Fin. (Accts.) Deptt.

The questions for consideration are--

(i) whether the present stock in the Government Press
of the bulletins of the Teachers' College, Saidapet listed
at 'X' on p. 3 c.f. which were published between 1922 and
1931 and considered out of date and useless by both the
Principal, Teachers' College and the D.P.I. may be disposed
of as waste paper, as suggested by the S.G.P., or

(ii) as suggested by Education, they may be transferred
to the Principal, Teachers' College for such use as he may
deem fit to make of them for educational purposes, with
instructions that he may distribute copies free to other
institutions of his choice. ~~Their book value may be~~
~~written off.~~

In either case, the book value of Rs. 1,323 will
have to be written off. But while some receipts will be
realised on account of sale of the stock as waste paper
under the first alternative, some expenditure will have to
be incurred under the second alternative, in transferring
the unwanted bulletins to the Principal, Teachers' College
and in their distribution by the latter to other institu-
tions.

Fin. may advise that the first alternative may be
adopted.

p. 2 ante

The S.G.P. brought to the notice of Govt.
that the Teachers' College Bulletins mentioned at X on
p. 3 cf. were having limited sale and requested orders
of Govt. to dispose them off as waste paper. The Principal
Teachers' College is also stated to have reported that the bulletins
are out of date and that they will not be useful to teachers
and schools. But as the publications seemed useful this
dept. considered that they need not be treated as waste
paper but transferred to the Principal Teachers' College
for such use as he may deem fit to make of them for

for educational purposes with instructions that he may distribute copies free of cost to other institutions of his choice.

2. Finance state that while some receipts will be realised on account of sale of the stock as waste paper, some expenditure will have to be incurred in transferring the unwanted bulletins to the Principal Teachers' College and in their distribution by the latter to other institutions and suggest that the first alternative (i.e) disposal of the publication as waste paper, may be adopted.

3. In view of the remarks of the ~~Principal Teachers' College~~ on p 4 of, it is ~~for orders whether~~ This dept may accept the views of Finance at X above ~~may~~ & the draft on p-1 ante may be revised

Educational methods have changed fast & probably as observed by the Principal of the Teachers' College these old bulletins may not be of much use.

We may therefore reconsider the views in our note on p 2 ante & agree to treat these publications as waste paper - and other heads of Dept. The D.P. I ~~for~~ ~~to~~

and departments of the Secretariat may be instructed to see that estimates of the number of copies of publications pertaining to their departments are fairly accurately made in order that there may not be many unwanted copies to be treated as waste paper. The S.P. should also keep an eye on the number of copies to be printed - A draft order and a draft no note may be put up
