In the G.O. cited above, while sanctioning the conversion of the Governmentt
Higher Elementary school at Venkatapuram into a Middle school, Government
ordered the opening of Form IV from the begining of the scho^lol year of 1949-50
provided there was at least a strength of 10 pupils in Form IV.

Form IV was not opened in 1949-50, as the necessary strength could not be
secured. This academic year, it has become quite possible to open Form IV, with
a strength of 13 pupils, who passed out from Form III in the same school.
It is also possible to increase the strength by admitting more pupils in
Form IV, as some boys of this village and the neighbouring villages, have been
studying Forms III and IV elsewhere for want of facilities here. They are
likely to join this school if Form IV is opened this year.

I request therefore that orders may be communicated by wire to me and the
Head Master Venkatapuram, as it has already been sanctioned last year.

It is necessary to appoint the following additional staff immediately
to meet the needs of the school, on opening Form IV.

1. A trained graduate.
2. A Secondary grade Teacher.

There are only two secondary grade teachers working at present and 3 Secondary grade teachers are necessary for the 3 lower forms.

3. A laboratory attender.

There is no need for appointing one of the assistants as Head Master for the lower secondary department as the strength of the whole school is below 60 and the No. of sections is only four.

I request urgent orders sanctioning the additional staff, so that the High school may start functioning promptly from the beginning of the academic year.

Since it is reported that a strength of 134 pupils can be secured if Form IV is opened in the current school year in the Government Middle school Venkatapuram the agent may be permitted to open Form IV. Sanction may also be accorded for the employment of trained Graduate for Form IV.
2/- The employment of an additional secondary Grade teacher is not necessary as the school will only be an incomplete secondary school and as the Headmaster should be treated as a class teacher. The employment of a laboratory peon may be considered at the time of opening Form V in June 1951.

Yours faithfully,
