and estimates.

The approval of plans relating to the construction of buildings
for educational institutions is governed by rule 304 of the Municipal
Account Code. The plans and estimates relating to these works
are approved by the Director in consultation with the Joint Consti-
tuting Architect to Government. The Commissioner, Virudhunagar Muni-
cipality now ~~requests~~ requests Director's approval with refer-
ence to paragraph 5 (b) of the instructions issued in G.O.No.114
L.A. dated 20-4-1944 for the tender documents relating to the invi-
tation of sealed tenders for the construction of a secondary school
building the plans and estimates of which have been approved by the
Director. Kindly let me know whether the instructions in the above
G.O. are applicable to construction of buildings for educational
institutions. So far no local body appears to have applied to the
Director of Public Instruction for the approval of the tender notice

Re.No. 1858 G4/49 dated 29-3-50.

Sir,

Sub: Municipal Council, Virudunagar - Construction of
a building - Approval of tender document.

Ref: Govt. Memo. No.4810 B1/50-4 Education dated 25-1-50.

In the above Memorandum Government informed the Director that as he is the competent authority to approve the plans and estimates for the construction of buildings for secondary schools under local bodies, he should approve the tender notices for such works according to the instructions contained in para 5 of G.O.No.114 L.A. dated 20-1-1944.

Since the approval of plans and estimates is done in consultation with the Joint Consulting Architect to Government the papers were sent to him U.O. for remarks. The Joint Consulting Architect is of the opinion that as the issue of tender notices has to be approved by the ~~authority~~ authority according technical sanction under para 4 of G.O.No.114 L.A. dated 20-1-1944 and as the Director of Public Instruction is not mentioned in the list of authorities specified below para 4 the question of according approval to tender documents cannot arise, and he has suggested that the exact position should be got clarified.

Hence I am addressing the Government again in the matter.

Yours faithfully,

J. O. Senthil

for Director of Public Instruction

Office of the Chief Engineer, P.W.D.,
(Buildings)

Note (5) of para 2 of Appendix to G.O.No.2216 L.A. dated 11-10-44 says that the existing instructions in article 304-AA of the Municipal Account code will apply in respect of approval to plans and estimates for educational buildings. The article 304-AA (extract) of the Municipal Account Code reads as follows:-

"Plans and estimates for educational buildings which do not conform to the standard designs and those for works costing more than Rs.50,000/- should be scrutinised in the educational branch of the Chief Engineer's Office. Other plans and estimates for grant-in-aid works costing Rs-50,000/- or less may be disposed of by the Director of Public Instruction himself if they conform to the standard designs issued by the P.+W.D., the educational branch of the Chief Engineer's Office being consulted if he deems necessary in any particular case."

It is presumed that the approval given by the Director of Public Instruction under this rule is only an administrative approval and does not amount to technical sanction. Technical sanction to estimates can only be given in the P.+W.D. or by officers of the P.W.D. vide para 99

para 99 of the Madras P.W.+D.Code. If this view is accepted, the estimates after being approved by the D.P.I. should in the case of Municipalities, be given technical sanction by competent authorities as laid down in the G.O. quoted above. If so, the tender notice should also be dealt with by the officer giving such technical sanction. The reply given to the D.P.I. may be modified accordingly.

Extract on p2 ante
Rule 304A of Ml. Account code. According to the existing orders, the plans and estimates relating to the construction of buildings for the Secondary Schools under local bodies, are approved by the Director of Public Instruction in consultation with the Joint Consulting Architect to Govt. A question has been raised whether the approval of the DPQ is necessary for the tender documents relating to the invitation of sealed tenders for the construction of a secondary school buildings. According to the instructions contained in para 5(b) of G.O. 114 L.A. d. 20.1.44, the approval of the authority which awards technical sanction to the estimates should be obtained for the tender notice. In respect of educational buildings, since the DPQ is the authority for competent person for the approval of the plans & estimates, it was held that a report that the DPQ should also approve the

(E) p2

p816

p816

The Joint Consulting Architect to Govt with whose consultation the plans and estimates are approved by the DPQ, states that the tender notices should be approved by the authority according technical sanction under para 4 of G.O. 114 L.A. d. 20.1.44 and the DPQ is not mentioned in the list of authorities specified in para 4 of the G.O. cited above. Hence he is of the view that the DPQ is not competent to approve the tender notices.

The remarks of the C.E., P.W.D (Buildings) on pp 2-3 ante may be perused. It is stated that according to the P.W.D. code, only officers of the P.W.D. can give technical sanction to estimates for buildings including educational and that the approval given by the DPQ under rule 304 AA of the ml. Account code is only an administrative approval and does not amount to technical sanction. It is intended that the estimates for educational buildings after being approved by the DPQ, should be given technical sanction by the authorities mentioned in para 4 of G.O. 114 L.A. d. 20.1.44. and in that case the tender notices also should be dealt with by the officer giving technical sanction.

For orders whether the view of the C.E. may be accepted. L.A. may see for remarks.

L.A. DEPT (H)

Previous L.A. note on p 1 ante.

The remarks of the A.C.E. (Buildings) on pp 2-3 ante and the note of Edu Dept on pp 3-5 above may be perused.

The point for consideration is whether the sanction now being given by the D.P.I. to the plans and estimates for school buildings is technical sanction or administrative sanction.

The A.C.E. (Buildings) presumes that the sanction given by the D.P.I. is only administrative sanction. In this view the A.C.E. holds that the estimates after being approved by the D.P.I. should be given technical sanction by competent authorities as laid down in G.O. No. 2216 Dtd 11.10.44.

The Edu Dept states that the D.P.I. cannot be the authority giving "technical" sanction and accepts the views of A.C.E. (Buildings). In the circumstances stated this Dept also may accept the views of the A.C.E. (Buildings) that the tender notice should be dealt with by the officer giving such technical sanction.
