From
The Director of Public Instruction,
Madras.

The Secretary to Government,
Education Department.

R.C.11 SE/50 dated 28/4/50.

Sub: Social (Adult) Education - employment of teachers untrained
in adult literacy methods - sanction requested.

Ref: G.O.No..2204 dated 4/9/48.

With reference to the note under Rule 5 of the rules for recognition and aid to Adult Schools issued in G.O.No. 2204 dated 4/9/48 teachers without Adult Education teachers certificates may be employed for a period of 2 years from 1/6/48.

As the dearth of adult trained teachers still exists I request that Government may be pleased to extend the period by two more years from 1/6/50 to 31/5/52 during which teachers without adult education teachers' certificate could be employed.

I also suggest that the employment of the untrained teachers may be permitted after 31/5/50 subject to the condition that they agree to undergo Adult Education training at any time when ordered.

Yours faithfully,

In the circumstances
explained by the DEP, the Govt authorize

The Director should ensure

they come forward to open adult schools.

Steps should be taken by the
DEP to admit for training ^{these} untrained

to outsiders teachers if and when courses
of training are organized. Untrained

SUB: ADULT EDUCATION - Employment of teachers ^{untrained} in adult literacy methods.

REF: From the D.P.I., No. 11 SE/50, dated 28-4-50.

In G.O. No. 2204, Education, dated 4-11-48 the following qualifications have been prescribed for teachers in Adult Literacy schools:-

"(a) a certificate of having passed the III Form or the VIII standard Public Examination; and

(b) Adult Education Teachers' certificate, granted after a successful period of training at one of the recognised Centres."

Teachers without Adult Education Teachers' Certificate have, however, been permitted to be employed in adult literacy schools temporarily for a period of two years from 1-6-48. In 1948-49 and 1949-50 ^{with} 1240 teachers have been trained in Adult education whereas ~~provision~~ permission has been given for the opening of 1130 schools. Thus there are more ^{teachers} ~~than~~ trained in adult education than the number of schools for which the sanction has been given. It is not therefore clear why permission should be given to ~~untrained~~ in the employment of teacher not trained in adult education. This must be probably due to the fact that the teachers in adult education have not come forward to get themselves employed in adult literacy schools. If so ^{amount spent on the} the training of the teachers ^{has been} ~~is a waste~~ ^{a waste} of public money. The file may be sent to the D.P.I. u.o. for detailed remarks.

Sub: Adult Education - employment of teachers untrained in Adult Education methods.

Resubmitted.

Permission has so far been given for the opening of 1150 schools. Of these 1150 schools, 500 schools are exclusively to ~~the~~ attached to colleges, Secondary and Higher Elementary Schools. So there is a balance

of only 650 schools to be opened by teachers trained in Adult Literacy methods in places other than colleges, Secondary and Higher Elementary Schools. Government have been addressed to permit the utilisation of this provision for opening schools in other places. As many as 27 schools have been opened in the above institutions.

Teachers trained in adult education methods have not all of them come forward to get themselves employed in Adult Literacy schools for the following reasons:-

(i) Teachers were not trained in all Districts although as many as 1064 (552 in 48-49 and 512 in 1949-50) were trained in Adult Literacy methods so far they were not drawn from all Districts. Training in Adult Education methods has so far been given in only 16 out of the 28 Educational Districts. Naturally teachers trained in a District would not go out of the District for the sake of opening adult literacy schools.

(ii) The sanctioned number of adult literacy schools for a year had to be distributed equitably among all 28 Educational Districts. So untrained teachers had to be encouraged to open adult literacy schools in the remaining 12 Educational Districts. This naturally resulted in the denial of opportunities to many trained teachers as only a limited number of adult literacy schools were sanctioned.

Secondly it has to be stated that the non-insistence of the execution of a bond by candidates undergoing Training (vide Government Memorandum No. 31969-B2/48-3 Education dated 3-7-1948) has added to the number of trained people that did not open adult literacy schools.

Office of the D.P.I.

U.O.No.309 SE.2/50
4-6-1950.

In addition to the above reasons a third cause, also operated adversely in the matter. Teachers from Local Bodies were specially chosen for the training in the hope that Local Bodies would find their way to open adult literacy schools from their own funds and employ those trained teachers in them. Experience has shown that the Local Bodies are unwilling to open schools.

Special steps are being taken to facilitate the opening of adult schools by the remaining teachers trained in adult education methods so that the amount spent on training them may not go waste. This effort would be fully successful when the Government of India subvention is released for opening more schools.

A considerable number of untrained teachers have thus opened adult literacy schools with departmental recognition. Their number can be reduced by admitting for training these already running adult literacy schools in preference to others.

Until this process of training untrained teachers is completed it would be necessary to extend the period of employment of untrained teachers. As the period of employment of untrained teachers as laid down in G.O.No.2204 Edn.dated 4-9-1948 has lapsed with 31-5-1950 very early orders are requested.
