From

The Deputy Secretary to the Government of India.

SUBJECT:-UNITED NATIONS SOCIAL WELFARE FELLOWSHIPS PROGRAMME-PLAN OF PRIORITIES FOR 1951-1953.

Sir,

I am directed to say that the General Assembly of the United Nations Organisation have now decided to place on a continuing basis the Programme of Social Welfare Fellowships which has been operated by the Social Activities Division of the United Nations since 1947. India has been participating in the Programme since its inception in view of the valuable opportunities it offers to selected Fellows to gain additional knowledge and experience in the field of Social Welfare through a short intensive course of observation abroad and thus to equip them to render greater help in the development of better Social Services in the country.

2. With the decision of the United Nations to place the Programme on a continuing basis, it has become possible for the participating countries to plan ahead for at least the next two or three years and to determine how best they can take advantage of the facilities offered by the United Nations. The Government of India have accordingly decided to draw up a plan of priorities for the next three years, in consultation with the State Governments, Ministries, Universities, etc. and to communicate it to the United Nations Secretariat to enable the latter to explore the possibility of fitting India's requirements into the

general pattern of their Fellowships Programme and to determine the extent to which India's specific requirements can be met by the United Nations from year to year. The Government of India propose to make recommendations for the United Nations Social Welfare Fellowships allocated to India from 1951, onwards, in accordance with the plan of priorities drawn up for India on the basis of advice and suggestions received from the State Governments etc. about their requirements in the field of Social Welfare.

p 5 infra
p 7 infra

3. I am accordingly to forward herewith for your information lists of subjects of observation in which the United Nations Programme generally provides facilities (Appendix A) and of countries where these facilities are provided (Appendix B) and to request that, in order to enable this Ministry to formulate the national plan of priorities as contemplated above, the requirements of your State Government/Ministry/University, etc. may be communicated to this Ministry at an early date. Your requirements may please be assessed in relation to local conditions and to their immediate utility to any programme or programmes of Social Services in hand or under contemplation, and should state among others, the following particulars:-

K

1. Order of priorities of subjects in which the Fellows should be selected for observation during the next 3 years. Subjects not already included in the United Nations Programme may also be stated if considered necessary in view of national requirements.
2. Countries in which observation should preferably be arranged. Countries other than the ones mentioned in the enclosed list may be stated, if considered more suitable for observation in a particular subject. It may, however, be borne in mind that the United Nations Secretariat have made it necessary that the selected Fellows

p 7 infra

N

should have a good knowledge of the language of the country in which they propose to observe.

X

3. Number of Fellowships that may, during the next three years, be allotted to each subject in order of priority. It may be mentioned that India have been allocated a total number of 25 Fellowships for 1950, and it is expected that at least the same number will be allotted to India during 1951, and the next two or three years.

4. Any suggestions about the scope of observation, or specific institutions or organisations abroad which it is considered desirable for the selected Fellows to visit.

I am to request the favour of an early reply, preferably by the end of April, 1950.

Yours faithfully
N. S. Junankar
(N.S.Junankar)
for Deputy Secretary

Please see the reply of the D.T.P. at page 10 c,f. The D.T.P. has stated that there is actually need for getting a large number of men suitably trained in town planning and housing under the scheme in the course of ~~the~~ the coming 5 years. He has therefore suggested that atleast 2 candidates may be

p10 c.f
p10 c.f

deputed by the Madras State each year during the three years and for the Fellowships ~~referred~~ mentioned ~~to~~ by him at page 10 c.f.

2. It will be observed that the Government of India's letter at pages 1-2 c.f. is not clear as to who should bear the expenses of the Fellowships. Presumably it is the intention of the Government of India that the concerned State should bear this. It may be pointed out in this connection that the Town Planning Enquiry Committee recommended that this Government ~~may~~ might depute 2 engineering graduates of this State every year for special studies in town planning and architecture for a period of 5 years, that is, a total of atleast 10 persons may be deputed. It was pointed out in that connection that if 2 engineering graduates are deputed every year for special studies in town planning and architecture and if 5 such batches are trained as recommended by the Committee, it may not be possible to provide suitable jobs for them in this State and it was ~~therefore also~~ suggested that the scholarship scheme of the Government of India might be availed of for training 2 or 3 candidates in town planning and architecutre whenever necessary. The Secretary also agreed with this view and he minuted that the question of deputation will depend upon whether the Centre is going to establish an Institute of Town Planning and Architecture and that till then the scholarship scheme of the Government of India ~~may~~ might be availed of, for training 2 or 3 candidates in town planning and architecutre whenever necessary.. The Govt. of India are not going to start an Institute. Edn. Dept. may first be requested to ascertain as to who should bear the cost of the Fellowships referred to in the Government of India's letter at pages 1-2 c.f. before coming to a decision on the point.

The scope of the scheme has been misunderstood I think. It is to enable selected men to gain additional knowledge and experience through a short intensive course.... This presupposes that the men should have

the requisite qualifications and experience and should be in a position to assimilate additional knowledge and experience in a short time.

We have only two or possibly three men with T.P. qualifications and experience and one of them is to retire and. For this reason there can be no question of sending anyone. What we should do is to send abroad 5 or 6 ~~Engineers~~ Asst. Engineers (Civil) for training in T.P. for acquiring ~~the~~ T.P. qualifications. D.S. may take this up separately at once — ~~&~~ we must have qualified men to take the places of those retiring, well in advance.

Attention is invited to the letter from the Government of India in the c.f. and Education Department U.O.Note on p.1 above. The United Nations Organisations are operating a programme of Social Welfare Fellowships which provide a short intensive course of observation abroad to selected Fellows. The list of subjects of observation in which the United Nations Programme generally provides facilities and of the countries where these facilities are provided are given in Appendix 'A' and 'B' on pp. 3 & 5 cf. respectively. The Government of India propose to make recommendations for the United Nations ~~xxxxxxxx~~ So Social Welfare Fellowships allocated to India from 1951 onwards. In order to enable them to formulate the national plan of priorities for the next three years, they have enquired about the requirements of State Governments etc. Education Department have called for the remarks of this Department ~~and~~ on the letter from the Government of India as the subject 'housing' is included in the list of subjects of observation. It is however observed from the details given under the subject 'housing' that the D.T.P. and the Health Department are mainly concerned with the items mentioned therein. As a copy of the letter and U.O.Note have been sent to the Health Department also, they will no doubt be taking necessary action in the matter. A copy of the letter may however be communicated to the R.C.S. for remarks, if any. Subject to orders a draft endorsement is submitted for approval on P. 6 c.f. After issue this may be sent to Health Department and they may be requested to confirm whether the presumption at 'A' above is correct.

PUBLIC (ECONOMICS AND STATISTICS) DEPARTMEN

ASSISTANT SECRETARY TO GOVT PUBLIC DEPARTMENT
3001
8 - MAY 1950

The following remarks may be offered on the letter fro the Government of India at pages 3 to 7 c.f. ante — p.3 ante

Paragraph 3 of the Government of India letter.

So far as this Department is concerned, ~~we may say~~ ~~that~~ it would be very desirable to select fellows for observati in Methods of Research and Social Statistics. Adequate facilities are not available in this country for training in this particular field of observation, and its importance in the present context with the institution of the ~~Manning~~ Planning Commission, and the impending concentration of effort on all round economic development of the country cannot be over-emphasized. It may also be added that this department is keenly interested in initiating sociological surveys and investigations.

on p.3 ante – Paragraph 3 (1)

Planning in the sociological field will ~~find~~ tend to be haphazard unless there is an adequate statistical machinery for watching the progress of the plans, and measuring their development against targets previously set. Provision for an adequate statistical machinery fully equipped and trained in the latest methods of Social Statistics should therefore recei the highest priority in any scheme of Social Welfare. The subject 'Methods of research and Social Statistics' may therefo be assigned the highest priority in the selection of fellows for observation during the next three years.

– do – Para 3(2) Observation may preferably be arranged in the United Kingdom and in the United States of America, as the candidates selected from this State will have a good knowledge of English.

p.5 ante – Para 3(3) In the first of the three years, fellowshi may be ~~enrolled its~~ allotted to Social Services. If all the 25 fellowships ~~and~~ are allotted to this subject, Methods of Research and Social Statistics may be allotted at least 5 fellowships. Housing may come ~~to~~ in the next year and Social defence in the third year.

UNITED NATIONS SOCIAL WELFARE FELLOWSHIPS PROGRAMME -
Plan of priorities for ~~1950~~1951-53

p. 1 c.f.

The United Nations Organisation have been operating a programme of Social Welfare Fellowships since 1947. India has been participating in the programme since its inception. The U.N.O. have now decided to place the programme of Social Welfare Fellowships on a continuing basis. With this decision it has become possible for the participating countries to plan ~~out~~ ahead for at least ~~than~~ the next two or three years and to determine how best we can take advantage of the facilities offered by the U.N. The Govt. of India have therefore decided to draw up a plan of priorities for the next ~~two~~ three years in consultation with the State Govts., Universities, etc. and to communicate it to the U.N. Secretariat to enable them to explore the possibility of fitting India's requirements into the general pattern of their Fellowships Programme.

Para 2, p. 1 c.f.

p. 5 c.f.
p. 7 c.f.

2. The Govt. of India have forwarded with their letter a list of subjects of observation in which the U.N. Programme generally provides facilities and ~~the~~ a list of countries where these facilities are provided and request that the requirements of the State Govt. may be communicated to them at an early date. It will be observed from the list on p.5 c.f. that the subjects noted therein relate to Education, Home, Development, Public and Health Departments. So far as the subjects relating to Education are concerned the D.P.I. may be asked to offer his remarks on the Govt. of India letter. As regards the subjects relating to other Departments, copies of the Govt. of India letter may be communicated to ~~xk~~ them for necessary action. therefore be proportionately small. The Govt. of India want that the requirements of the State Govts. should be assessed in relation to lo conditions and to their immediate utility to any programme or progra of social services in hand or under contemplation. They have not mad any mention as to the financial implications of the Scheme. Presumab the U.N.O. will bear a major portion of the expre. As the sponsoring States stand to benefit by the knowledge acquired by their nominees, t (the sponsoring States) may be called upon to bear a portion of the ex in respect of their candidates. Lastly, as pointed out by the Secy., Health Dept. (pp.26-27 c.f.), the scope of the scheme is to enable selected men to gain addl. knowledge and experience through a short intensive course. This presupposes that the men should have the requis qualifications and experience and should be in a position to assimilat addl. knowledge and experience in a short time.

3. In assessing the requirements of this Govt., it seems necessar therefore that the above factors should be taken into consideration. If so, the requirements suggested by the Heads of Deptts. have to be examin before they can be accepted.

Requirements of the Education Department.

The D.P.I. states that as it has been proposed to select 2 person for being sent abroad under the Modified ~~Revised Scheme of~~ Overseas Scholarships Scheme for undergoing studies in "Edn. & Welfare of the Blind" and "Edn. of the Mentally Defective", it would be very helpful if the UNO provides facili ties for observation etc. in the USA, UK and Canada. Under the Oversea Scholarships Scheme, the Govt. of India have been informed that this Gov will require two scholarships in the subjects mentioned above. It is pr posed to select private candidates for these scholarships as no suitable officers are available and the period of training is expected to be 2 ye for each. The selection will be made by inviting applications after the demands have been finally approved by the G. of I. ~~It is not known whe the G. of I. will approve of this proposal as the selection of private scholars involves 50 per cent of the expre. being met by them. Even if approved, it is not known when the candidates will be able to undergo th course.~~ The two year course is likely to include study terms and observ tion complementary to the theoretical studies. It would seem that the study tours arranged as part of the 2 year course will be more suited o

(The Supdt's explanation for the delay is placed below)

Notes from p.2 above may be perused. This Dept. is concerned with item B in the list of subjects on p.2 above.

The suggestions of the C.I. of C.S., I.G. of Prisons and the I.G. of Police, who have been consulted regarding the requirements of their respective departments are as given below.

Countries of observation	U.K., U.S.A and New zealand	U.K., U.S.A. p37cf	U.K., U.S.A.

With ref. to the C.I.'s recommendation p33 cf, it may be mentioned that there is no subject by name "delinquency" in the programmes.

Edn. have stated that in assessing the requirements of this Govt. the factors mentioned in para. 2 on pp. 2-3 above should be taken into consideration and that the recommendations of Heads of Deptts. may be examined in the light of that para. It will be seen from that para. that the number of fellowships expected to be allotted to the whole of India is 25. Considering this the number of fellowships that may be made available to this Govt. may be say 3 or 4. Edn. and Health Depts. do not propose to depute any fellows. The other Depts might require some fellowships. ~~Dev. have~~ The Women's Welfare ~~Supported the proposal of the Regr. of Co-operative Societies for a fellowship in "Housing" during each of the years 1951-1953.~~ Public may require some fellowships to be allotted to them. ~~In view of the above, it is for orders whether this Departments requirements may be as shown below:~~

~~1951 – 2 fellowships, one in 'Suppression of traffic in persons and prevention of prostitution' and another for 'Prevention of crime'.~~

~~1952 – 1 fellowship for 'Treatment of offenders'~~

~~1953 – 2 fellowships, one for "Delinquency" and another for "Prevention of crime".~~

~~The countries for observation may be the U.K. or U.S.A.~~

~~After orders are passed the file may be passed on to Public.~~

Edn. Secy's orders on p. 4 above and last para of Edn. note on p 4 above.

Dept. seems to require one fellowship under "prevention of Prostitution". This subject is mainly p48 cf p47 cf

1. recommended by I.G. of Police & C.I. of C.S.
2. recommended by I.G. of Prisons and I.G. of Police
3. -do-
4. recommended by C.I.

The concern of the Vigilance Dept. under the administration of the C.I. of C.S. The Police also are concerned in carrying out the provisions of the M.S.I.T. Act. This Dept. may perhaps recommend that one fellowship for each year may be allotted as below, the subject suggested being most suited to the particular Dept.:

(i) 1951 – Suppression of traffic in persons & prevention of prostitution – Vigilance Dept.
(ii) 1952 – Treatment of Offenders – Jail Dept.
(iii) 1953 – Prevention of crime – Police Dept.

I wonder whether it is worthwhile sending one for this purpose

Q

There seems to be no need to train persons from different departments under the same subject.

After orders are passed the file may be passed on to Public

17/5/50

I agree with AS I that it is not worthwhile wasting money on item (i) above. This would only be useful where there is actual traffic in women. (ii) & (iii) may be approved.

Recd from clerk on 19/5 19/5

This deptt. is concerned with the subject under A, B and C on p 2 ante. The remarks of the Pub (E and S) and the W.W.O on the question are on pages 53 and 55cf respectively. As pointed out at M on p 5 ante the number of fellowships that may be made available to this Govt may be only 3 or 4. The factors mentioned in para 2 on pages 2-3 above also ~~will~~ have to be taken into account in assessing the number of fellowships required by this Govt.

So far as the W. W. officer's letter on p 55 cf is concerned the Home Deptt have already considered the subjects mentioned by her under group B. ~~She has considered~~ ~~So far as~~ It is for orders whether this deptt. may recommend that one fellowship each may be allotted for the subject mentioned in group A⊕ in one or other of the years 1951 & 52 ~~or 53~~. She appears to have considered A above in making her proposals.

that if all the twenty five fellowships are allotted to Social Services the subject 'Methods of Research and Social Statistics' may be allotted at least five. This does not seem to be probable. However in view of the remarks of Pub (E & S) on p 53 cf this deptt may suggest that one fellowship may be allotted to 'Methods of Research and Social Statistics'. For orders.

Notes on pp.1-7 above may be perused. The Govt. of India have decided to draw up a plan of priorities for the next three years ~~of~~ in consultation with the State Governments, Universities etc. and to communicate the same to the U.N. Secretariat to enable them to explore the possibilities of fitting India's requirements into the general pattern of their Fellowship Programme.

It may be mentioned that India have been allocated a total number of 25 Fellowships for 1950 and it is expected that at least the same number will be allotted to India during 1951 and the next two or three years. Of the 25 Fellowships that may be allocated to India, this State is likely to get 3 or 4.

The financial implications of the above Fellowships are not known. It is stated, however, that presumably the U.N. It is not clear whether the Govt. ~~of India also will have some~~ and the G.O.I. will have to bear a share ~~in~~ the expenditure and if so what portion of the expenditure should be borne by them. Education may be requested to obtain information from the Govt. of India regarding the additional expenditure involved and the manner in which ~~xx~~ it is to be shared, among the State Government, the Govt. of India and the U.N.O ~~Secretariat~~. This enquiry may be made when sending a reply to the G.O.I. regarding the requirements of this State. ~~The full financial implications of the proposals are not known now.~~ Education may be requested to circulate the case to H.M(Fin) also before sending a reply to the Govt. of India ~~regarding the requirements of this Govt~~.

The notes of the Home, Public and Finance Departments from p.4 ante may be perused.

The Govt. of India want information regarding the number of fellowships that may, during the next three years, viz., 1951-53, be reqd. by this Govt. for ~~allotted to~~ each subject in the order of priority.

p 3 ea

p 6 ante

The Home Dept. requires only two fellowships one in each of the next two years, viz., 1952 and 1953. The Public recommends that one fellowship each may be allotted for the subjects mentioned in Group A on page 55 c.f. in one or other of the years 1951 or 1952. In otherwords it seems that they require 5 fellowships for the next two years. The total number of fellowships required by this Govt. for the next three years will ~~thus~~ thus be 7.

(Previous note of this dept at pp. 6-7 ante): The notes of Fin & Edn at pp. 7-9 above ~~may~~ may be perused. The W.W.O.'s letter at p 55 c.f. may also be perused. It seems that five fellowships for the W.W.O. are not only unnecessary but also not intended. One fellowship in any one of the years 1951-1953 in item 4 on p 55 c.f. will do - i.e. in Family, youth & Child welfare. The U.N.O. have been operating a programme of Social Welfare Fellowships since 1947. India has been participating in the programme since its inception. The Govt. of India have now decided to draw up a plan of priorities for the next three years in consultation with State Govts., Universities, etc. and to communicate it to the U.N.O. to enable them to explore the possibility of fitting India's requirements into the general pattern of their Fellowships Programme. They have forwarded a list of subjects of observation in which the U.N. Programme generally provides facilities and a list of countries where such facilities are provided. The list of subjects of observation in which the U.N. Programme generally provides facilities and the Dept. concerned with them are:-

p 9 cf

The D.P.I. was consulted for remarks regarding this Govt.'s possible requirements in the next three years so far as Social Services are concerned. Home, Dev., Public and Health Depts. were also asked to examine the subjects with which they are concerned and to intimate their requirements in respect of these fellowships. The D.P.I. suggested that it would be helpful if facilities for observations are provided by U.N.O. in U.S.A., U.K. and Canada for the 2 scholars proposed to be sent abroad under the Modified Overseas Scholarships Scheme for undergoing studies in "Education and Welfare of the Blind" and "Education of the Mentally Defective". This Dept. considered that the study tours arranged for the overseas scholars as part of the 2 years course will be more suited to the needs of the candidates and the sponsoring Govt. and that the candidates who may be selected may not have the previous experience and qualification needed to profit by being selected as 'Observer' under the auspices of the U.N.O. The suggestion of the D.P.I. need not ~~was~~ therefore be ~~not~~ accepted. Dev. simply supported the proposal of the R.C.S. for the allotment of a fellowship for studies in Housing. Health Dept. who are mainly concerned with the subject 'Housing' considered ~~proposed~~ that no candidate need be sent for this subject ~~fellowships~~. The Home Dept. recommend that a ~~the~~ fellowship for each year may be allotted to them for the subjects mentioned below:-

The Public Dept. recommends that two fellowships may be allotted, one for "Family, youth and Child Welfare" (Woman Welfare Dept.) in any one of the year 1951-53 and the other for "Methods of Research and Social Studies." Thus the requirements of this Govt. will be only four fellowships as shown below:-
