EDUCATION DEPARTMENT.

Office of the Director of  
Public Instruction, MADRAS  
Dated: 16th May 1950.

R.O.C. No.306-J/47

From

The Director of Public Instruction,  
MADRAS.

To

The Secretary to Government,  
Education Department,  
Fort St. George,  
MADRAS.

Sir,

Sub: "NEW EDUCATION" - Minutes of the meeting  
of the Editorial Board held on 4th April 1950.

Ref: i) Government Order Ms. No.1693 Edn.,  
dated 24-5-49  
ii) Government Order Ms. No.2547 Edn.,  
dated 10-8-49.

...

In accordance with the suggestions of the Editorial  
Board at its meeting held on 4-4-1950 (extract enclosed) I  
have to honour to request Government;

i) that a copy of either one of the issues of "New  
Education" may be supplied to the Deputy Inspectors' Offices  
or that ~~may be~~ they may be permitted to subscribe for it, if  
they so desire from the allotment for "Books and Periodicals",

ii) that up-to 50 copies of the off prints may be taken  
by the Editor of the above magazine to supply to the contributors  
who, in advance, ask the Editor for them at the time of contribu-  
ting articles; and

iii) that an additional post of an attender in the usual  
scale of pay may be sanctioned to help the clerk in despatching  
the journals promptly to subscribers since, in practice, it has

3/29

been observed that the despatch of the journals is often delayed <sup>whether</sup> with the pressure of work in typing out the articles by the clerk at the time of their publication. The post is also very necessary to enable the clerk to check up the duplicate proffs and to carry on ~~xxx~~ correspondence with the Editor during the weeks of despatch.

2. I request that the Government may be pleased to pass early orders on the above.

Yours faithfully,

*D. P. Paulaniche*

Extracts from the Minutes of the Editorial Board "New Education"  
Held on 4-4-1950:

2) The Board was of opinion that the Editor should write to the Director of Public Instruction, requesting that Government may be addressed to order free supplies of the journal either one copy to each Deputy Inspectors' Office, or that the Deputy Inspectors of Schools should be permitted to subscribe for the journal, if they wished to do so, from the allotment for books and periodicals.

3) (b) Referring to the request of certain contributors for off prints of articles, the Board authorised the Editor to send a few copies (not ~~more~~ more than 10) to contributors who had made such requests till now and to get Government sanction for taking reprints (not more than 50) of articles, whose contributors had asked for reprints in advance, at the time of contributing articles.

4) (c) Over the question whether the Editor requires additional help, Mrs. Lakshmi drew the attention of the Board to the statement that the management was not quite satisfactory. She stated that despatch of 1500 journals took up more than a month, whereas despatch ought to be over within a fortnight of publications; else, the subscribers had a right to complain of late receipt of journals. Though "New Education" was a quarterly, the clerk was fully occupied throughout with typing out articles, correspondence and visits to the press and to advertisers etc; additional help had to be given him from the office occasionally; and he was not free to help the Editor with a check up of the duplicate proof or correspondence during the weeks of the despatch. The Editorial Board advised the Editor to ask again for the post of an attender to be sanctioned in connection with "New Education" work.

Extract from the minutes of the Editorial Board "Newspaper" held on 4-4-1950:

2) The Board was of opinion that the Editor should write to the Director of Public Instruction, requesting that Government may be addressed in order free supplies of the Journal either one copy to each Deputy Inspector, or that the Deputy Inspectors should be permitted to purchase for their Journal, if they wished to do so, from the allotment for books and periodicals.

3) (a) Referring to the request of certain contributors for off-prints of articles, the Board authorised the Editor to send a few copies (not more than 10) to contributors who had made such requests. It was also agreed that Government sanction for such requests should be obtained in advance, at the time of contributing articles.

4) (c) Over the question whether the Editor requires additional help, the Board drew the attention of the Editor to the fact that the newspaper was not doing satisfactorily. It was stated that the newspaper took up more than a month, whereas the normal time to be over within a fortnight of publication. It was also stated that the Editor had a right to complain of late receipt of articles. The Board's decision was that the Editor was fully occupied throughout with typing and editing, correspondence and visits to the press and to universities and additional help had to be given him from the office occasionally. It was not free to help the Editor with a check up of the quality of articles or correspondence during the week of publication. The Editorial Board advised the Editor to ask within the week of an applicant to be sanctioned in connection with the newspaper work.

For Director of Public Instruction

The Journal properly to be published in practice.

Finance (Exp.B) Dept

The case relates to the following proposals of the Director of Public Instruction.

- (1) To supply copies of the Magazine "New Education" to the Deputy Inspectors' Offices.
- (2) To supply copies of off-prints to the contributors of articles., and
- (3) To employ an attender, under the Editor to handle the clerk in despatching the copies of the magazine etc.

As the supply of a copy to each of the 342 Deputy Inspectors would involve the use of large quantity of paper, and as the present circulation of the magazine did not justify the need for the employment of an attender, Education Department is inclined to accept only the proposal of the D.P.I. to supply copies of off-prints of articles to contributors. This Department may agree with Education and return the case to them.
