C.No.803-D.1

Office of the
Director of Public Instruction,
Madras, Dated 24-9-1949.

From

To

The Secretary to Government,
Education and Public Health Department.

Sir,

Subject: Allowances - Dearness - Staff in aided
secondary schools - Grant at 2/3 net cost
basis.

Government have directed that the expenditure incurred by managements of educational institutions aided under the provision of the Grant-in-aid code on payment of D.A. to the members of their staff should be treated as approved expenditure in assessing grants, such expenditure being recognised upto the limits prescribed for teachers in similar grades in Government schools. Now the position is that almost all the managements have been made to comply with the provisions of G.O.No.1383-Education dated 29-5-48 as amplified by G.O. No.1025 Education dated 7-4-49.

2. Of course it cannot be said that managements have in every case the necessary funds to meet this expenditure on D.A. without difficulty. If most of them have fallen in line and have decided to pay at the enhanced Govt. rates at least from 1-6-48 they have done so more in deference to the Government's orders and insistent demands of their teachers and this I find they have been able to do only by stinting expenditure on other essential items such as repairs to buildings, equipment etc. and thus the organisation and efficiency have been made to suffer to some extent. Besides, Government are recognising only some items of expenditure in Appendix F for purposes of grant under 32 Grant-in-aid Code. Some others, though left out of consideration, are found necessary in the maintenance of the school. Most of the schools after paying salary and D.A. at Government rates are having only a very small margin to be utilised for other purposes.

3. Further I have addressed Government separately on the compulsory introduction of Government scales in all schools under aided managements on account of the prevailing dissatisfaction and this proposal if accepted by Government is likely to involve an additional expenditure to all managements in respect of salaries.

4. In these circumstances I request that Government may be pleased to agree to the paying of grants at 2/3 basis even for D.A. under Part II of the Budget Estimate for 1950-51. This is likely to result in an additional expenditure of only Rs.3 lakhs as shown below:-

Approximate expenditure on D.A. on 1/2 grant basis	Rs. 18,70,536
-do- at 2/3 grant basis	Rs. 21,82,292

Difference 3,11,756 or

nearly Rs.3,00,000/-
Yours faithfully,

Chinnappa

for Director of Public Instruction.

Reference Director's letter no 803-D-1 dated 24-9-49. Allowance - Dearness - Staff in aided secondary schools - Grant on the basis of two thirds of the expenditure.

Please say whether the estimate of extra cost of Rs 3 lakhs includes the cost in respect of aided secondary & training schools or secondary schools only and whether it will be necessary to extend this concession to other aided institutions to which a grant is now made towards one half of the expenditure incurred

R.C.No.803 D1/49

Office of the
Director of Public Instruction
Madras, dated, 25th Oct. 1949.

From
The Director of Public Instruction,
Madras.

To
The Secretary to Government
Education and Public Health Department
Fort St. George, Madras.

Sir,

Subject:- Dearness Allowance to staff -- Staff in aided
Secondary Schools -- Grant on the basis of 2/3
of the expenditure - extension to special
schools.

Ref:- Your T.M. by post No.7474-B1/49-1 dated 14-10-49

M 2-3 ante

In continuation of my letter Rc.No.803 D1/49 dated 24-9-49
I have the honour to state that the estimated extra expenditure
of Rs.3 lakhs already furnished refers to Secondary Schools only.

As training schools and Special Schools are also assessed
grant at 2/3 net cost, it will be necessary to extend the conces-
sion to the managements of these institutions also for the reasons
already stated. The estimated extra expenditure thereby will be
Rs.40,500/- in respect of training and special schools.

As for aided colleges since these institutions are paid grant
at a net cost basis, the question of raising the grant for Dear-
ness allowance from 2 to 2/3 does not arise now.

In respect of Anglo Indian Schools Dearness Allowance paid
to teachers not exceeding Government rates is paid in full to
the managements along with teaching grant.

Yours faithfully

For Director of Public Instruction.

Grant - Teaching - Aided Secondary, Training
 and Special Schools - Payment of Dearness
 allowance to teachers - Assessment of grant
 on the basis of two thirds of the expenditure -
 Proposal - Negatived

From the D.P.S. C.No 803 D-1 dated 24-9-49
 and 25-10-49

Order No 199 Education dated 25-1-50

The Govt do not approve the proposal
 of the D.P.S. to raise the basis of assessment
 of grants towards payment of Dearness
 allowance to teachers in non-Govt Secondary,
 Training and Special Schools from one-half
 to two thirds of the expenditure incurred on
 payment of the allowance

1872 23-1-50 111 24-1-50

Grant - Teaching - Expenditure on payment of dearness allowance to the staff - enhancement

From the D.P.I. C.No 803 DL/48 dated 24-9-49

Grants are now paid to the managements of aided secondary schools towards onehalf of the expenditure actually incurred by them on payment of dearness allowance to the staff at rates not exceeding the rates admissible to Govt servants in corresponding grades- This grant is paid only to institutions which worked at a deficit and it is calculated and paid separately along with the teaching grant.

2. The D.P.I. now recommends that for the reasons specified in para 2 of his letter, the grant may be raised from onehalf to two thirds of the expenditure. The extra cost on this account is estimated at Rs 3 lakhs per annum.

3. Of the several proposals made by the D.P.I. for increasing the aid to secondary schools under private managements, this would seem to be essential. The enhancement of the grant towards dearness allowance from onehalf to twothirds of the expenditure would equalise the basis of assessment of grant for teaching and dearness allowance and may eliminate the necessity to pay special grant towards dearness allowance to those managements which do not pay dearness allowance at govt rates for those managements. They may be required to pay the allowance at Govt rates on account of the increase in the grant made for the purpose. If the increase is allowed in the case of aided secondary schools the same concession will have to be extended to other institutions also for example aided colleges, aided training schools - schools aided under the code of European Regulations and the ultimate cost to govt will increase considerably. It is for

Grants are now paid to the managements of non-Govt. Secondary Training and Special Schools towards one half of the expenditure actually incurred by them on payment of dearness allowance to the staff at rates not exceeding the rates admissible to Govt. servants in corresponding grades- The grant is paid only to institutions which worked at a deficit and it is calculated separately and paid along with the teaching grant.

*pp 32-38 of 9 N
para 2 on p 10*

2. The D.P.I. reports that although most of the managements have decided to pay dearness allowance at Govt. rates atleast from 1-6-48 in deference to Govt's orders and insistent demands of teachers, they cannot be said to have the necessary funds to meet this expenditure and that in most cases they have been able to do so only by stinting expenditure on other/essential items such as repairs to buildings, ^{provision of} equipment, etc and thus the organisation and the efficiency ^{of the institutions} have been made to suffer to some extent. Most of the schools after paying the salary and dearness allowance are having only a very small margin to be utilised for other purposes. He has therefore recommended that the basis of assessment of grants towards dearness allowance may be raised from one-half to two-thirds of the actual expenditure ^{in current payment of the allowance} with

with effect from the year 1949-50. The ultimate as well as the immediate extra cost involved in the proposal is estimated at Rs. 3.40 lakhs ^{p.a.} recurring.

3. Teaching grants to non-Govt. Secondary, Training and special schools are assessed on the basis of two-thirds of the approved net cost of maintenance of ~~these~~ schools, while grants towards expenditure on payment of dearness allowance alone is ~~estimated~~ ^{limited} to one-half of the actual expenditure. The raising of the basis of assessment for the latter also to two-thirds of the expenditure would not only facilitate the assessment of grants to these institutions ~~more~~ but would/enable the managements to run the institutions more efficiently. The proposal is ^{considered} absolutely essential. This Deptt. recommends that a provision of Rs. 3.40 lakhs be made for the purpose in the B.E. for 1950-51 as indicated in the summary at the top.

4. As the proposal involves large recurring expenditure, the Finance deptt suggested that it ^{might} be deferred. The case was therefore circulated for orders. H.M.E & L) and H.M.(Fin.) minuted as follows: "Part. II"

K.M. (Madhava Menon)
11.11.49

"We have taken too much burden on account of aided Schools in the last two years. No further concession can be shown for the present"

B.G. (Gopal Reddi)
