subject: Duplicators - Change the existing duplicator in the Board of Revenue (Food Production) - Proposals.

pp 1-2 CF of (A)
(Removed)

In Boards Refr. no. 7924 F.P.V/a/50-1 d. 27-3-50, sanction was applied for a Gestetner Rotary Duplicator for the F.P. Branch of the Board of Revenue. No mention was made in the Boards Refr. of a particular model of Duplicator. The Govt. sanctioned the supply of one Gestetner Duplicator Model 3 (Hand feed) for use in this Branch - see GO. Rt. No. 104 Fdn. d. 28-4-1950.

p 5 CF of (A)
(Removed)

2. The Duplicator sanctioned in the GO. mentioned above was supplied to this office on the 3rd May '50. From the experience gained during the months of May, June and July, it is found that the particular model of duplicator in use in this office is not useful to take many copies ~~of matter~~ quickly. As this is a hand feed model, ^{for} every copy one sheet has to be inserted into the machine by the attender. This involves much waste of time.

The nature of work in this office ^{which requires maximum expedition} is such that ~~that delay can not be put up with~~. It will be seen from the statistics put up at (M) that a large number of copies are taken every day. (The number of copies

P.T.O.

taken during the period from 3-5-50 to 30-6-50 is 13,160. Notes for the meetings of the Cabinet Committee for Food Production have to be copied and sent to members of the Committee at short notice and a machine which can be operated quickly will be of great help.

2. In the circumstances stated in para 1 on pp 1-2 above, there is absolute necessity for an ^{hand operated} ~~electrically~~ operated Gestetner (Rotary Model 130T) duplicator.

The Education Department may be requested to consider the above proposal and to amend G.O. Pt No. 104 Edn dt 28.4.50 suitably.
