Please see the draft order on p.1 above.

From the statistics furnished on p.1 c.f.,

it may be seen that the daily average number of currents

469274

per clerk ranges from 5.4 currents to 6.3 currents during the years 1947 to 1949, which is far below the usual standard of currents followed in other cases,

In the circumstances, it seems sufficient if the post is continued for a further period till 31-3-51. The D.P.I may be asked to furnish statistics of currents for the period from 1-1-50 to the end of February '51 if the continuance of this post beyond 31st March '51 is considered necessary.

Subject to the above remarks, the draft order on p.1 above may be accepted.
