.R., the statement of the parent or guardian is taken before the transfer certificate is issued. This normally gives the student an opportunity to refute any false reports. The Chief Secretary may therefore consider if it will be sufficient that the existing order may be modified to the extent:- X

(1) of emphasizing the necessity of considering the statement of the parent or guardian;

(2) whether the statement raises doubts, of making a further reference to the District Magistrate;

(3) of distinguishing emotional utterances from serious speeches and activities.

In respect of mere utterances, it can be ordered that a warning should be sufficient in the first instance.

The case is submitted A.S. C.S. for orders with reference to Secy. E & P.H.'s note above. For the reasons already pointed out by C.S at p 8 ante, it is

probably desirable that students should be proceeded against only in the event of their being prosecuted. The students often act hastily and on the spur of the moment. They can hardly be credited with organised communist activity, of resulting from long or sustained absorption of communist thought. I may point out that, even in the case of the recent Annamalai incidents, all the students, ~~have~~ except those who have been ~~con~~prosecuted, have been readmitted on their apologising for their conduct. Some of them had communistic books in their possession but all the same they have promised to turn over a new leaf. In this period, they generally commit mistakes and learn. They C.S. has already pointed out that there is the danger of such young men's ~~career~~ futures being blighted. ~~The mere issue of a transfer certificate~~ Even if transfer certificates are given, there is a danger of the 'adverse reports' following the student from school to school and as 'the Hindu' points out, it is not desirable to let suspicion tread on the heels ~~[illegible]~~ of a student.

The difficulty, really is that "Communist ideology" is not regarded as something to be kept out of the way. It is when some definite subversive act is committed that the person concerned has to be curbed.

I agree with Edn. Secy's proposal at X last page, but it must be proved that the Student has indulged in Communist activities. And how is this to be proved? A police report, based on suspicion, cannot surely be sufficient. No doubt parents may get a chance of explaining, but in practice this will not be of much use as it will be argued that the parent is naturally interested & that the testimony of an outsider (- the policeman -) is more reliable eh!

fortunately many Students indulge in Communistic activities without furnishing grounds for prosecution, but in the larger interests of the youth of the Country I think it best to confine action to those Students who are actually convicted

The notes of Pub Deptt at pp 12-14 ante may be perused. For the reasons stated in his note above the C.S. still considers that it is best to confine action to those students who are actually convicted in a court of law for having taken part in communist activities. He is of the opinion that in respect of students who have not been actually convicted in a court of law, it will be very difficult to prove that they have really indulged in communist activities. In the circumstances it is for consideration whether the views of the C.S. may be concurred in and the orders already passed in G.O. No. 2030 Edn. d/ 24.6.49 may be suitably modified.

We have only said that Police may send reports of such students to the Hd of the institution and after the action to be taken is to be decided by the Hd of the Institution.

Please see the letter from the I.G. of Police at p 9 of. He agrees that disciplinary action should be taken against teachers participating in communist activities but suggests that the police report on such teachers should be sent to the D.P.I instead of to the heads of the institutions as some of them may themselves have communist leanings. In view of this, it is submitted that the I.G's suggestion may be accepted. The D P I will no doubt forward the reports to the DEOs for necessary action.

The proposal in this file relates to the action to be taken against teachers who participate in communist activities. The question resolves itself into two parts viz., (1) establishing the communist activity of the teacher and (ii) the penalty to be awarded.

2. As in the case of students, the I.G. of Police has agreed to the Police being required to furnish details of convictions as well as subversive activities of the teachers concerned. But in this case he suggested that the reports ~~may~~ might be sent to the D.P.I. and not to the Heads of the institutions concerned. The D.P.I. who was consulted in the matter, has suggested that the police reports may be sent to the Divisional Inspectors through the D.Ms. concerned on whose recommendation necessary action may be taken. As the Police may not have any objection to send their reports to the Divisional Inspectors instead of to the D.P.I. and as there is no need for these to come to him, the Director's suggestion may be accepted.

3. As regards the action to be taken against such teachers, the D.P.I. has pointed out that there is no specific provision in the Madras Educational Rules. In the past, to meet the emergency arising out of the participation in communist activities of a large number of ele. school teachers in the Malabar District, instructions were issued demi-officially to the D.P.I. that he might cancel or suspend the certificates of such teachers under rule 154 of the M.E.R. To deal with the cases expeditiously he was permitted to dispense with the formalities laid down in that rule. ~~Now that the menace has subsided, the~~ The Director has now raised the question of formulating a regular procedure to be adopted in such cases. When it was suggested to him that action might be taken against teachers suspected of Communist activities under the agreement entered into between the teachers and the managements, ~~be~~ he pointed out that specific orders of Govt. would be necessary to declare " Communist activity" as "serious misconduct" for his guidance in dealing with such teachers As an alternative he suggested that orders might be issued that teachers taking part in communist activities should not be retained in service. The previous Secretary was of the view that in respect of teachers who were actually convicted in a Court of Law, the D.P.I. might cancel the certificates of training of the teachers concerned while in the case of teachers ~~suspected of~~ proved to be taking part in communist activities,

he might issue an order that such teachers should not be retained in service.

4. As there is no specific provision in the Madras Educational Rules and as general orders are required by the D.P.I. for his guidance in dealing with such cases it is for consideration whether communist activities on the part of a teacher may be declared to be bad conduct within the meaning of the rule 154 of the M.E.R. As regards the procedure prescribed in the rule viz., the formalities of framing charges and holding an enquiry, it is for consideration whether they may continue to be dispensed with as in the case of teacher actually convicted in a Court of Law their ~~indulgence~~ participation in Communist activities has already been proved beyond doubt, but ~~and~~ in the case~~s~~ of ~~suspects~~ others action will be taken only ~~on the considered recommendation of the D.M. concerned, on whom the onus of establishing the guilt of the teacher will fall,~~ after following the procedure re. disciplinary enquiries.

25/9

The only provisions under which action can be taken against the managements of schools and colleges or against the teachers and lecturers of schools and colleges are those embodied in the Grant-in-Aid Code ~~in~~ and the Madras Educational Rules. Under rule 2(ii) of the Grant-in-aid ~~xxxxx~~ code grants can be withdrawn from the manager of an institution if he or any of the teachers employed by him takes part in political agitation directed against the authority of Government or inculcates opinions tending to excite feelings of political disloyalty or disaffection among the ~~xxxxxx~~ pupils. Similarly rule 98 of the M.E.R. lays down that if a college professor or lecturer or teacher in any school by speeches or otherwise seeks to mislead his students into activities herein deemed objectionable he is liable to be punished for dereliction of ~~pupil~~ duty. Similarly rule 99 of the M.E.R. empowers the D.P.I. to withdraw recognition from the offending school or withdraw the Grant-in-aid or withhold the privilege of competing for Govt. scholarships and of receiving Govt. scholarships.

2. The question to be decided first is whether presiding at a public meeting held under the auspices of the R.S.S. Sangh can be deemed to be the same as ~~taken~~ taking part in political agitation directed against the authority of Govt. or as having inculcated opinions tending to excite feelings of political disloyalty & disaffection among the ~~people~~ pupils. It does not appear that mere participation in a function organised by the R.S.S. Sangh can be brought within the ambit of rule 2(ii) of the Grant-in-aid Code nor does it appear that action can be taken under rules 98 and 99 of the M.E.R. Even if action is taken under the provisions of the Grant-in-aid code or of the M.E.R. it is not clear whether the matter can be sustained when it is taken to a Court of Law. So far ~~there is~~ threat of withholding grants under rule 2(ii) of the grant-in-aid had the effect of dissuading institutions from allowing the R.S.S. Sangh to hold its activities in the premises of the institutions. No lawful order of Govt. can, it appears, be issued prohibiting a member of the staff of a private college or of a school from associating themselves with R.S.S. sangh or similar bodies on pain of action under the Grant-in-Aid Code or ~~of~~ under the M.E.R. Perhaps the D.P.I. may be asked to issue a general circular to the managements of schools and colleges asking them to impress on the staff the desirability of not participating in the activities of ~~xxxxxxxxxx~~ communal bodies like R.S.S. Public (S.C.).

Previously seen in this Deptt. on pp. 3-5 ante. W.r.t. the note of C.S. on pp. 4-5 ante, the E. & P.H. Deptt. have cited the following provisions under which action can be taken against the managements of schools and colleges, or against the teachers & lecturers of schools and colleges, for participation in political activities:- . . .

pp. 5-6 ante

(a) Rule 2(ii) of the Grant-in -aid Code, under which grants can be withdrawn from the manager of an institution if he, or any teacher employed by him, takes part in political agitation directed against the authority of the Govt., or inculcates opinions tending to excite feelings of political disloyalty or disaffection among the pupils.

(b) Rule 98 of the M.E.R., which lays down that a college professor or lecturer or teacher in any school is liable to be punished for dereliction of duty, if he, by speeches or otherwise, seeks to mislead his students into activities herein deemed objectionable.

(c) Rule 99 of the M.E.R. which empowers the D.P.I. to withdraw ~~[illegible]~~ recognition from the offending school, or withdraw the Grant-in-aid, or withhold the privileges of competing for Govt. scholarships and of receiving Govt. scholarships.

2. However, E.P.H. consider that --

p. 6 ante

(a) mere participation in a function organised by the R.S.S. Sangh, as in this case, cannot be deemed to be the same as taking part in political agitation directed against the authority of the Govt., or as having inculcated opinions tending to excite feelings of political disloyalty and disaffection among the pupils, and that, therefore, rule 2(ii) of the Grant-in-aid Code is not attracted; action under Rules 98 and 99 of the M.E.R. is also not possible.

(b) Even if action is taken under any of the above provisions, it is doubtful if ~~[illegible]~~ it can be sustained in a court of law.

3. E.P.H. conclude that no lawful order of Govt. can be issued prohibiting a member of the staff of a private school or college from associating himself with the R.S.S. Sangh or similar bodies, on pain of action under the Grant-in-Aid Code or the ~~[illegible]~~

M.E.R. In these circumstances, and in view of what has been stated in the letter of the Principal of the Thiagaraja College on p. 7 c.f. and in the College Correspondent's forwarding letter on p. 5 c.f., E.P.H. consider that the needs of the present case will be met if the D.P.I. is requested--

(i) to advise the Principal not to participate in the activities of organizations like the R.S.S. Sangh; and | A

(ii) to issue a general circular to the managements of schools and colleges requesting them to impress upon the staff the desirability of not participating in the activities of communal bodies like the R.S.S. Sangh, whether their activities have any political aims or not. | B

4. While there may be no objection to proposal (i) above, the implementation of proposal (ii) does not seem to be desirable. ~~for the following reasons:~~ The issue of a general circular by the ~~(ii)~~ D.P.I. will mean that a large number of copies of the circular will have to be taken, and there is always the possibility of a copy falling into 'unauthorised hands', or of the information contained ~~therein~~ in the circular, leaking out through some source or other.

After orders are passed, the file may be returned to E. & P.H. Deptt.
