[Despatch Abstract.]

Schools — Lawrence School, Lowdale — Award of Scholarships — Papers recorded.

Tuition and Boarding fee per boy per annum is Rs.1,200/-, and the other incidental expenses would amount to a further Rs.600/- per boy per annum. I am prepared to stretch my own resources to the utmost extent, sacrifice all my own interests in life, and, to some extent, the interests of my other children, and meet the entire incidental expenses of both the boys, amounting to about Rs.1,200/- per annum. What is requested of the Madras Government is that they should undertake to pay to the school authorities their Tuition and Boarding fees for the duration of their course of studies in that school, of course on the usual condition that the payment would be subject to a periodical review of their progress at school. I think that these two boys would easily fit into the Lower IVth and Lower IIIrd forms of the said school. It would, therefore, be noted that the obligation of the Government would be for four years in the case of one boy, and six years in the case of the other.

As the said school is scheduled to commence work from the 14th of March, and as the boys have to be admitted a few days in advance of the said date, I pray that this petition may be considered speedily and as a special case, and orders communicated to me.

Thanking you,

Yours faithfully,

20th Apl. 49.

Subject:- Lawrence Royal Military School - Lovedale

Dear Mr. Shetty;

I am not a little surprised to read in the Mail, a report of the answers given by you in the Assembly, on the above subject.

With a view to have two of my sons admitted into the above School, I have been in Correspondence with the Govt. of India, Ministry of Education, and the Principal of the said School, for the past two or three months, and the replies I have received to my letters reveal the following facts:-

i That the Govt of India have already taken over the School, and the same is now in full working order under their direct Control.

ii That the School and its classes have Commenced functioning from 1-3-49. The academic year in this School is from mid-February to mid-December, and not from July to April as in other Schools and Colleges in this Presidency.

iii That the total strength of the School as on 1-4-49 is 315, Composed of 285 European Children and 30 Indian Children. Almost all the Indian Children are from parts of India other than the Madras

10/

Presidency.

From the above irrefragable facts, I am inclined to think that you have not devoted any thought to the subject, and that you have been misled into making statements, apparently incorrect.

I shall, therefore, thank you if you can kindly make some investigations into the matter, and correct at the earliest opportunity the wrong impressions created in parents, like myself, who are anxious to have their children admitted into that school. Let not parents be complacent that there is still time — till the next academic year, as you stated — for them to think of admitting their children. If they want, they must have their children admitted within the next few days. If not, they will later find the school flood with children from other parts of India, and children of this Presidency completely barred, for want of accomodation.

In this connection may I suggest that Madras Govt. do make special efforts to get deserving boys of this Presidency admitted by offering generous scholarships. If they intend moving in that direction at all, they should do so right now.

With kind regards,

Yours sincerely,

V.T. Arasu

Sir,

I am directed to say that the Govt. of India in the Ministry of Education have taken over the Lawrence Memorial Royal Military School, Lovedale, to be run as a special residential school with effect from the 14th May 1949,. A copy of this Ministry letter No.F.39-6/49-D.3 dated the 17th May 1949, with enclosures on the subject is enclosed for the information of the Provincial Governmen

2. The Government of India have decided that the school should continue to prepare children for the Cambridge Examinations at least for the time-being. It is, therefore, necessary that existing arrangements regarding the submission of admission forms of pupils of this school through the Local Secretary, Cambridge Examinations, for the Madras Presidency should continue as hereto fore. I am, therefore, to request that the Lawrence Memorial Royal Military School may be treated by the Provincial Government as an approved school for purposes of the cambridge Examinations and the students enabled to appear through the Madras Centre.

An early reply will be appreciated.

Copy of Office Memorandum No. 4/LMS/Gen/49, dated the 19th March, 1949, from the Ministry of Defence, Government of India to the Ministry of Education, Government of India, New Delhi.

17

The Ministry of Education are aware that the Ministry of Defence have been maintaining what are known as the "Lawrence Military Schools". They are three in number, and are located at Sanawar (Simla Hills), Lovedale (Ootacamund, Nilgiris) and Mount Abu, respectively.

2. The School at Sanawar is maintained entirely by this Ministry while the other two Schools are managed by Boards of Trustees. This Ministry, however, used to give grants-in-aid to both the Schools. The average annual cost to the Government on account of all the three Schools used to be approximately Rs. 9 lakhs.

3. The Schools were being run on the lines of Public Schools, but in the past they had a very limited objection as they were primarily meant for the benefit of the children of British soldiers. Owing to the constitutional changes, the question of continuing the expenditure on these schools for this limited purpose came up for review and after careful consideration of the circumstances obtaining in all the three Schools, the Government of India have decided -

(i) that the Schools at Sanawar and Lovedale should be continued and run by the Ministry of Education and that children entitled to admission up to now will be admitted in accordance with the existing rules pertaining to each School;

(ii) that seats to the extent of 40 percent should be reserved in these Schools for the children of the Armed Forces personnel (both officers and men included);

(iii) that scholarships should be provided both for the children of the Armed Forces personnel and other boys on the basis of means and competence tests and that the cost of scholarships for the children of the Armed Forces personnel should be debited to the Defence Services Estimates; and

(iv) that the question of continuing the School at Mount Abu should be further examined particularly with a view to providing educational facilities for girls.

4. Consequent on the above decisions, the School at Sanawar will be transferred along with its properties, equipment and staff to the Ministry of Education with effect from the 1st April, 1949. This school has so far been regarded as a Military Institution and has been given certain facilities, such as supplies from the Royal Indian Army Service Corps, Military Dairy Farm, Medical Services etc., from military resources. It has been decided that these facilities should be continued up to the end of the financial year 1949-50 when the position will be reviewed. Supplies will, however, be made on payment and other services rendered will be charged for and debited to the civil estimates.

A list of authorised establishment of the School and a nominal roll of the present incumbents who will be transferred along with the staff will be forwarded in due course.

6. As regards the School at Lovedale, negotiations are at present in progress for taking over the funds and other property of the School and to settle, with the concurrence of the present Board of Trustees, a scheme for the administration

P.T.O

of the School under the direction and control of the Government. As soon as the negotiations are finalised, this school also will be taken over by the Ministry of Education.

6. As regards the School at Mount Abu, the present Committee of Management responsible for the administration of the School have declined to accept the offer of the Government to take over the School along with its assets and liabilities. They have thereupon been informed that the Government will not be in a position to offer any grant-in-aid to the School in future. However, in accordance with the decision of the Government to examine the question of continuing this School particularly with a view to providing educational facilities for girls, negotiations may have to be re-opened with the Committee of Management.

(1) Where a person becomes a member of the Board by reason of the office he holds, his membership shall terminate when he ceases to hold that office and his successor in office shall, unless otherwise directed by the Central Government, be deemed to have been nominated in his vacancy. The tenure of membership of the non-official members will be prescribed by the Central Government.

(2) Subject to (1) above, a member of the Board shall cease to be a member if he shall die, resign, become of unsound mind, become insolvent or be convicted of a criminal offence involving moral turpitude or if he is removed by the Central Government from the membership of the Board.

(3) A resignation of the membership of the Board shall be tendered to the Chairman of the Board and shall not take effect until it has been accepted by him.

(4) Subject to (1) above, any vacancy in the Board shall be filled up by nomination by the Central Government, a retiring member being eligible for re-nomination.

8. The Board shall function notwithstanding any vacancy in its body and notwithstanding any defect in the nomination of any of its members and no act or proceeding of the Board shall be invalidated merely by reason of the existence of a vacancy or vacancies in the body or of any defect in the nomination of any of its members.

9. (1) The Board shall have, subject to the control and directions of the Central Government, all powers which may be necessary or expedient in the proper management and administration of the Fund.

(2) Without prejudice to the generality of the powers conferred on the Board by (1) above, the Board shall have, subject to the control and directions of the Central Government, the powers—

(a) to receive any additional endowments, donations or other contributions in augmentation of any of the monies and properties of the Fund or for general purposes of the Fund or for any special purpose connected with the objects of the Fund not inconsistent with or calculated to impede the due working of the provisions of the Scheme;

(b) to apply the *corpus* or income of the Fund in defraying all proper costs, charges and expenses of and incidental to the management and administration of the Fund and the carrying out of this Scheme;

(c) to make, adopt and vary from time to time rules for conducting the business of the Board and the committees and sub-committees to be appointed by it as hereafter provided for fixing the quorum and for co-option;

(d) to make bye-laws for the regulation, management and for any purposes connected with the execution of the Fund and the trusts thereof;

(e) to appoint one or more committees and sub-committees and such officers and staff as it may consider necessary for the efficient management and administration of the Fund and for carrying out the objects of the Fund under this Scheme;

(f) to delegate any of its powers to any committees or sub-committees or to any one or more members of its body; and

(g) to delegate any of its powers to one or more officers of the Fund so far as such delegation relates, in the opinion of the Board to merely ministerial acts and involves no discretion or is necessary and conformable to any usage.

(3) The minutes and the records of all the proceedings of the meetings, deliberations and discussions of the Board shall as soon as possible be submitted to the Secretary to the Government of India in the Ministry of Education or such other officer as he may appoint in this behalf.

10. The members of the Board and of the committees and sub-committees appointed by the Board shall not be entitled to any remuneration from the Fund but will be reimbursed from the Fund their actual travelling expenses in respect of the journeys undertaken to attend the meetings of the Board or the committee or the sub-committee or in connection with the management or administration of the Fund.

11. The Board shall cause regular accounts to be kept and duly audited of all monies and properties belonging to the Fund.

12. All contracts relating to the management and administration of the Fund shall be expressed to be made by the Board and shall be executed on behalf of the Board by at least two members of the Board.

13. This Scheme shall come into operation on the day on which the requisite vesting order under section 4(1) of the Charitable Endowments Act, 1890, is notified in the official Gazette.

The Lawrence Memorial Royal Military School, Lovedale has been taken over by the Government of India with effect from 14-5-49.

The implications involved in the change of management are:-

1. Discontinuance of the annual grant of Rs.25,000/-, to the school by the Prwincial Government.
2. The deletion of the school from the list of Anglo-Indian schools in the Presidency-- By its retenion in the list the school will not abide by the conditions of the Code of Regulations for Anglo-Indian schools in the matter of admission etc., and the percentage limit of Non-Anglo-Indian pupils to the total number.
3. The omission of the name of the school from my annual programme of inspection unless it be, as the Principal of the school made the understand during my stay out the hills in June last, I might be requested to conduct the annual inspection by the Government of India if they cannot make other arrangements. He awaits the orders of that Government on the subject.
4. The school will continue to be in the approved list of schools for presenting pupils for the Cambridge Local Examinations.

I enclose a copy of letter No. LSL 1137 dated 30-6-49 of the Principal on the subject.

Scholarships – Grant of in L.M.R.H. School, Lovedale.

From Sri V.T. Arasu, Vellivarkkan. D. 28.2.48.

Sri V.T. Arasu requests Govt to grant Scholarships for his two boys for their study in the Laurence Memorial School, Lovedale. He says the Laurence Memorial School was a private School for the education of European children. This Govt was making an annual Contribution towards the maintenance of the School. From April 1949 that School is being taken up by the Govt of India in the ministry of Education for being run as a Public School. The Govt of India recently requested this Govt to permit the D.P.I. Madras and the Collector of the Nilgiris to serve on the Committee of the proposed Public School. Beyond that this Govt have no interest regarding the School. It is not known whether the management of the School propose to award any Scholarships for pupils from this Province in the School. It is too early for this Govt to think of awarding any Scholarships for Students from this Province in the School. Recently this Govt decided to discontinue the award of Scholarships to the Students from this province studying in the Prince of Wales Royal Indian Military College Dehra Dun and the King George Royal Indian Military College, Bangalore as a measure of economy. It is very doubtful whether the Scholarships could be made available in the Laurence Memorial School Lovedale in view of the present finances of the Province.

S C H E D U L E

LAWRENCE SCHOOLS AT LOVEDALE AND SANAWAR SCHOLARSHIPS SCHEME.

1. The Government of India have decided that

(i) There shall be two types of scholarships, full and have, as follows:-

(a) Pupils whose parents or guardians have an income of Rs. 500/-p.m. or below:

Remission of full fees @ including cost of tution, board and lodging, text books stationery and games but excluding cost of clothing).

(b) Pupils whose parents or guardians have an income between Rs.501/-p.m. and Rs.1,000/-p.m.

Remission of half fees as defined above.

N.B.:- Parents or guardians will be required to submit a formal statement of income, supported by a certificate from the Revenue authorities or an income-tax certificate.

(ii) The number of scholarship holders shall be 20% of the total number of pupils in each school; provided that in determining the total number of pupils, " entitled " children shall be excluded, and provided further that out of the total number of scholarships, the number of scholarships reserved for children of the armed forces personnel shall be 20 % of the number of seats actually filled by them (40 % seats have been reserved for them in each school), the expenditure on the award of these scholarships being debited to the Defence estimates;

(iii) The criteria for the award of scholarships to the two categories of pupils shall be same; and

(iv) Award of scholarships shall be made by the Secretary, Ministry of Education, who is the Chairman of the Committee of Management, Lawrence School, ~~xxxxxxxx~~ Sanawar, and of the Board of Administration, Lawrence School, Lovedale, after considering the recommendations of the Principals on the results of the "merit" tests conducted by them.

2. The Scholarship scheme is mainly intended for the Senior School. It has therefore been decided that the number of

.....2

scholarships in the Preparatory School should be limited to 10% of the total number of scholarships or one in each Public School, whichever number is higher.

3. At present there are 196 non-entitled pupils at Sanawar and 104 at Lovedale. The total number of scholarships admissible would thus be 40 at Sanawar and 20 at Lovedale. Of these numbers 4 at Sanawan and 2 at Lovedale would be allotted to the Preparatory School. The number of scholarships available in the Senior and Preparatory Schools will also have to be allocated to " Civil " and " Military " categories in proporation to the numbers on the rolls in each category. (For 1951, the figures may also need revision in the light of actual admissions or an estimate prepared by the Principal).

4. The candidates who were already in the school in 1950 and wish to continue in 1951 will get a share of the scholarships. Out of the total number of scholarships available, 6 in each school may be awarded to candidates who come out first in the next annual examination in each class of the Senior School from Standard III to Senior Cambridge Prepartory in each of the Civil and Military Groups. (Pupils of Standard II will be eligible to compete with Preparatory School pupils). These scholarships may be awarded to the children who satisfy the income qualifications prescribed, (namely, whose parents or guardians have an income of less than Rs. 1,000/- a month) provided that the top boy or girlx attains a good first class standard (approx. 65 % marks). One in each of the Preparatory schools at Sanawar and Lovedale may also be awarded to the best pupil in the Preparatory School (three lower classes selected by the Principal from within the income group, on the basis of the annual examination.)

5. This will leave roughly 33 scholarships at Sanawa and 13 at Lovedale. For selecting this number or such other modified number as may be necessitated by new admissions, it is proposed that the scholarships would be awarded at two distinct stages in the school, namely at the Preparatory stage on admission and beginning in the lower stage in the senior department i.e. about the age of

.....3

9 or 10. These scholarships will have to be continued until the pupils complete their courses in the Preparatory School and the Senior Department respectively, provided they make satisfactory progress which is to be certified by the Principals and which should mean not less than first class standard. The progress of scholars will be reviewed by the Principal every yeer, but it will be open to him to recommend cancellation of a scholarship at any time for serious deteriotation of the pupil or unsatisfactory behaviour and conduct. Such recommendations will be circulated to the members of the Board of Administration, Lovedale, or the Committee of xmanagement, Sanawar, as the case may be, before the are given affect to.

6. In 1951, out of the total number of scholarships available for fresh admissions only one-third may be allotted, so that for the next two years a few scholarships may be available in 1951 to continue in the higher classes. These will be awarded while those awarded on the basis of merit xx tests to be conducted in the manner outlined in para 7 below.

7. As regards the basis on which those new scholarship should be awarded at these two stages, it is suggested that all fresh applications received in the two classes in question including those of candidates promoted from the Junior School, should be considered in two groups - one for the Preparatory School and the other for admission to the Senior Departments by a Committee for each school consisting of (1) the Principal (ii) the Director of Public Instruction, Madras, in the case of the Lovedale School and the Director of Public Instruction, PEPSU in the case of Sanawar School or any other Officer of the State Education Department whom the Director of Public Instruction may consider suitable for the work; and (iii) as far as possible a Psychologist either from a Training College or from the Ministry of Defence or elsewhere. Selection of scholarshxpx would be by mean of a written test in Arithmetic, English and General Knowledge. The paper in General Knowledge should be sufficiently comprehensive to test the

.....4

knowledge of pupils about all things around them which boys and girls of that age are expected to know, the object being to test the intelligence and promise of the student and not merely his achievement. The result of the tests may be supplemented by an oral interview by the Committee. The competition will be limited to the age group 9-10 for admission to the Senior Departments. In the xcase of Preparatory School children there should be only an oral test by the Principal and interviews by the Committee. The interview may be in the presence of parents or guardians, though such prensence nee not be rigidly insisted upon as an established condition. This may give useful information about the home atmosphere which would have contributed to the make up of the child at the time of admission. In the case of Preparatory School scholars, the test will be formal and the interv-iew with the parent and the pupil should be given more weight. As pupils at this stage may not have sufficient knowledge of English, the Principal may give tham a test in their own language, as far as possible. The recommendations of the Committees may then be submitted to the Secretary to the Government of India, Ministry of Education who will give the final award taking into account the number of scholarships reserved for Military and Civil personnel and the total number of admissions in the school which will determine the ~~xxx~~ total number of scholarships to be awarded in a particular year after taking into account the number of scholarships of the previous year which will continue to be in operation.

8. To save ~~xxxxxxx~~ unnecessary expenditure, the test and intervie- may be held ten days before the school reopens, so that sucessful pupils and pupils who would join with or without a scholarship, may be admitted ~~xxxx~~ and left by the parents at the school, before they leave Lovedale or Sanawar, as the case may be. (Approval of the Secretary, Ministry of Education, should be obtained within the ten days period.)

9. No quota need be allotted to different Scales in the available scholarships.

.....5

7 49 62 (44)

10. Children of the staff will also be eligible to compete for all the scholarships (Civil). If they qualify for scholarships under the scheme they will not be eligible for any other concessions available to them as children of the Staff.

11. Pupils whose pare-nts are in the scheme groups above Rs. 1,000 may also be compete for the scholarships. If they qualify in the annual examination or the merit tests at admission time for a scholarship they will be called " Honorary Scholars " and no financial benefit will be given to them. All others awarded scholarships will be designated " Scholars ".
