Office of the

TO
THE SECRETARY TO GOVERNMENT,
EDUCATION AND PUBLIC HEALTH DEPARTMENT,
FORT ST. GEORGE, MADRAS.

Sub: Schools-Anglo-Indian=Admission of Indian
children-Relaxation of percentage limit-Re-
questing.

2. Consequent on Europeans leaving India in large numbers, for obvious reasons, the number of European pupils studying in Anglo Indian Schools has gone down considerably and as a result of the proportion of Indian pupils to Anglo Indians cannot be kept up consistently with the full strength that could be admitted to the various classes.

"(iii) During the 10 year period 40% of the vacancies in such Anglo Indian Schools shall be made available to members of other communities, provided that the percentage could be increased by Provincial Government according to local needs and provided also that no Anglo Indian child is refused admission into such schools and the special standard and character of the school is maintained."

5. The school year for the Anglo Indian schools begins from January every year and the schools have already begun functioning. Requests from parents for the admission of their children beyond the limit of 40% are being received by me. In order to obviate the fact hardships which may result from the delay in obtaining the prior sanction of Government, I have permitted four to be admitted as

as a special case in anticipation of approval of Government and I request my action may kindly be ratified.

Re:- Percentage of non-Anglo-Indians
to be admitted in Anglo-Indian
Railway Schools - Article 131 (C)
of C.O.R.

It has been represented to me that the restriction on the admission of Non-Anglo-Indians up to 33.1/3%, imposed under article 131 (C) of the Code of Regulations for Anglo-Indian Schools is not found to be workable in the case of Anglo-Indian Railway Schools on account of the following reasons:-

- i) When Anglo-Indian employees are transferred due to exigencies of Railway service, their children are withdrawn from schools, resulting in the increase of percentage prescribed for Indian children.
- ii) When Indian employees are transferred from one station to another their children who were studying in Anglo-Indian Schools are not always able to get admission in the school at the new place of their parents' transfer owing to the operation of rule regarding maximum percentage of Non-Anglo-Indian pupils.
- iii) Although there is room in the Anglo-Indian Schools, no admission of non Anglo-Indians can be made due to the restriction imposed by Article 131 (C). Consequently the children have to waste their time due to non-availability of other educational facilities.

2. In the circumstances explained above, I shall be glad, if you will please permit as a special case to admit Non-Anglo-Indians up to 50% in Railway schools. In this connection, I may add that the European Railway Schools in Bombay Presidency are admitting Non-Anglo Indians up to 75%.

3. I shall be obliged if you will please let me have an early reply as a number of children have been denied admission, although accommodation exists for them in Railway Schools.

SUB: SCHOOLS - Anglo Indian - Admission of Non-European

p 18, 18/11/49 No. 32

14191

According to Article 131(c) of the Code of Regulations
for Anglo-Indian Schools, no grants are payable to any school
in which the number of non-Europeans exceeds the one-third
of the total number of pupils in such sections. This per-
centage limit is however relaxed subject to certain conditions
prescribed therein.

2. The intention of the rule appears to be that the per-
centage limit prescribed should be kept in the Primary Sec-
tion as well as in the school as a whole. In cases where the
percentage of non-European pupils in the whole school is below
40% but is above 40% in the primary section alone, the payment
of any grant would appear to be irregular according to the present
wording of the Article.

3. In my opinion it is desirable that the limit of percentage
of non-European pupils in Anglo- Indian Schools may be made appli-
cable only in respect of the total strength of the school and not
separately viz., in the Primary Section and in the school as a
whole.

4. I shall submit necessary amendment to the Article, as soon
as orders of Government are received approving the above proposal.

5. Early orders may also be passed on my letter dated 26-1-49
regarding the raising of the limit of Indian Children to 49% for
purposes of admission in Anglo Indian Schools.

Dear Friend,

You remember once you have visited a school in the Stanes High School Compound, Coimbatore. Myself and Mr. Venkatasami Naidu wanted to speak with you regarding this school. But on that day we were not able to do.

The Stanes European High School, Coimbatore, on account of the present rule, the boys numbering 90 from the Park Preparatory School, which is located in the same compound cannot be absorbed. Unless you advise the principal of the Stanes European High School to absorb all the boys from this school, the boys will get no place in any school.

I hope you will kindly take some interest in this matter and get rid of this unexpected difficulties.

I hope you will give a few minutes interview to hear some more particulars from the bearer of this letter.

the school year for Anglo Indian Schools is from January to December.

Re. No. 87.E.1/49 dated 10.8.'50

Sir,

Sub: Anglo-Indian Schools - Admission of Non-Anglo-Indian pupils.
Ref: G.O.Ms. No. 2017.Edn., dated 13.7.'50

I request that the power of sanctioning the admission of non-Anglo-Indian pupils beyond 50% now delegated to the Inspectress of Anglo-Indian Schools may be vested in the Director and the G.O. referred to above may be modified suitably.

Adm Anglo Indian schools - Admission of non-Anglo Indian pupils in Anglo Indian schools.

From the D.P.I. No. 87 E/49 dated 10-8-50.

Revised No. 23806-D/50-1 Edu dated 6-9-50.

In partial modification of the order in L.O. No. 20/7 Edu dated 13-7-50, the Govt direct that the power of permitting the management of Anglo Indian schools to admit non-Anglo Indian pupils beyond the 50% of the school strength, shall be vested in the D.P.I. instead of the Inspectors of Anglo Indian schools.

The D.P.I.

Letter from the D.P.I. No.87-E1/49 dated 26-1-1949.

Sub: Anglo-Indian Schools - Admission of Non-Anglo Indian pupils.

One of the recommendations made by the Sub-Committee of the Cabinet appointed in May 1949 to consider the question of medium of instruction in elementary and Secondary schools was as follows:-

"In Anglo-Indian Schools permission may be given for not more than 50 percent of the seats to be given to Non-Anglo Indian Refugees or otherwise. In such schools preference should be given to those who are not able to avail themselves of the medium of instruction to their mother tongue"

This suggestion of the Sub-Committee does not appear to have been perused afterwards. The Director now enquires when orders of Govt. may be expected on the raising of the percentage of admission of Non-Anglo pupils upto 50 percent. In the memo on pp 3-4 cf. the Govt. had already agreed to raise the percentage of non-Anglo -Indian pupils to 49 percent. The idea of limiting the maximum to 49 percent was to retain the character of the Anglo-Indian schools as such with 51 percent Anglo-Indian boys and girls. If the percentage is raised 50% the character of the school will be changed. In the circumstances it is for orders whether the percentage should be raised from 49 to 50.

The Secretary has perhaps in mind the resolution
of the Inter-Provincial Board dated 10th January 1948.
The resolution was as follows:-

"During the 10 year period 40 per cent. of vacancies
in such Anglo-Indian Schools shall be made available to
members of other communities provided that the percentage
could be increased by Provincial Govt. according to local
needs and provided also that no Anglo-Indian child is refused
admission into such schools and the special standard and
character of the school is maintained".

We have already
allowed 49% and raising
this 50% as decided by the
Cabinet Committee is not
likely to make an appreciable
difference to the character of
Anglo Indian schools. May

Raising up to 50% does not
necessarily mean that 50% should be
non-Anglo-Indians. And since it is a condition
that no Anglo Indian should be refused
admission no hardship to Anglo Indians. This
suggestion of 50% is made by the Agent of M.H.M. Ry
for Railway Schools & perhaps made before
40 was increased to 49%. My feeling is that we
may not put any limit at all if we limit it it better
to put it at 50%. Why not consult the Anglo Indian Board

Anglo Indian is refused admission and

P 22CF (2) that in special cases a percentage higher than 50% of
non-Anglo Indian pupils may be admitted in Anglo Indian schools and
that such cases will be sanctioned by the Inspectress of
Anglo Indian schools after taking into consideration the
special needs of each school, provided that there is no additional
expenditure to the State.

P 21CF is not in favour of the second resolution as he considers that
with a majority of non-Anglo Indian pupils, a school

to be recognised or aided under the Code of Regulations for
Anglo Indian schools.

It is for orders whether the recommendation of the D.P.I. may be accepted

Minute of H.M.(E.L.) on page 2 CF "Permission may be given if rules allow this" (Sd) K.H. 6/6/50.

Please see the letters on PP1-2 CF regarding the admission of the students of the Park Preparatory School, Coimbatore into the Stanes High School, Coimbatore. The D.P.I. considers

P7CF

that the Stanes High School cannot admit any more non-Anglo Indian pupils as the maximum percentage of non-Anglo Indian pupils to be admitted into the school has been reached. He also states that the Park Preparatory School is an unrecognised school with no status and suggests that since the school year in Anglo Indian school is from January to December, the pupils of Park Preparatory School may be asked to get admission into the local recognised Indian schools.

P7CF

It is submitted in this connection that the question of permitting the managements of Anglo Indian schools to admit non-Anglo Indian pupils upto 50% and beyond 50% of the strength of the schools was considered by the Govt and orders were issued in the matter in G.O.No. 2017 dated 13/7/50. In the light of these orders, the difficulty pointed out by the D.P.I. does not arise.

As regards the objection raised by the D.P.I. that the school year in Anglo Indian schools is from January to December, it is submitted that the Principal of the school was agreeable to admit the pupils of the Park Preparatory School from 1-7-50 itself subject to certain conditions - vide his letter on Page 3 CF. It is not clear why the D.P.I. should have raised the objection when the Principal of the Stanes High School

P7CF

38/

himself is willing to take them in. The D.P.I. considers that the Park Preparatory School is an unrecognised school with no status. It is not known why the D.P.I. while stating that these pupils should not be admitted into the Stanes High School, also suggests that they may be asked to get admitted into the local recognised Indian schools.

A copy of this note may perhaps be sent to D.P.I. for clarifying these points.

Hitherto, there was provision in the Code of Regulations for Anglo Indian schools for the admission of non-Anglo Indian pupils in Anglo Indian schools up to 33 1/3 % of the school strength. In Memo No. 88657- C/47-5 Edu dated 31-3-48, the Govt directed that admissions be made in all Anglo Indian schools beyond the 40% of the strength allowed under clause (c) of Article 131 of the Code to the extent necessary to accommodate non-Muslim refugee pupils from Western Pakistan up to 49%. Later on, the increased limits up to 49% allowed for refugee pupils were made available for the purpose of accommodating other Indian pupils also. Subsequently, the Madras Provincial Board for Anglo Indian Education passed the following resolutions in the matter.

- (1) That non-Anglo Indian pupils may be admitted in Anglo Indian schools up to a limit of 50% subject to the condition that no Anglo Indian is refused admission
- (2) That in special cases, a percentage higher than 50% of non-Anglo Indian pupils may be admitted in Anglo Indian schools and that such cases will be sanctioned by the Inspectors of Anglo Indian schools after taking into consideration the special needs of each school, provided that there is no additional expenditure to the State.

The D.P.I. recommended the first resolution for acceptance. He was not in favour of the second resolution as he considered that with a majority of non-Anglo Indian pupils, a school cannot be called an Anglo Indian school and cannot continue to be recognised or aided under the Code of regulations for Anglo Indian schools. However, both the resolutions were accepted

by the Govt and orders were issued in G.O. No. 2017 Edn-1/50. The D.P.I. now requests that the power of sanctioning permission to admit non-Anglo Indian pupils in

42
Anglo Indian schools beyond 50% of the school strength may be vested in him instead of the Inspectress of Anglo Indian schools. Apparently he considers that vesting this power in the hands of the Inspectress will lead to its abuse and undesirable results. There seems to be no objection to agree to the proposal of the D.P.I.

The file may be circulated to HM(E+L) for orders.
