From
Sri N. V. Kudva,
Junior Instructor in Tele-Communications,
College of Engineering,
GUINDY.

To
The Secretary to Government,
Education Department,
Fort St. George.

Through the Principal,
College of Engineering, Guindy,

and

Through the Director of Public Instruction,
MADRAS.

Dear Sir,

I have now been an Instructor in the College of Engineering, Guindy, for about 4½ months. I feel that temperamentally, I am not suited for teaching, and that I could do very much better if I can take up executive work. In the circumstances, I shall be very grateful if the Government will kindly release me from my present responsibilities, and permit me to take up any suitable appointment in the Executive line.

Yours faithfully,

N. V. Kudva

Vide hyacinth remarks

(Kudva's letter)

Prs of T-Communications Dept. in charge

23/3/50

Communication Engineering Department
Dated 20th March 1950.

From

N.V.Kudva, B.E.
Junior Instructor in Telecommunication Engineering,

To

The Professor of Telecommunication Engineering
College of Engineering, Guindy.

Sir,

Sub: My application for relief from the T.C. Department.

I beg to state that my application is for relief ~~from~~ from the Education Department. I request that it may be forwarded immediately so that I may obtain orders from the Government ~~at~~ as early as possible.

Yours faithfully

N.V. Kudva

Junior Instructor in Telecommunication
Engineering.

Submitted to the Principal,

Sub: Application of Sri N.V. Kudva, J.I.T.C. for relief from his duties from the Educational Department.

As required I am herewith offering my remarks:

1. This new Department has ever since its inception been working with the handicap that, it has not had ~~for~~ the full complement of staff and it was with great difficulty that, it was possible to fill the three out of the four posts. The difficulty of getting new and suitably qualified staff still persists. Under the circumstance relieving a member of staff of this department without a substitute cannot be recommended.

2. In this connection it may be brought to the Principal's notice that, last year there was a tendency among the students not to seek for admission to the T.C. Department even though when Telecommunication Engineering students, when they pass out do not find ^{a comparatively with} not only any difficulty in securing jobs, but they start with a better scale of pay. ~~xxx~~ This in my opinion is due the apprehension among them that without sufficient staff they have the handicap of receiving insufficient instruction and consequently they may find it difficult to secure a pass.

3. The applicant has stated that he is not temperamentally fitted for teaching work. However this may be, it is certainly true that he possesses two handicaps for a teacher, viz., that he stammers somewhat and he speaks very fast so that students have difficulty in following him. Whether these handicaps are sufficient to disqualify him ^{permanently} for the Educational Department it is too early to say, for he has been here for only 4½ months.

4. It was not clear from his application whether he wanted relief from the Education Department or from Government Service, and therefore he was asked to clarify the matter.. His reply that relief is wanted from the Educational Department is herewith enclosed.

(1) One application
(2) One envelope with J.I.T.C.

K. S. Srinivasan
PTCE W-3

Dear Sir,

I am enclosing herewith an application from Sri N.V. Kuduva, Junior Instructor in Telecommunication Engineering College of Engineering, Guindy, and the remarks of Dr. K. Sukumaran, Professor of Electrical Engineering. Mr. Kuduva requires relief from the Educational Department in order to better his prospects. He feels that temperamentally and otherwise he is not quite suited for a teaching job. As this is a very important matter in which a fair decision has to be arrived at I give below my remarks with specific reference to the letter of the Professor of Electrical Engineering.

It is true that Mr. Kuduva is not quite suited for lecturing purposes as he has got a slight impediment ~~in~~ in his speech. In addition, as pointed out by the Professor, he speaks very fast so that the students have difficulty in following his lectures. He may, with experience, come down to a rate of speaking when students can follow him. But whether he can overcome his stammering is very doubtful. This is a serious disqualification.

With reference to paragraph 1 of the Professor's remarks I do not agree that there is difficulty in getting suitably qualified persons as members of staff. There are overseas scholars who have been trained in this special branch available for employment. There are also officers in the All India Radio and other agencies who may be recruited as members of staff. There has, however, been difficulty of getting a suitable man as Professor of the Telecommunication Department. But as I have pointed out before the Instructors now working in this College are shaping very well and one of them can be promoted to this place in due course.

With reference to paragraph 2 of the Professor's letter I am sorry to contradict the fact stated in his note as there was the largest number of students seeking admission in the Telecommunication Department last year and restriction had to be made by selection. Even then the number admitted last year was the largest in the branch amounting to 16 which is a record. This clearly shows that there is no apprehension on the part of students about the instructions given in this branch. On the other hand the students feel that it is one of the well conducted departments in this College.

Mr. Kuduva wants relief from the Educational Department and if for the reasons stated above the Director decides to give him relief it may set as a precedent and it is likely that other overseas scholars will also ask for similar release. In this connection I invite your kind attention to the request made by Sri C.G. Swaminathan for relief from the Highway Engineering Department of this College and he was not given the same. But that was because Mr. Swaminathan is a very desirable officer for any educational institution. I may, however, recall the case of Sri K. Chandran, another overseas scholar who has been recently released. I do not know under what circumstances he left the Kakinada Engineering College. Mr. Kuduva's case may be considered for similar reasons and he may be released on the same conditions. The release of Mr. Kuduva would not in any way seriously interfere with the instructional work of the Telecommunication Department because it is possible to get another candidate to take his place but he would be on a lower category equal to that of a Laboratory Assistant's.

Yours faithfully,

(Sd.) S. Paul.

Public Instruction,
Madras, 26th April 1950.

Sub: Madras Educational Service - Sri N.V. Kudva, Temporary Junior Instructor in Tele-Communications Engineering, College of Engineering, Guindy - Relief from the Education Department.

Ref: Petition dated 10th March 1950 from Sri N.V. Kudva, Temporary Junior Instructor in Tele-Communications, College of Engineering, Guindy, addressed to Government.

ffff

Submitted.

2. From the remarks of the Professor of Electrical Engineering and of the Principal, College of Engineering, Guindy, contained in the latter's confidential D.O., dated 29th March 1950 (copy enclosed) it may be seen that Sri N.V. Kudva, the overseas-returned scholar, now serving as temporary Junior Instructor in Tele-Communications Engineering, College of Engineering, Guindy, has two physical defects which make him not quite suitable for a teaching post. It may be stated that if the Government decide to relieve him from the Education Department his relief would not in any way seriously interfere with the instructional work of the Tele-Communications Department. The Tele-Communications Department consists of 1 Professor (unfilled post), two Instructors and 1 Junior Instructor in the gazetted cadre. The post of Professor will have to be filled up in the near future. The two posts of Instructors are now held by overseas-returned scholars, namely, Sri K.S. Reddy and Sri Ganti Subrahmanyam. If Sri N.V. Kudva is to be released from the Education Department, the post of Junior Instructor in Tele-Communications Engineering may be converted into that of a Laboratory Assistant in the Subordinate Educational Service and the latter post may be filled by a suitable candidate.

3. In this connection the attention of Government is invited to their orders in their Memorandum No.7176 A.1 Edn., dated 4th February 1950 in the case of Sri C.K. Chandran, another overseas candidate, who was absorbed as Instructor in Electric Engineering in the Madras Educational Service. On the analog of the orders passed in the case of Sri C.K. Chandran, the Director has no objection to Sri N.V. Kudva's relief from the

Education Department, if the Government permit Sri Kudva to seek and secure a suitable appointment under the State or Central Government where his overseas training could be put to more profitable use. The Junior Instructor may also be required to submit his applications for suitable appointment in other Departments in this State or under Central Government through the proper channel.

4. It is submitted that the case of Sri N.V. Kudva may be treated only as a special one and need not be treated as a precedent.

5-6 ank
It had been ascertained by the Principal of
the Engineering College that Sri N.V.Kudva had sought
permission to seek private service also, if a suitable
employment is available, before he recommended his
release. I had, therefore, intended in my recommenda-
tion No.33/50 dated 20-5-50 that Sri N.V.Kudva should
be relieved from his obligation to serve the Government
and to seek any employment even in private service
where his foreign training can be put to more profita-
ble use, as has been done by the Government in some
cases. I request that the Government may be pleased
to modify their orders so that I may be in a position
to relieve him as early as possible from his duties in
the Engineering College.

Yours sincerely,

DMK

GOVERNMENT OF MADRAS, Education, 11
ABSTRACT.

MADRAS EDUCATIONAL SERVICE - Sri N.V. Kudva, overseas scholar in post of Junior Instructor in Tele-Communications Engineering - Released from bond.

EDUCATION DEPARTMENT.

G.O.No. 1962, Education,

Dated 7th July 1950.

Read the following:-

Memorandum No. 8136-43-Education, dated 7th June 1950.

From the Director of Public Instruction, dated 12th June 1950.

ORDER:

Sri N.V. Kudva, one of the candidates sponsored by this Government under the Government of India, Ministry of Education overseas scholarships scheme, for higher studies in the United States of America, and now Junior Instructor in Tele-Communications Engineering, College of Engineering, Guindy, in the Madras Educational Service, has represented that he is temperamentally unsuited to hold a teaching post and that he may be relieved from the appointment and released from the bond he has executed, binding himself to serve this Government for five years after finishing his studies. It has been reported that Sri Kudva has no aptitude for teaching work. There is also no other post under this Government in which his services can be properly utilized. The Government therefore direct that Sri Kudva be released from his bond. The Director of Public Instruction is requested to arrange for his relief from his duties in the Engineering College, Guindy, as early as possible.

2. The Government also direct that from the date of Sri Kudva's relief, the post of Junior Instructor in Tele-Communications Engineering in the Madras Educational Service in the College be converted into a post of Laboratory Assistant in the Madras Educational Subordinate Service on Rs. 180-10-380.

(BY ORDER OF HIS EXCELLENCY THE GOVERNOR)

RAJAN B. PAUL,
Secretary to Government.

To
The Director of Public Instruction,
The Accountant-General through the Finance Department,
The Government of India, Ministry of Education, New Delhi 3.
Copy to 'G' Section.

Forwarded/By order

NO. 7.7.

SUPERINTENDENT.

From the D.P.I., No. 33/50, d/- 20-4-50. (11)

Sri N.V.Kudva, overseas scholar, apptd. in Engg. College - Relief from Edn. Dept.

Sri N.V.Kudva was sent abroad by Govt. for higher studies in "Wireless Communications", as a private candidate under the G. of I. scheme of overseas scholarships. He was 'earmarked' for eventual absorption in the staff of the Govt. Engg. Colleges. After completing his studies, he returned to India in Aug. 1949. A post of Lab. Asst. in the Sub. Service in the Tele-Comms. Dept. of the Engg. College, Guindy, was converted into the gazetted post of Junior Instructor and he was apptd. to that post in Oct. 1949. Accg. to the bond executed by Sri Kudva, he shd. serve the Govt. in a gazetted or comparable appt. for a minm. period of five years.

2. About five months have elapsed since the scholar's appt. He has now sent in a petition saying that ~~he feels~~ that temperamentally he is not suited to teaching work but could do very much better if he takes up an executive job and that he may therefore be relieved from the post in the Edn. Dept. and enabled to take up some suitable appt. (under Govt.) in the executive line.

3. The post of Prof. of Tele-Comms. Engg. in the college has been vacant since July 1948. No qualified person could be found for regular appt. thereto. Relying on the services of the three Instructors in the branch, who had their education overseas and of whom Sri Kudva was one, the Professorship was kept unfilled. However, Sri K. Srinivasan who was formerly occupying the post and who subsequently went to the Indian Institute of Science Bangalore, was requested to visit the college once or twice each term and supervise the work of the branch as he was willing to do so. Dr. K. Sukumaran, Prof. of Elec. Engg. and Head of the Elec. Engg. Dept., is considered to be the Head of the Tele-Comms. Engg. Dept. also for administrative purposes.

4. Dr. Sukumaran's views on

cf. 5-6

Alm. 1/4

Z/

cf. 1 & 2

cf. (K) / mf. 6

(K) / 9 mf.

cf. 54-5

(K) / cf. 60

request are at p.3 C.F. He does not recommend the request for the follg. reasons:-

- (1) The Professor's post has not been filled.
- (2) The difficulty of getting new and suitably qualified staff still persists and there is no substitute for Sri Kudva.
- (3) There is already an apprehension among students that there is no sufficient staff in the dept.
- (4) When only four months and a half have elapsed, it is too early to say whether Sri Kudva's two handicaps, viz., stammering and speaking very fast, will permanently disqualify him for the Edn. Dept.

5. On the other hand, the Principal of the college (Lt.Col.S. Paul) recommends Sri Kudva's release from the Edn.Dept.: he seeks to meet Dr.Sukumaran's points as follows:

- (1) The other two Instructors in the dept. are shaping very well and one of them can be promoted as Professor.
- (2) It would be possible to get a substitute for Sri Kudva.
- (3) There is no apprehension on the part of students about the instruction imparted in the Tele-Comms. Engg. branch.
- (4) The scholar may overcome the defect of speaking fast but not stammering.

6. The D.P.I. states that Sri Kudva's relief would not interfere with the instructional work in the Tele-Comms. Engg. Branch and that, on the analogy of the orders passed in the case of Sri C.K.Chandran, another overseas scholar, he has no objection to Sri Kudva's relief. Sri Kudva can be relieved from the Edn. Dept. if the Govt. permit him to seek and secure a suitable appt. in any other Dept. of this State or under the Central Govt. where his overseas training could be put to more profitable use. He adds that Sri Kudva's case may be treated as a special one and need not be allowed to form a precedent.

7. A few other overseas scholars applied for release from the bonds executed by them on some ground or other. Those applns. were ^{not granted and} viewed critically. The refund of the amount spent by Govt. on their education was insisted on. Sri C.K. Chandran, the other overseas scholar reld. to by the D.P.I., advanced the argument that the specialised training he recd.

abroad would fit him for a job in an Engg. establishment and that he cannot put it to proper and profitable use in a teaching institution. This was not admitted in the first instance. Later, however, the Govt. considered it a valid one and permitted ^{him} to seek an executive post under the G. of I. or in the Elec. Dept. of this Govt., without giving him an outright release. Sri Kudva's reason is not a similar one. The question here is not that he is not able to utilize properly the education and training he recd. abroad. 'Temperamental inadaptability' for a job can be easily put forward by any one and it cannot justifiably be accepted. It does not seem correct to say that 'speaking fast' is a defect: the Principal himself admits that Sri Kudva may, with experience, come down to a rate of speaking which students can follow. The scholar's another defect is 'stammering somewhat'. The Professor says that it is too early to pronounce whether this is sufficient to disqualify him permanently for the Edn.Dept. Even at the time of his selection by the Special Committee apptd. to interview private candidates for overseas scholarships, the candidate shd. have had this 'defect'. He was made to understand that he was to occupy, on his return from abroad, a teaching post. He recd. higher education with a view to fit him for such a post. He shd. have decided, even before going abroad, whether the defect would not stand in the way of his shaping as a good teacher. Apart from considering the matter from this aspect, the point ^(has to be examined) whether, as time passes on, the candidate cannot outweigh his stammering by his scholarship, experience and graceful manners in lecturing. The statement of the Principal and the Dir. that Sri Kudva's relief from the Edn. Dept. would ~~im~~ not interfere with the instructional work in the college, does not seem to deserve much serious thought. ^{He has let the cat out of the bag when he says that Sri Kudva wants to better his prospects.} What is to be considered is whether the scholar's retention will not add to the quality of teaching done in the particular dept.: this is the purpose of his deputation. ^{if the Tele-communications dept. in this college expands or} Further, if the Tele-Comms. Engg. course comes

to be started in later years in other Engg. Colleges also, a situation may arise when the Govt. would require Sri Kudva's services back. Even in a few cases where the Govt. could not find suitable employment for overseas scholars, Secy. has held the view, which has been accepted in circn., that they shd. be absorbed somehow so that if their services are not reqd. now they may be of use at a later date. ^{in Govt. service} ^{they may be available} ^{at a later date when he need for his services may arise} ^{If everybody opts for the Executive line there will be no people for the Collegiate line}

8. In view of the foregoing, it is for consideration whether Sri Kudva's request will be complied with. Fin. may see before circn.

Sri N.V. Kudva, Junior Instructor in Tele-communications, College of Engineering Guindy, was appointed to that post in October 1949, after the completion of his training abroad under the G.O.G. scheme of Overseas Scholarships. According to the bond executed by Sri Kudva, he should serve the Govt. for a minimum period of five years. He has now sent in a petition saying that temperamentally he is not suited to teaching work, but could do very much better if he takes up an executive job and that he may be relieved from the post in the Edn. Dept. so as to enable him to take up some suitable appointment (under Govt.) in the executive line. The Principal Engineering College Guindy and the D.P.G. have recommended

the request of the petitioner. Edn. Dept. however seems to be of the view that there are no strong grounds for complying with the request of the petitioner for relief from ~~the Edn. Dept.~~ ^{the present appointment} of their role in para 2 on pp 2-4 above. Finance may concur in the view expressed therein.

It is presumed that the views of the Edn. Dept. are as at "X" above. On the basis that this presumption is correct, the Fin. Dept. agree with the views of Edn.

Education Department (A).

Sri N.V. Kudva, one of this Govt.'s overseas scholars, returned to India in August 1949 and was apptd. as Junior Instructor in Tele-Comms. Engg. in the Guindy Engg. College in October. He has now asked for relief from the Edn. Dept. and for permission to take up a suitable appointment in the executive line. The reason given by him is that he is temperamentally not suited to a teaching post. Dr. K. Sukumaran, Prof. of Elec. Engg., does not support the request. But the Principal of the Engg. College and the D.P.I. recommend it, saying, inter alia, that Sri Kudva's relief would not interfere with the instructional work in the college. This dept. are of the view ~~of~~ that the scholar's request should not be complied with. The grounds on which this view is based are set out in para 7 of pp. 2-4 ante. Finance agree with this dept. The file may be circd. for orders.

I agree with H.M.E. & L. It is no good having me in the educational line with typical defects which I don't think H.M. (Fin.) will like. H.M. (E.+L.) I think he may agree with the Principal & D.P.I. H.M. (P.W.)

CF9 Papers at once pl

Sri N.V.Kudva, in the first instance, asked for release from his "present responsibilities" with permission "to take up any suitable ^{app.} in the executive line". Dr. K. Suku-
maran, the Professor, doubted whether the scholar wanted relief from the Education Dept. or from Govt. service altogether and he therefore asked the scholar to clarify the matter. Sri
Kudva replied specifically that his application was "for relief from the Edn. Dept.". The D.P.I.'s recommendation ran thus:

"On the analogy of the orders passed in the case of Sri C.K.Chandran, the Dir. has no objn. to Sri N.V.Kudva's relief from the Edn.Dept., if the Govt. permit Sri Kudva to seek and secure a suitable apptd. under the State or Central Govt. where his overseas trg. could be put to more profitable use. The Junior Instr. may also be reqd. to submit his applns. for suitable appts. in other Depts. in this State or under Central Govt. thro' the proper channel."

Govt.-sponsored
overseas scholar,

Very recently, Sri N.V. Kudva, who has been holding the post of Junior Instr. in Elec. Commns. Engg. in the Guindy College, represented that he was temperamentally unsuited to a teaching job and that he might be relieved from the Edn. Dept. On the basis of the D.P.I.'s recommendation, extract of which is at p. 6 ante, the Govt. complied with Sri Kudva's request and permitted him to take up alternative appointment in other depts. of this Govt. or of the Govt. of India where he could put to profitable use his training overseas. The Dir. has now asked for a modification of the Govt. order to enable him to seek and accept employment in private service also. This amounts to a complete release of the scholar from the ~~xxxx~~ bond which he had executed before proceeding abroad, binding himself to serve the Govt. at least for 5 years on return. This dept. do not recommend the acceptance of the Dir.'s proposal - Vide p. 7 ante - and Finance agree with this dept. The file may be circulated for orders.

For order.

I am not for releasing him as this is a very important point.

above may be done. That

H.M. (E.L.)

H.M. (P.W.)

H.M. (Fin.)

He may be released

H.C.M.

maybe released w/o any other job elsewhere in Govt. service is available. Other - H.M. (Fin.) - He may be released w/o, I am afraid it is wrong in principle from his Bond to completely release him for no fault.

H.M. (E.L.)

H.M. (P.W.)

H.M. (Fin.)

Box C 18

Rebmitted to H.M. (E.L.)
as ordered by him yesterday on the
phone.

29/6/50

H.M. (E.L.)

I discussed this further with H.C.M.
The Candidate is unsuited to his
present post by Physical Dept &
with no aptitude for it.
There is no other post to which he is proposed
here at Govt of India. He says that I
think he has tried in Govt of India.
Under the circumstances, if he is able
to get a place anywhere else, we need not
stand in the way. H.C.M. may be open
