R.C. No. 389 C.1/50, Dated /4th April, 1950.

Sir,

Subject:- Deputation of Sri L. Bullayya for training
Library System abroad - Attendance at the
UNESCO Seminar to be held at Malmö, Sweden
Permission - Soliciting.

Reference:- G.O. Ms. 500 Education, dated 16-2-1950

pp.3-7. infra I understand from a Circular dated 3-2-1950 issued by
the United Nations Educational, Scientific and Cultural Organi-
zation (UNESCO), Paris, that a SEMINAR on the Role of Librarians
in Adult Education is to be held at Malmö, Sweden, between
July and 19th August 1950. I consider that it would be
considerable advantage to Sri L. Bullayya who has now left
the United Kingdom for training in Librarianship, if he could
be enabled to attend the Seminar. Though the purpose of the
Seminar has ostensibly to do with Adult Education it is pri-
marily connected with Library Organization and the experience
gained should prove helpful to Sri Bullayya.

Lat p.6 infra 2. According to the tentative programme arranged for
Sri L. Bullayya completes attending the course of lectures at
the Scottish School of Librarianship of the St. Andrews Uni-
versity on the 8th July 1950. Subsequent to that he is
studying the Systems of Library Service in the United Kingdom.
He can make it convenient for him to attend the Seminar
the 24th of July and 19th of August 1950. Under the
"Financial Arrangements" it is stated in the Circular
to above, that the UNESCO will provide room and board for
participants from Unesco Member States, and that Govern-
ments of participating States are expected to arrange for travel

turn and for incidental expenses of seminar members
ed. If Sri L. Bullayya is selected, he will have to
only the travelling expenses for which provision has
made under 'Study tours' in G.O. Ms. No. 500 Edn.,
d 16-2-1950. I, therefore, request that the Govern-
may be pleased to permit Sri L. Bullayya to attend
Seminar to be held at Malmö in Sweden, between 24th
and 19th August 1950, if he is selected, and also
ove the necessary expenditure in connection with his
attendance at the above Seminar.

3. As full particulars about each participant selected
reach the Unesco, Paris by 1st May 1950, I am address-
g the UNESCO authorities to reserve a seat for Sri L. Bullayya.
eover, the number of participants from each country is limit-
to three and if Sri L. Bullayya is to be selected prompt
ion is necessary. I, therefore, request that my action
addressing the Unesco Authorities to reserve a seat for
L. Bullayya, in anticipation of Government sanction, may
ndly be approved.

4. I solicit the favour of urgent orders:

Yours faithfully,

SEMINAR

ON THE ROLE OF LIBRARIES IN ADULT EDUCATION
Malmö, Sweden - 24 July - 19 August 1950.

In recent years great advances have been made in many countries
in extending the contribution of libraries to adult education. New
techniques of library service and new means of co-operation with adult
education agencies and social groups are being developed, and in some
places interesting experiments are being made in bringing suitable
library service to adults who have just learned to read. The poten-
tialities of libraries are enormous in a complex world where continuing
education is urgently needed by millions of adults. This is particularly
the case with public libraries and other libraries serving the
general reader.

PURPOSE OF THE SEMINAR

To study and discuss library adult education techniques, methods
policies and programmes with a view to stimulating the development
library educational services in all Member States.

TIME AND PLACE

The Seminar will be held 24 July - 19 August 1950, in Malmö,
Sweden, where there are excellent opportunities for the practical
study of library adult education activities. Copenhagen, with its
varied educational resources, is only a short ferry-strip away. (Par-
ticipants should arrive in Malmö 22 or 23 July to be ready to begin
24 July).

PARTICIPATION

The Seminar will be limited to 50 participants. Selection will
made by Unesco National Commissions or National Co-operating Bod-
Ministries (or Federal Offices) of Education, in co-operation with
National library associations.

Participants should be professional librarians, preferably leaders in library work with a special responsibility for, or interest in, adult education.

The number of participants from each country will probably be limited to three; however, additional names may be submitted provisionally for possible acceptance if the total quota of 50 is not filled.

The following information on each participant selected should be sent to the Libraries Division of Unesco, 19 avenue Kleber, Paris (16^e), by 1 May 1950; name, address, official position, sex and official seminar language spoken (French, English or both).

THE GENERAL PLAN OF THE SEMINAR'S WORK.

The Seminar will be organized on the discussion group method although as far as the topics and local opportunities allow, there will be demonstrations and visits at which techniques may be studied in practice.

The first two or three days will be devoted to general sessions for discussion of such matters as the definition of "adult education" in relation to the seminar work plan, of the psychology of adult learning and other subjects having a general bearing on the subsequent discussions. A basic document to assist the seminar in its definition of adult education will be the Summary Report of the International Conference on Adult Education, which was convened by Unesco in Denmark in June, 1949.

After the general sessions the seminar will divide into three (or possibly four) discussion groups, each of which will work intensively on one subject for about three weeks. From time to time general sessions, or joint sessions between groups, may be arranged. At the end, further general sessions will be held to acquaint all participants with the work of all the groups and to formulate a general statement of the seminar's conclusions.

SEMINAR

ON THE ROLE OF LIBRARIES IN ADULT EDUCATION
Malmö, Sweden - 24 July - 19 August 1950

In recent years great advances have been made in many countries in extending the contribution of libraries to adult education. New techniques of library service and new means of co-operation with education agencies and social groups are being developed, and in places interesting experiments are being made in bringing suitable library service to adults who have just learned to read. The potentialities of libraries are enormous in a complex world where constant education is urgently needed by millions of adults. This is particularly the case with public libraries and other libraries serving the general reader.

PURPOSE OF THE SEMINAR

To study and discuss library adult education techniques, methods and programmes with a view to stimulating the development of library educational services in all Member States.

TIME AND PLACE

The Seminar will be held 24 July - 19 August 1950, in Malmö, Sweden, where there are excellent opportunities for the practical study of library adult education activities. Copenhagen, with its varied educational resources, is only a short ferry-ride away. Participants should arrive in Malmö 22 or 23 July to be ready to start on 24 July.

PARTICIPATION

The Seminar will be limited to 50 participants, selected by Unesco National Commissions or National Co-operating Ministries (or Federal Offices) of Education, in co-operation with National Library Associations.

English and French will be the official languages of the seminar. All participants must be capable of carrying on discussion in these languages. Interpreters will be provided for all necessary cases.

THE SUBJECTS OF DISCUSSION

The subjects provisionally suggested for discussion are given below. Details of the distribution of these subjects among the discussion groups and a more detailed break-down will be published as soon as possible, and, when these have been settled, working papers will be prepared for each group and sent to all participants before the seminar opens.

A. General questions of the library's adult education programme.

Under this head are included broad aspects of the subject; mainly the form and extent of library adult education services and ways of making them fully effective. Subsidiary topics would include such questions as the relation of the library programme to community needs, the selection of topics of current interest which can be made the subject of special activities; the methods of co-operation with adult education agencies, and with school teachers who can help to prepare children for adult reading, with the local radio and press, with clubs, trade unions, etc. the nature and organization of services for groups and for individuals, and the means and methods of publicizing the library's adult education programme.

B. Audio-visual materials and techniques in library adult education.

A considerable part of this group's time will be given to study of the techniques which many libraries use in their adult education programmes; the organization and operation of library film services and the use of films in adult education; the use of records in the library educational programme; the uses libraries can make of radio; how to organize and conduct discussion groups, etc. Workshop methods will be used wherever possible.

C. Establishment of library service as an aid to adult education in undeveloped regions.

Under this heading are included topics intended chiefly to help participants from places where the immediate need is to start new libraries and expand the services of the existing ones. Special emphasis could be given to the nature and organization of library service for newly literate adults and for other readers who have not at their disposal a good library service to provide them with educational reading facilities.

The discussions will review the problems of creating such library services; the development of extension services; the library in the literacy campaign; the provision of easy-to-read books for adults; the use of audio-visual materials and techniques that will help libraries in these areas to develop their work.

MATERIALS TO BE PROVIDED BY PARTICIPANTS.

Each national delegation should prepare and bring to the seminar three copies of a paper describing the adult education work now done by libraries in their country. Suggested length is 2,000 words, though the paper may be shorter if the subject can be covered adequately in less. The document should be typed in French or English. (Papers have already been prepared for Denmark, the United Kingdom and the United States of America and will appear in Adult Education Activities for Public Libraries, a Unesco publication).

National delegations are also asked to bring or send to the seminar publications and small exhibits on library adult education activities in their countries. This material should be shipped to Miss Ingeborg Heintze, Director, Stadsbibliotek, Malmö. A brief description of material sent should be forwarded to the Libraries Division of Unesco.

FINANCIAL ARRANGEMENTS

Unesco will provide room and board for participants from Unesco Member States. Governments of participating States are expected to arrange for travel to Malmö and return and for incident expenses of seminar members selected.

OBSERVERS:

Selected international organizations working in the field of adult education may be invited to send observers to the seminar.

FOLLOW-UP

By Participants.

It is hoped that Governments will assist participants in making known in their own countries the results of the seminar, help them organize national library seminars and encourage the development of adult education work in their libraries.

By Unesco.

1. Unesco will assist in the publication in library journals, etc. of selected materials produced by the seminar.
2. Unesco will help participants in working out their own adult education programmes after return to their countries, through the provision of relevant materials and guidance as required.
3. Unesco will continue to promote development of library adult education work through projects authorized by the Unesco General Conference.

FOR FURTHER INFORMATION.

Librarians who may wish to attend the school should immediately get in touch with their Unesco National Commission or Co-operating Body, Ministry (or Federal Office) of Education, or national library association.

of Libraries in Adult Education, Malmö,
Sweden - 24th July - 19th August - 1950.

Your kind attention is invited to the reference
cited above, the Circular quoted, which reached my Office
only about a week ago. I am addressing this letter on
behalf of the Government of the State of Madras to request
you to kindly reserve one seat for the nominee of this
State, particulars of whom are furnished below. This
nominee (Mr. L. Bullayya, B.A.(Hons.), B.Ed.) has been
sent on deputation by the Government of Madras State to
study the working of the Systems of Library Service in
the United Kingdom. According to the programme arranged
for him he completes on the 8th July 1950 his attendance
at the Scottish School of Librarianship, St. Andrews Uni-
versity whose course of lectures for this year comes to
an end on that date. He will, therefore, be quite able
to attend the UNESCO Seminar at Sweden referred to above,

Sir,

Unesco Seminar on role of libraries in adult
edn. to be held in Sweden - Deputation of
a Madras officer as delegate.

--

Sri L.Bullayya, a D.E.O. in the M.E.S.,
is now studying the systems of library service in the
United Kingdom, having been deputed to that country for
the purpose by this Govt. The Govt. desire that
he shd. attend the seminar on the role of libraries in
adult education, to be held by the Unesco at Malmo in
Sweden in July-August next. Details about the seminar
are given in the Unesco circular No.LBA/Sem.2/1, d/-
3-2-50. The no. of participants in the seminar from
each country is ordinarily to be limited to three.
The selection of the participants of this country,
it is believed, is made by the G. of I. in the Ministry
of Edn. The experience at the Seminar will prove
greatly helpful to Sri Bullayya in the organization
of the library and adult education service in this
State on his return from abroad. I am therefore to
request that the G. of I. will kindly select him
as one of the participants from this country and send intimation according
to the Unesco. Copy of a letter by the D.P.I., Madras,
to that organization on the subject is enclosed for
information.

I am to add that ~~this~~ this Govt. will
bear the expenses of Sri Bullayya's travel from
U.K. to Malmo and back to U.K. and also his incidental
expenses.

facts given below may be kindly communicated to the Ministry of
Education, Government of India.

2. The UNESCO notice of Sweden Seminar, from Paris, dated
3rd February 1950 came to this office early in April 1950 with
the proviso that the name of the selected participant should be
sent to the Libraries Division of UNESCO, Paris, by 1st May 1950.
It was possible to take action on this notice only after 6th
April 1950 and there was only a period of three weeks' time
before which the local Government had to be requested to support
the candidate of this Department, and if they approved of it,
they in turn had to transmit the name to the Central Government,

2/ before the UNESCO, Paris, for selection for the Seminar, from this country. Obviously, there was not enough time for this purpose to achieve a definite decision unless expeditious steps were taken.

3. The Head of the Libraries Department of the UNESCO, Mr. Peterson, was directly corresponding with me and in a letter (please vide enclosure 1) from him he wrote at the end, "We wish you the best of luck in building up your public libraries, and if we can help with additional instruction of any sort, please let us know." Because of this chance of service extended by Mr. Peterson, he was addressed to interest himself in the selection of Sri L. Bullayya for the Seminar, explaining to him how such a training for Mr. Bullayya will be very helpful for the spread of Library service for adults in this State. Even when Mr. Peterson was written to on this subject (Enclosure 2) it was made very clear to him that he was being approached indirectly and that the main approach will be from the Government of India which fact Mr. Peterson had noted and even specifically referred to it in his reply (Enclosure 3) to me. p. 15 info

4. In order that there may be no misunderstanding on the subject I clearly explained it to the State Government in my letter R.C. No. 389 C.1/50, dated 14th April 1950 why I had to write to the UNESCO on this subject. The Statement Government realising the need for the prompt action taken by me approved of the steps taken by me in addressing the UNESCO in their letter Ref. No. 6987 A.2 Education, dated 11th May 1950 from the Government of Madras to the Secretary, Government of India, Ministry of Education, copy to the Director of Public Instruction. p. 15-16 info

5. From the facts stated above it can be clearly seen that if Mr. Peterson of the UNESCO had not, on his own initiative, very kindly addressed me a letter offering me his help at any time, I would have had no chance whatever to address him or the UNESCO on this subject to prepare the ground for the selection

3. selection of Mr. Bullayya before the request reached them from the Government of India. I, therefore, feel, for the reasons stated above, that in addressing Mr. Peterson of the UNESCO I have not committed any breach of decorum or propriety.

Yours faithfully,

S. R. Srinivasan
DIRECTOR OF PUBLIC INSTRUCTION.

Copy of letter from E.N. Petersen, Head, Public Libraries,
United Nations Educational Scientific and Cultural Organisation,
19 Avenue Kleber, Paris 16 to the Director of Public Instruction,
Madras, No. LED/139756 dated 12 January 1950.

One of our colleagues has called to our attention a paragraph in a recent letter from you about the organisation of a children's library in Madras. Your idea of building up a small collection of foreign children's books to stimulate publication of similar books in your country seems an excellent one. I am sure that the library associations in various countries would be glad to send you selected lists of such publications for ordering. I am enclosing a copy of one such list compiled by the American Library Association.

As you may know, Unesco, in cooperation with the Indian Government, will establish a public library pilot project in Delhi during 1950. Service for children will be included. When I was in Delhi about six weeks ago, I discussed the question of the availability of suitable literature for children in the local languages, and learned that few suitable books for children exist. Apparently the situation is the same in Madras. Since my return I have made a preliminary enquiry to see if it is possible to borrow plates for illustrations from foreign publishers, to get permission to translate, etc... If it is found that this sort of cooperation is possible, it will no doubt take time to work out definite arrangements, but once they are made, I should think it would be practicable to have Madras, as well as Delhi, benefit. I shall keep you informed of developments.

I am pleased to send you under separate cover copies of several of our publications: The Public Library, A Living Force for Popular Education (leaflet and poster) and a book, Education for Librarianship. Other books in the series, to be issued soon, are: Public Library Extension and Adult Education Activities for Public Libraries. We shall be glad to send you copies of both. Additional copies of the leaflet and poster may be obtained from the Indian National Commission for Co-operation with Unesco, Ministry of Education, New Delhi.

We have read the Madras Public Library Act, which seems very good indeed. We wish you the best of luck in building up your public libraries, and if we can help with additional information of any sort, please let us know.

Subject:- UNESCO- Seminar to be held in Sweden between 24th July and 19th August 1950.

Please refer to your letter to me No. LED/139756, Paris, dated 12th January 1950 and to my reply to it. In pursuance of the aim to establish well-planned libraries in Madras State which are also to serve an effective aid for the proper spread of Adult Education, Government have deputed one of my Officers (Mr. L. Bullayya, B.A. (Hons. B.Ed.) to study the systems of different kinds of Library Service in the United Kingdom for a period of some months. He is now on his way to the United Kingdom and will be there in about the 3rd week of this month to start and carry out the programme of work chalked out for him.

A UNESCO* Communique is just to hand giving details of information of a SEMINAR that will be held at Malmo in SWEDEN under its auspices between 24th July and 19th August 1950. It will prove so helpful to this State if the aforesaid Officer (Mr. L. Bullayya) who will be in the United Kingdom till about the middle of September 1950, is given an opportunity to participate in the above Seminar. I, therefore, request you to kindly arrange to secure a seat to this candidate for which this State will ever remain indebted to you. Thanking you very much. On receipt of your kind reply I shall forthwith make the necessary arrangement for the candidate to join the Seminar in time.

The circular at pp.3-7 C.F. gives details at the seminar. The no. of participants in the seminar from each country will be limited to three and the selection of the participants shd. be made by the Unesco National Commission or the Ministry of Education.

2. The D.P.I. has proposed that Sri L. Bullayya, a D.E.O. in the M.E.S., who is now in U.K., study the systems of library service, having been deputed for the country for the purpose by the Govt., may be allowed to attend the seminar. As the officer is already in U.K. and as the Dir. says that the expce. gained at the seminar will prove helpful to him to work efficiently the Library and Adult Education Services in this State on his return from abroad, the proposal may be accepted and the G. of I., Ministry of Edn., moved to support the candidature of Sri L. Bullayya. On the expe. on the officer's travel from U.K. to Sweden and back to U.K. and his incidental expenses have to be met by this Govt. This, the Dir. says, may be debited against the provision of Rs.650 already made for 'study tours' in the order sanctioning Sri Bullayya's trg. in U.K.

3. In anticipation of Govt. sanction and the G. of I.'s support, the D.P.I. has sent particulars of Sri Bullayya to the Unesco, as the particulars shd. reach Paris by 1-5-50, and has asked the organization to reserve a seat. No objn. need be taken to this.

The proposal of the D.P.I. at A on
- is to deputise Sri Bullayya, as
- going training in U.K., to attend the
Unesco Seminar to be held at Malmo (Sweden)
bet. 24.7.50 and 19.8.1950, - may be
accepted in Fin. The extra cost to this
Govt will be on account of payment of
C.A. to the officer from U.K. to Malmo
and back, which is not likely to be
considerable - Cf. P. imp 6 of

From the G. of I., Ministry of Edn., d/- 15-5-50. CF. 11
The G. of I. have nominated Sri Bullayya as
second delegate to the Unesco Seminar on the
Adult Education. But they point out
that this is not have the
instruction.

From the D.P.I., No. 389-Cl/50, d/- 13-6-50.

The G. of I.'s remark about the D.P.I. address
the Unesco direct having been commd. to the Dir., he
nowritten explaining the special reasons which justify
his action in this case and saying that he has not
any breach of decorum or impropriety. His intention
appears to be that this Govt. shd. take up the matter with
the G. of I. This does not seem neccy. The G. of I.'s
endt. at p. 11 C.F. shd. be taken to offer a piece of
general instruction in the interests of all concerned,
and there is nothing serious about it. No correspondence
on this account need, it seems, be started. For orders.

This image shows a blank, aged, cream-colored page, likely an endpaper or flyleaf of a book. The paper has a slightly textured appearance with some minor discoloration and a small dark spot near the top center. Faint horizontal lines are visible near the bottom edge, possibly indicating the binding or the edge of the page.
