SUBJECT.

S.S.L.C. Examination - Stamping of "Eligibility" in the Certificate
Manufacture of rubber stamps - Orders requested.

Station: Madras.

R.C. No. 562 B/50.

Dated:- 1-8-1950.

From (Name) Sri D.S. Reddi, M.A., (Oxon).,
(Designation) Commissioner for Government
Examinations, Madras.

To

The Secretary to Government,
Education Department,
Fort St. George,
Madras.

Sir,

I have the honour to state that under the S.S.L.C. Scheme, there is no "Pass" or "Failure" in the Public Examination and a certificate is deemed "completed" when the candidate takes the examination and the marks scored by him in the several subjects are entered in it in the appropriate page over the signature of the Secretary. The Universities in Madras State declare the eligibility of candidates for admission to University Courses of studies with reference to the marks obtained by the candidates at the S.S.L.C. Examination. The eligibility to College Course is not now indicated in the certificates of those declared eligible. When the certificates do not show any indication about the eligibility to College Course, it causes great inconvenience to the public as well as the students themselves when they seek admission into Colleges. For many posts under the Central and other State Governments, the minimum general educational qualification for entry into public service is only the possession of an eligible S.S.L.C. or securing the prescribed marks in the several subjects of the Public Examination. When the certificates do not contain any remark about the candidate's eligibility, the appointing authorities are unable to decide whether a candidate is qualified for service or not. In some cases the appointing authorities prescribe the minimum general educational qualification as "Completed S.S.L.C." As the definition of the word 'Completed' is not known to many, this office receives enquiries on this point from several candidates and also from appointing authorities. Representations have also been received requesting that an endorsement may be made in the S.S.L.Cs about the eligibility of the holders thereof for College Course if they have been declared eligible.

To get over all these difficulties and to give a clear idea of the results of the examination to the candidates and to the public, it is proposed with effect from the examination of October next to stamp the certificates showing that the certificate is completed and that the candidate concerned is eligible for University Courses of Studies. The rubber stamp to the above effect will be affixed just above the Secretary's signature in the certificates. I, therefore, request the Government may be pleased to approve of my proposal and order the Superintendent, Government Press to supply me with the following number of rubber stamps immediately.

This endorsement will be printed in the certificates when the certificates are printed next time. The rubber stamps will have to be used for the next two or three years commencing from the ensuing October Examination, at least for six examinations to come.
