Sir,

Sub:- Schools - Secondary - introduction of teaching practice as one of the bifurcated courses in selected schools-proposals deferred by Government - ~~Reconstruction~~ reconsideration requested-

Ref:- G.O.Ms.No.235 Education dated 31-1-50

(D) 70-119

The primary object of the scheme is to increase the annual out-turn of trained teachers to meet the rising demands of educational expansion in the Province without much cost to Government as the present out turn of teachers under the existing training scheme is too inadequate. p. 1 of (D) The Government have been anxious to introduce the scheme even from the two years past. There is no expense to Government for equipment, building, etc as in the case of other schemes and even in regard to the employment of an additional teacher for the scheme, the Government have paras 55-56 of (D) ordered that the grant should be calculated as in the case of ordinary teaching grant.

2. Moreover, the proposal is to be tried as an ex- p 37 of and p 58 of ibid perimental measure only in 25 selected schools during the year 1950-51, if the proposal is approved.

3. I may add that I have not submitted any proposals for the opening of additional training schools or for opening additional sections in the existing training schools in the hope that Government would sanction the introduction of Teaching practice in the selected 25 schools during the year 1950-51. I may also point out that the ~~profe-~~ ~~ssion courses~~ progressive conversion of existing training schools to Basic train' schools has reduced by more than half the existing pro' sion of training facilities in the 17 training school

so far converted, e.g., the Government Training School Badagara, had 8 sections and a strength of 330 before conversion, but only 4 sections and a strength of 160 after conversion owing to limitations of basic trained staff and increased accommodation required for basic training. To defer the scheme at this stage will, in addition to being a matter of disappointment to several managements of schools which have been awaiting the introduction of the course with effect from the next school year, also ~~but~~ affect the supply of teachers which needs to be increased urgently.

4 I therefore request that Government be pleased to reconsider the matter and pass orders on the scheme.

Yours faithfukky,

14. 2. 50

Director of Public Instruction.

95/24

pp1-2g

From the Director of Public Instruction, R.C.No.729-BI/49 dated the 9th February 1950.

MEMO NO. 12186-BI/50-1 Edn dt 24/2/50

DP 24/2/50

The Director of Public Instruction is requested to report on the following points:-

(i) whether the candidates after s~~u~~tudying 'Teaching Practice' in secondary schools and undergoing training in a training school for a period of one year will compete unfairly with those trained in the ordinary training school ~~Who put more years of study than the former~~.

x para 2 on p 19 g (D)

(ii) whether the introduction of the subject will

PTO

4
~~-2-~~

reduce the attraction ~~of~~ for the training course in the ordinary training institutions, ~~and~~

(iii) whether, in any case, the training given under the ~~teaching~~ bifurcate course of 'Teaching Practice' in secondary schools will be inadequate when compared to that in regular ~~the~~ training schools; and

(iv) whether ~~the~~ "teaching practice" in Secondary Schools will be at the expense of the ordinary curriculum, and if so how many periods are proposed for this subjects and from what subjects.

MADRAS.

ASSISTANT SECRETARY
11 MAR 1950
EDUCATION DEPARTMENT

Rc.No.729 B1/48 dated 8th March 1950

p/p3-4 ante

Sir,

Sub:--SCHOOLS--Secondary--Introduction of 'teaching practice' as one of the bifurcated courses in selected Secondary Schools.

1736
9/3

Ref:--Government Memorandum No.12186-B1/50-1 Education dated 24--2--50.

****

The following information is furnished on each of the four points raised therein seriatum.

(i) There is no question of competition when the supply of trained teachers is many times short of the demand.

(ii) Since the course is to be introduced in the first instance only in 25 Secondary Schools as against 160 training schools and will qualify a teacher only after four years against, two years of ordinary training it cannot have any rival attraction as against ordinary two years' training.

(iii) General Education and Teaching preparation go side by side in the new course. Hence the latter will not be inadequate.

(iv) The curriculum will be the same as for academic or pre University course except for the substitution of Arts and Crafts by 'teaching' which will include practice in Crafts which are to be the basis of the teaching.

Yours faithfully,

10/3

For Director of Public Instruction

Clb.9--3--50 10/3.

(D)/49

In 1948, the Government ordered the introduction of ~~the following~~ bifurcated courses of studies in 50 selected secondary schools:-

(i) Secretarial, (ii) Engineering, (iii) Agriculture, (iv) Drawing and Painting, (v) Domestic Science and Cookery, and (vi) Music and Dancing.

The above courses have been introduced in ~~about 100~~ 50 schools ~~in~~ during the school years ~~1948-49 and~~ 1949-50 and they will be introduced in 26 schools in the ~~ou~~ next school year at the rate of one school for each district.

20/395
29/5/48

(D)/50

as one of the bifurcated courses from Form IV in the secondary schools was ~~had been~~ under consideration during ~~since~~ 1947-48 and it was decided by the Cabinet in February 1949, that the course might be introduced as an experimental measure in 25 selected schools where there is was a minimum strength of 20 pupils. The Provincial Advisory Board of Education recommended that the course might be introduced (to meet the shortage of trained teachers,) as a temporary measure from Form V, instead of from Form IV as in the case of the other bifurcated courses. This recommendation was accepted and the Director of Public Instruction was asked to revise the syllabus to suit the introduction of the course from Form V and to renew the proposal for consideration in connection with the Budget for 1950-51. He did so; but the introduction of the course ~~it~~ was ordered to be deferred on the recommendation of the Standing Finance Committee.

3. The additional staff to be employed for teaching the course is one L.T. Assistant in every school selected for the introduction of the course. The expenditure on the employment of the teachers in the ~~two~~ Government schools will have to be (entirely) met from Provincial funds and ~~[illegible]~~ teaching grants at one-half and two-thirds of the cost respectively, will have to be paid to local bodies and private managements respectively which introduce the course in schools under their control. The existing maximum limit of Rs 1,450/- for recurring grant for a bifurcated course will be applicable to this course also. In order to encourage the students to take to the course, it is considered necessary to allow them full fee remission and also to pay them a stipend of Rs.5/- in Form V and Rs.7/- in Form VI for ten months in a year. The managements of non-Government schools will also be paid full compensation for the loss of fee income in addition to the ~~subsidy or~~ teaching grant. The students taking to the study of the course will be required to give an undertaking that they will undergo the Teachers' Training course after completing the S.S.L.C. Course and to execute an agreement under rule 125 of the Madras Educational Rules as is being done at present by the pupil trainees in the training institutions.

4. The Director has now reported that he has not submitted any proposal for the opening of additional training schools or additional sections in existing schools in the

p.19

expectation that the proposal to introduce 'Teaching Practice' as a bifurcated course will be approved by Government and that on account of the conversion of the existing training schools into basic schools, the existing faciliti~~es for~~ the training of teachers has been reduced by more than fifty per cent. He considers that if the proposal is deferred, it will be a disappointment to the schools which have promised to ~~intrdce~~ introduce the course and it will also affect the supply of trained teachers required in large numbers. He, therefore recommends that the matter may be reconsidered and that the proposal may be approved. The proposal is a sound one and it will go a long way towards remedying the present dearth of teachers, especially for the adult schools. Some of the pupils who take to the course may be used as part-time teachers in such schools, even though they are employed in other avocations. This department agree with the Director's recommendation. The Finance Department have suggested that as the proposal was not approved by the S.F.C., in connection with the Budget for 1950-51, it should be placed again before the Committee and the Cabinet for orders. When the file was circulated, the following minutes were recorded:-

NOTE FOR THE CABINET.

Subject: Introduction of 'Teaching Practice' as one of the bifurcated courses of studies in twenty-five selected secondary schools in 1950-51.

In 1948, the Government ordered the introduction of the following bifurcated courses of studies in 50 selected secondary schools:

(i) Secretariat, (ii) Engineering, (iii) Agriculture,
(iv) Drawing and Painting, (v) Domestic Science and
Cookery, and (vi) Music and Dancing.

The above courses ~~have been~~ were introduced in 50 schools during the school year 1949-50 and they will be introduced in 26 schools in the ~~next~~ current school year at the rate of one school for each district.

2. The proposal to introduce 'Teaching Practice' as one of the bifurcated courses from Form IV in the secondary schools was under consideration during 1947-48 and it was decided by the Cabinet in February 1949, that the course might be introduced as an experimental measure in 25 selected schools where there was a minimum strength of 20 pupils. The Provincial ~~Board of~~ Advisory Board of Education recommended that the course might be introduced as a temporary measure to meet the shortage of trained teachers from Form V instead of from Form IV as in the case of the other bifurcated courses. This recommendation was accepted and the Director of Public Instruction was asked to revise the syllabus to suit the introduction of the course Form V and to renew the proposal for consideration in connection with the Budget for 1950-51. He did so; but the introduction of the course was ordered to be deferred on the recommendation of the Standing Finance Committee.

3. The additional staff to be employed for teaching the course is one L.T. Assistant in every school selected for the introduction of the course. The expenditure on the employment of the teachers in the Government schools will have to be met entirely from Provincial funds and teaching grants at one-half and two-thirds of the cost ~~respectively~~, will have to be paid to local bodies and private managements respectively which introduce the course in schools under their control. The existing maximum limit of Rs 1,450/- for recurring grant for a bifurcated course will be applicable to this course also. In order to encourage the students to take to the course, it is considered necessary to allow them full fee remission and also to pay them a stipend of Rs 5/- in Form V and Rs 7/- in Form VI for ten months in a year. The managements of non-Government schools will also be paid full compensation for the loss of fee income in addition to the teaching grant. The students taking to the study of the course will be required to give an undertaking that they will undergo the Teachers' Training Course after completing the S.S.L.C. Course and to execute an agreement under rule 125 of the Madras Educational Rules as is being done at present by the pupil trainees in the training institutions.

4. The Director has reported that he has no submitted any proposal for the opening of additional training schools or additional sections in existing schools in the expectation that the proposal to introduce 'Teaching Practice' as a bifurcated course will be approved by Government and on account of the conversion of the existing training schools into basic schools, the existing facilities for the training of teachers has been reduced by more than fifty per cent. He considers that if the proposal is deferred, it will be a disappointment to the schools which have promised to introduce the course and it will

also affect the supply of trained teachers required in large numbers. He, therefore recommends that the matter may be reconsidered and that the proposal may be approved. The proposal is a sound one and it will go a long way towards remedying the present dearth of teachers, especially for the adult schools. Some of the pupils who take to the course may be used as part-time teachers in such schools, even though they are employed in other avocations. This Department agree with the Director's recommendation. The extra cost involved in the proposal is Rs 34,300/- immediate and Rs 1,50,700/- ultimate. The Finance Department have suggested that as the proposal was not approved by the Standing Finance Committee in connection with the Budget for 1950-51, it should be placed again before the Committee and the Cabinet for orders. When the file was circulated, the following minutes were recorded:

> "This will in no case be a loss, as the people who take this course will reduce their course of training by one year".

From the Director of Public Instruction, R.C.No. 729-BI/48 dated the 8th March 1950.

Advance Secy
31/7/50

ORDER MS.NO. 2153 EDUCATION, dated 31/7 1950.

Vide the Cabinet decision ap. 17 g

The Government approve, as an experimental measure, the introduction during the school year, 1950-51, of 'Teaching Practice' as one of the bifurcated courses of studies in Form V in the twenty five selected (Secondary) schools specified in the annexure to this order. If any of those schools withdraw or are subsequently found unsuitable ~~to introduce~~ for the introduction of the course, the Director of Public Instruction ~~is permitted to~~ may substitute in their places other suitable schools & report to Govt. the names of the Schools thus substituted.

(D)/67 g - para 2

2. Sanction is accorded to the employment, from the date of joining till the end of the school year 1951-52, of an L.T. Assistant for teaching the course in each of the Government Secondary and Training School for Women, Cannanore and the Syed Murthuza High School, Tiruchirapalli, on the scale of Rs. 85--175 with the usual allowances admissible to them. ~~The managements of~~ In respect of schools under local bodies and private ~~agencies~~ managements will be paid teaching grant at one half and two thirds respectively of the expenditure on the employment of an L.T. Assistant in their schools, subject to a maximum of Rs.1,450/- (Rupees one thousand four hundred and fifty).

(D)/68 g

EDUCATION AND PUBLIC HEALTH DEPARTMENT (BI)

SCHOOLS - Secondary - Introduction of 'Teaching Practice' as one of the bifurcated courses in selected secondary schools.

From the Director of Public Instruction, R.C.No.729-BI/49 dated the 9th February 1950.

pp1-2 g

The proposal to introduce 'Teaching Practice' as one of the bifurcated courses in secondary schools in this Province had been under consideration from 1947-48, ~~and~~ It was decided by the Cabinet in February 1949, that the course might be introduced as an experimental measure in 25 selected secondary schools, where there was a minimum strength viz 20 pupils. The proposal was subsequently placed before the Provincial Advisory Board of Education for its views and it recommended that the course might be introduced from ~~Fform~~ Form V instead of from Form IV as a temporary measure to meet the shortage of trained teachers. This recommendation was accepted by the Government. As it was then too late ~~to~~ to introduce the scheme in the current year ~~to give effect to the scheme~~, the D.P.I. was asked to revise the syllabus already prepared to suit the introduction of the course from Form V and to renew the proposal for consideration as a Part II Scheme for 50-51. The Director accordingly submitted proposals costing ~~and the cost of~~ Rs.1,50,700 ~~and~~ Ultimate and Rs.34,300 immediate. ~~In connection with the next year's budget, The proposal was considered and~~ The Standing Finance Committee of the Cabi decided that the proposal might be deferred. H.M. (E & L) did not ~~wish to~~ press the proposal at the meeting of the Cabinet, when it considered the Part II Schemes for 50-51. Orders deferring the proposal were issued in G.O.No. 235 Education dated the 31st Jan. 1950.

2. The main object of introducing the subject as one of the bifurcated courses is to increase the output of the trained teachers ~~and~~ to meet the rising demands of Ed

The expenditure involved in the proposal is only in respect of the employment of an L.T. Assistant ~~for~~ in each school for teaching the subject and on the payment of monthly stipends (Rs.5/- in ~~Fform~~ Form V and Rs. ~~[illegible]~~ 7/- in ~~Fform~~ Form VI for ten months in a year) to the students who will take up this subject. They will be exempted from payment of tuition fees and compensation will be paid to managements for the loss of fee income. The schools under the managements of local bodies and private agencies will be paid teaching grant at half and two-thirds of the net cost. The Director reports that he has not submitted any proposal for the opening of additional training schools or additional sections in existing schools on the ~~expecation~~ expectation that the proposal to introduce the subject of 'Teaching practice' as a bifurcated course will be approved by Government and that on account of the conversion of the existing training schools into basic schools, ~~has reduced~~ the existing faciliting for the training of teachers has been reduced by more than fifty per cent. The Director considers that the deferring of the proposal will in addition to being a disappointment to the schools ~~which~~ which have promised to introduce the course, ~~will also~~ affect the supply of trained teachers which is urgent. He, therefore, recommends that the matter may be reconsidered by Government and the scheme approved.

Finance(Exp.A.)Deptt.

In accordance with the recommendation of the S.F.C. which considered the Part II Schemes for 1950-51, the D.P.I. was informed in G.O. 235 Edn. d/31-1-1950 that the proposal for the introduction in 25 selected secondary schools during the school year 1950-51 of 'Teaching Practice' as one of the bifurcated courses of studies should be deferred. For the reasons given in his letter on pp.1-2 C.F., the D.P.I. urges ~~th~~ a reconsideration of the above decision. A short history ~~and~~ with the details of the scheme ~~together with Finance's~~ and its financial implications will be found explained in the Part II Scheme note at pp. 49-50 N.F. of the G.O. at (D). The Edn. Department propose to take orders in circulation as to whether the scheme may be treated as one for introduction in the course of the next year (1950-51).

'K' on p.51.N.F. and orders on p.52 N.F. of (D).

(D) pp 70-71 c.f.

See also pp 1-2 above

cf 'X' on pp 2 and 3 above.

2. As the scheme was not approved by the S.F.C. and the Cabinet in connection with the Budget proposals of 1950-51, it has to be placed again before the S.F.C. and the Cabinet, if it is to be considered as a new scheme of expenditure to be introduced in the course of 1950-51. In the circumstances stated by the D.P.I., Edn. may be requested to take orders in circulation including H.M.(Fin.) as to whether the matter may be referred to the S.F.C. and the Cabinet.

cf pp 51-52 N.F. of (D).

pp1-2 C.F.

The Scheme is estimated to cost Rs 1.51 lakhs ultimately and Rs .34 lakh in 1950-51 and it will be recurring.

SUMMARISING NOTE.

The proposal in this file relates to the introduction of 'Teaching Practice' as one of the bifurcated courses of tudies in secondary schools in this ~~Province.~~ State. This roposal has been under consideration from 1947-48. ~~It was~~

P.T.O.

---

p 44 of in G.O. 235 Edn 31.1.50 (D)

It was decided by the Cabinet in February 1949, that the course might be introduced, as an experimental measure, in 25 selected schools, where there was a minimum strength of 20 pupils. The Provincial Advisory Board of Education recommended that the course might be introduced as a temporary measure from Form V instead of from Form IV as in the case of the other courses. The Director of Public Instruction was asked to revise the syllabus to suit the introduction of the course from Form V and to renew the proposal for consideration in connection with the Budget for 1950-51. He did so; but it was ordered to be deferred on the recommendation of the Standing Finance Committee.

& p 51 of ibid

2. The Director has now reported that he has not submitted any proposal for the opening of additional training schools or additional sections in existing schools on the expectation that the proposal to introduce 'Teaching Practice' as a bifurcated course will be approved by Government and ~~that~~ on account of the conversion of the existing training schools into basic schools, the existing facilities for the training of teachers has been reduced by more than fifty per cent. He considers that if the proposal is deferred, it will be a disappointment to the schools which have promised to introduce the subject and it will also ~~be~~ affect the supply of trained teachers required in large numbers. He, therefore, recommends that the matter may be reconsidered and that the proposal may be approved. The ultimate and immediate recurring expenditure involved in the proposal is estimated at Rs.1.51 lakhs and .34 lakh~~s~~ respectively. This Department agree with the Director's view. The Finance Department have suggested that as the proposal was not approved by the Standing Finance Committee in connection with the Budget for 1950-51, it has to be placed again before the Committee and the Cabinet and that orders may be obtained in circulation including H.M.(Fin) in the matter.

3. The file may now be circulated to H.M.(E & L),

H.M.(Finance) and H.C.M. for orders whether the proposal may be placed before the Standing Finance Committee and the Cabinet for orders.

29/3/50
USRE 29.3.50

30-3-50

This is quite a sound proposal: and may go a long way towards remedying the present dearth of teachers, especially for our adult schools: Some of these High School boys who do "teaching practice" for their High School may be used as part time teachers in such schools – even when they are employed in other avocations after leaving school.

May be placed before the S.F.C. & Cabinet.

30.3.50.

This will in no case will be a loss, as the people who take this course will reduce their course of training by 1 year
