From Janab R. Siddique, Superintendent, Government Press, Madras. To The Secretary to Government, Education Department, Fort St. George, Madras. No. 183/SBC-3/50, dated 10-6-1950.

Sir, Sub: Pension - Re-organization of the Existing pension system - Revised scheme of pension - Provident Fund - Insurance sanctioned - Additional staff in the Ministerial section - proposals submitted. Ref: G.O.No. 365 Finance (Pension) Department, dated 28-3-1950.

With reference to the G.O. cited above, I submit that a combined pension-cum-Provident Fund-cum-Insurance Scheme is to be introduced in lieu of the existing pension system with effect from 1-4-50 in respect of superior Government servants in the Government Press, Madras.

The total number of employees in the Government Press, Madras is 1995 excluding the staff at the Branch Press, Pudukottai of which Government servants without any substantive appointment and Government servants in superior service with a total service of less than ten years are about 500 and the new pension system will be applied to these employees. These rules shall be applied to every future entrant to Government service in the Government Press, Madras and the number coming under this scheme will increase as old hands retire by efflux of time and new hands are employed in their places.

In addition to the current work the Establishment staff cannot cope up with the increased work connected with the revised scheme of pension - Provident Fund - Insurance as per rules and regulations contained in the G.O. referred to above in respect of persons who are brought under this scheme. The section is already in heavy arrears and many service registers are not up to date. I consider that a separate section under the supervision of a responsible Accountant, is necessary for efficient accounting and reconciliation of figures with the Accountant-General and to watch the timely renewals of Insurances by employees. The section will be named "FUND SECTION" and will solely deal with the cases in connection with the scheme and it will be responsible for its proper working. Under the circumstances stated the following additional staff may be sanctioned for a period of one year in the first instance.

- 1 Accountant on Rs 80-125
- 2 Lower Division Clerks on Rs 45-90
- 1 Attender on Rs. 24-35.

It is true that the Establishment and Pay bill sections in the Press are in arrears and that many service registers are not up to date. The officer who was in charge of the supervision work over these sections has to explain this. The defects are not due to want of staff but to want of supervision.

I have dealt with this in a report recently submitted. The question of extra staff for calculating arrears and making payments made necessary by the salary revision.

For the work mentioned above, I think it will be sufficient to sanction one upper division clerk & no more.

I may also suggest, that whenever there is a proposal from the Government Press for extra staff, or if there is any other important proposal, the concerned Assistant Secretary may come to the Press and study the facts thoroughly at first hand. It is well worth it. The Govt Press office in its present state is not very reliable.
