The Secretary to Government,

Education Department, Madras.

R.C. 316 SE-2/50 dated 17-5-50.

Sir,

Subject:-

Adult (Social) Education- Adult Literacy Schools-

(i) Appointment of more than one teacher in adult schools during the first year and (ii) opening of more than one school in big localities.

----

Ref:- Rule 8 of Government Order 2204 Edn. dated 4-9-48.

-----

The attendance in most of the adult education centres is below 15 but in big centres that are opened in thickly populated areas the attendance of an adult school is more than 20. Adult teachers of such centres find it extremely difficult to conduct the school without the help of an assistant.

A

I therefore request Government to kindly sanction the appointment of more than one teacher to adult schools in their first year course if attendance justifies it as per rule 8 of the Government Order referred to above. A teacher for every twenty adults in average attendance may be allowed. Also, permission may be granted to open more than one centre in localities where the population is more than 1,000/-

Yours faithfully,

The DOP is requested to submit a report as to how many adult schools are functioning in the Province and what arrangements have been made to supervise these schools. The Govt considers that further expansion of adult edu on the lines indicated in his letter cited, should not be taken up unless there is definite information to convince Govt that adult schools have started, actually, functioning and are being supervised adequately.

2. The proposal that an addl. teacher may be sanctioned for more certain circumstances will be considered after this report has been received.

Sub:--ADULT EDUCATION--Employment of a second teacher  
in the first year class.

It will be seen from the syllabus for Adult Literacy schools that two types of courses are offered in Adult Literacy Schools viz:--

1. Social Education Courses run for 4 months to cover the literacy portion and as much as possible of the rest of the syllabus for the first year.
2. Intensified Social Education Courses as per the entire syllabus for 3 years.

✓ It has been reported that a number of schools have past the four months course and a suggestion has been made whether a second teacher may be employed during the first year course, so that one may run the reading and writing course of four months and the other may go on with the follow up work leading the adults to the standard of reading a newspaper.

3 With reference to rule 8 of G.O.No.2204 Education dated 4-9-48 an adult literacy school need have only one teacher for 20 pupils and there is no provision for the employment of a second teacher in the first year course. In my letter Rc.No. 316 S.E./50 dated 17-5-50 Government have been addressed for the provision of a second teacher in the 1st year course on the basis of a teacher for every 20 adults in average attendance.

4 Similar if the average attendance of the adults of the post literacy group in the first year class is 20 and above, I recommend the employment of an additional teacher. If this is approved the additional teacher can concentrate more on the post literacy group of adults while the first teacher will devote himself to the literacy group.

Re: 3902 T.E. 2/50 dated 12th June 1950.

Sir,

Subject: ADULT EDUCATION--Employment of a second teacher  
in the first year class.

It will be seen from the syllabus for Adult Literacy  
schools that two types of courses are offered in Adult Literacy  
schools viz:--

1. Social Education Courses run for 4 months to cover  
the literacy portion and as much as possible of the rest  
of the syllabus for the first year.

2. Intensified Social Education Courses as per the  
entire syllabus for 3 years.

It has been reported that a number of schools have  
past the four months course and a suggestion has been made  
whether a second teacher may be employed during the first year  
course, so that one may run the reading and writing course of  
four months and the other may go on with the follow up work  
leading the adults to the standard of reading a newspaper.

With reference to rule 3 of G.O. No. 3204 Education  
dated 4-3-48 an adult literacy school need have only one teacher  
for 30 pupils and there is no provision for the employment of a  
second teacher in the first year course. In my letter No. 3902  
T.E. 2/50 dated 17-5-50 Government have been requested for the  
provision of a second teacher in the first year course on the basis  
of a teacher for every 30 adults in average attendance.

Similarly, if the average attendance of the adults  
of the post literacy group in the first year class is 30 and  
above, I recommend the employment of an additional teacher. If  
this is approved the additional teacher can concentrate more on  
the post literacy group of adults while the first teacher will

R.C.No. 316 S.E. 2/50 dated 24-6-1950

Sir,

SUBJECT: Adult Education--Adult Literary schools--  
Appointment of additional teachers.

REFERENCE: Govt. Memo No. 12314--C/50-1-1 Edn. dated  
9-6-1950

I invite your attention to my letter R.C.No.

7 SE.2/50, dated 9-6-1950 with which particulars relating to  
the number of schools recognised and aided during 1949-50  
together with the strength of the school were already  
furnished. Precise data regarding the number of teachers  
working in the adult schools and under whose managements the  
schools are functioning have been called for from the  
Divisional Inspectors. From the particulars already  
collected and submitted to Government it will be seen that  
the strength of the schools ranges from 11 to 90.

As regards the arrangements made for supervision  
of the schools, I may state that the Subordinate Inspecting  
Officers visit the schools and conduct inspection as usual.  
It may be in point to mention that the number of Elementary  
schools assigned to a Deputy Inspector has lately been  
reduced to 60 only, 2 adult literacy schools being equated  
to one Elementary school for purposes of this assignment.  
As such it would be seen that a Deputy Inspector would now  
be able to supervise adult literacy schools effectively.

Yours faithfully,

for Director of Public Instruction

In the circumstances reported by the D.P.G. the Govt. authorise him to sanction grants to the additional teachers employed in the first year class in Adult literacy schools if the strength of such class exceeds 20. But the adult teacher should be employed only if the increase is substantial. The D.P.G. is requested to report how many schools are likely to be started in centres having a population of more than 1000 and whether the number of such schools will exceed the <sup>maximum</sup> number of schools (1150) for which grants can be disbursed from the

SUB: ADULT EDN. - Adult Literacy Schools - Appointment of more teachers - Opening of additional Schools in big localities.

REF: From the D.P.I., No.316 SE-2/50, dated 17-5-50.

Under the scheme of Adult Edn. sanctioned in the year 1948-49 each school for adults will contain 3 classes with one teacher incharge of each. It was anticipated there might not be more than 20 adults in each class. D.P.I. now reports that the no. of adults in the first class has exceeded the limit of 20 in some centres. He suggests that the services of an assistant are necessary to educate the adults in the first year class. In the circumstances managements of adult schools having more than 20 adults in the I (year) class may be permitted to employ an assistant for the class and claim a grant in respect of Assistants also. In the interest of adult edn., the extra expenditure should not be grudged. It may not be possible for the Director to estimate the extra cost. The cost will be very small as the number of such centres will be very few.

2. The Director also asks for permission for the opening of more than one adult school in localities having population of more than 1000 people. There is no need to stipulate a minimum population for localities to have more than one adult school. The Director may examine the needs of particular localities and sanction the opening of as many adult schools as may be necessary for the locality, with reference to the enthusiasm of adults in the locality. To accelerate the spread of Adult Edn., general permission as indicated above may be granted.

3. Finance may see for remarks before circulation.

"It would be better that a Dy. Insp. should now be able to supervise adult literacy schools effectively."

Yes. Every one agrees that he would be able to supervise. But the question is "Does he?" I should expect the Head of a Dept. to be able to say.

"These schools are now being effectively supervised by Dy. Insps." That is exactly what the D.P.I. is not able to say.

These schools are night schools. We all know the old story of night schools under the old system. A lot of time and money is wasted. Some story should not be repeated in respect of these D.P.I. 6/5

Finance (E III)

Notes on pp.1-2 above may be perused. The D.P.I. has requested that an additional teacher may be employed in those adult schools if the average attendance of the adult, x of the post-literacy group in the first year class is 20 and above, and that more than one centre may be opened in localities where the population is more than 1000. The extra cost ~~xx~~ of the proposals has not been estimated by the D.P.I. Education apparently agree to the proposals.

2/. Appointment of an additional teacher in adult schools with more than 20 in the 1st year class.

With reference to the rule 8 of G.O.No.2204 Education dated 4-9-48, an adult literacy school need have only one teacher for 20 pupils and there is no provision for the employment of a second teacher in the first year course.

It is seen that an Asst. is not necessary just because the strength of the adult ~~xxxxx~~ classes in the First year class is just above 20. It will be enough to employ an Assistant if the strength is <sup>30</sup> ~~25~~ or over. The expenditure on account of the proposal has not been estimated but the extra cost is expected to be small.

3/. Opening of more adult schools in localities having more than 1000 population.

It seems desirable to know how many schools will have to be opened on the strength of the population - basis as stated above. A report may be called for from the D.P.I.

4/. The extra cost of the proposals will be met in this part of the Govt. India on a 50:50 basis. Presumably be met out of the Government of India grant of Rs 6.86 lakhs towards Adult Education in the State. ~~There have already deposited a sum of~~ the expenditure on the scheme

Ref: 1. G.O.No. 1709 Edn. dated 7-6-50

2. G.O.No. 2195 Edn. dated 4-8-50

In sub para 1 under rule 10 of the rules for Adult Literacy Schools issued in G.O.No. 2304 Edn. dated 4-9-48 it has been laid down that for the first 2 years from the date of coming into force of these rules, grants may be paid to Adult Literacy Schools which maintain a minimum of 10 pupils in average attendance. This concession has been extended for a further period of one year from 3-9-50. In G.O.No. 2195 Edn. dated 4-8-50 Government have authorised payment of grants to an additional teacher in the first year class provided the strength of the class substantively exceeds 20.

A question has been raised whether grant may be allowed for an additional teacher when the average attendance in both the first and the second year classes put together exceeds 20. I presume that grant may be paid to an additional teacher provided the minimum average attendance of 10 is maintained
