Sir, No Rc 73 N/50 dt 7th June 1950

Subject:-

Subject Libraries- Temporary posts of librarians- Conti-
nuance- Sanction- Request of.

p3946 (M)

Under orders of Government, in G.O. No. 1824 Edu-
cation and Public Health dated 22-7-1945, to supply the
Local Library Authorities in the districts with qualified
librarians on the introduction of the provisions of the
Madras Public Libraries Act with Rules, two temporary lib-
rarians were trained at Delhi University during the year
1948-49. As the Local Library Authorities had not come
to exist, the two persons could not have been absorbed by
them soon after their emergence from the training. In order
that they may not get scattered anywhere and not found
readily available when actually needed, providing them
with work in my department, I applied to Government for
sanction to continue them in temporary service for a year
more from the date of expiry of service of the period already
granted to them (please-vide- my letter to Government R.C.
608-Jn/48 dated 5-7-1949) explaining it to Government that
in the meantime if they were wanted for appointment by the
Local Library Authorities they would be relieved for the
purpose forthwith. Government were pleased to accord sanc-
tion to continue them in service for a year more from
22-7-1949 (please-vide- G.O. 2434 Education dated 29-7-1949).

p57 (M)

2. Subsequently, in pursuance of the same plan
of action as of last year, four temporary librarians were
selected and sent for training to Madras University during
the year 1949-50. These four persons have completed their

training and are back to my department. They have been suitably provided with work with the sanction of Government (please see Government Memo 8301-50-E-2 Education dated 16-5-50). pp 3-4 of (A)

3. The temporary extended period of service of the first batch of the two persons referred to in para 1 will expire on 21-7-1950, while of the second batch the temporary service of a year will expire on 17-7-1950. The Government in their Memo dated 16-5-50 referred to in para 2 above, according their sanction for the allotment of work for the second batch of four persons from the date of emergence from their period of training at the Madras University until the date of expiry of their period of appointment of one year which falls on 17-7-1950, have also expressed it that if I proposed to continue them in service later than that date, I should go up to them for sanction. Accordingly, I place before them the following facts for the continuance in service for one more year of all the six persons (two of the first batch and four of the second) for a temporary period of a year more continuing them to do service in the places, where they are respectively now serving, with the sanction of Government.

4. The formation of the Local Library Authorities is in sight and yet not too near. It is hoped they will begin to function very soon. Soon after, the collection of cess will begin and money will flow into the Local Library Authorities' account. They are bound to take up the appointment of qualified librarians. The availability of such librarians, trained at Government cost, the District Educational Officers of the districts who are ex-officio Secretaries to the Local Library Authorities, have already been apprised of. When the demands for the trained personnel come up these persons will be forthwith relieved for the purpose. Until then, as a precautionary measure I consider it most expedient to keep them in service in the Education Department, as otherwise, to earn a living they may get scattered and may not readily be available when demand arises. Having spent so much money towards the cost of

of their training it seems to be most appropriate to continue them in service under Government for a temporary period of one year, so that they may be made readily available to the Local Library Authorities at the time of demand. One year will indeed be too long a period to keep them under Government-and there will be no need for it-but I am suggesting this merely as a precautionary measure. It is very likely within a few months they will be taken over by the Local Library Authorities.

5. In view of the facts stated above I request the Government will be pleased to accord sanction for the continuance in service of the six temporary librarians details of whom are given above from the dates on which their temporary periods of service respectively, expire.

Yours faithfully,

R. Janardhanam

LIBRARIES - Temporary posts of Librarians - Continuance - Proposals.

From the D.P.I., No. R.C. 73 N/50 dated 7-6-50.

The Madras Public Libraries Act was passed in 1948 and as several libraries will have to be opened ~~under~~ in District and taluk centres for the expansion of library service throughout the State, the Govt. considers that there should be sufficient trained hands for library work to man the libraries proposed to be established under the Act.

2. With this object in view the Govt. sanctioned in G.O. No. 1824, Edn., dated 23-7-48 the deputation of two candidates for training in Delhi for a period of one year. Two tempy. posts of librarians on a pay of Rs. 75-5-145 were created for a year for the purpose.

3. In G.O. No. 2062, Edn., dated 27-6-49, the Govt. deputed 4 candidates for training in the diploma course in library science in the Madras University. Four temporary posts of librarians on Rs. 75-5-145 were also sanctioned for a period of one year for the purpose (G.O. No. 2337, Edn., dated 19-7-49).

4. The candidates deputed for library training have all completed the course and are awaiting absorption in libraries to be established under the Act. The services of these librarians are intended to be utilised by the local library authorities in ^{connection with} ~~continuation of~~ the opening of new libraries under the Act. As Local Library Authorities have yet to be constituted it will ^{take time} ~~normally~~ take time. Meanwhile the D.P.I. has given alternative work for them with the approval of Govt. as follows:-

Trained at Delhi.

- 1) Working in the Library at the office of the D.P.I. as well as assisting the Spl. Officer for Libraries;
- 2) Working in Library attached to the Presidency College, Madras.

Trained at Madras.

- 3) To assist the Librarian in the Presidency College, Madras

- 5) (Lent to) Chintadripet High School, Madras; and
- 6) Retained in D.P.I.'s office to render service in connection with Children's Library.

The temporary period of their service will expire by 21.2. The D.P.I. states that the Local Library Authorities will soon begin to function and as soon as they begin to levy the library cess, they will take up the appointment of qualified librarians. In the ~~circumstances~~ ^{He considers} the D.P.I. considers that their services should be ~~continued~~ ^{continued until then}

continued for a temporary period of one year so that they may be made readily available to the Local Library Authorities at the time of demand. For orders whether the tempy. post, of six librarians may be continued for a period of one year from the date, on which their tempy. period, of service respectively expires. The Director explains that he has suggested the employment of these six trained men for one year only as a precautionary measure - This period will actually become shorter if the necessary steps for the Constitution of the Local Library Authorities are taken quickly - So far as the Madras City is concerned, the proposals for the Constitution of this body are complete. The consent of the Non-official members to be nominated by the Govt. has been asked for & as soon as this is received orders will issue - As regards the Mufassal, the D.P.I. it is understood is taking all steps necessary to expedite the formation of these bodies - So it may be assumed that by the 1st October next, the Authorities will have been

Finance (E III)

The reference from the D.P.I on pp.1-3 c.f. and the notes on pp.1-3 above may be perused. In the circumstances stated in para 4 on pp.2-3 c.f., Finance may agree to the proposals of Education to continue the temporary posts of librarians subject to the following remarks.

It is stated by Education that by 1-10-50, the authorities for the local libraries will have been formed in almost all, if not all, the districts. It will, therefore, be possible that soon after 1-10-50, i.e. before 31-12-50, it will be possible for the local libraries to appoint their librarians. In the meanwhile, it seems sufficient if the posts are continued till 31-12-50 or till the need for the posts ceases whichever is earlier.

With the above remarks, the case may be returned to Education.
