Public (Election) Deptt.

Extract of para 4 from the file bearing C.No. 5524/50 relating to the supply of paper for the printing of supplementary electoral rolls.

4. In Govt. Memo. No. 5524/50-2, Pub. (Elec.) dated 1-8-50, the Superintendent of Stationery has been asked to furnish (1) a list of Collectors who have so far placed indents on him for the supply of paper required for printing the supplementary electoral rolls and (2) a list of the Collectors to whom paper has already been despatched. In his report on p. 155 c.f. the S.G.P. says that so far 13 Collectors have placed indents on him and that paper required by them is under packing, but that it is not possible to attend to this work exclusively in view of other important work. He therefore requests the Government to sanction the employment of 5 additional packers for a period of three months for attending to the despatch of paper required by the Collectors for the printing of supplementary electoral rolls. It is submitted in this connection that according to the programme chalked out by this Government the work of printing the supplementary electoral rolls should be completed in any case by the end of this month. Unless the paper required for printing is supplied soon, the work will be very much handicapped. The Superintendent of Stationery may therefore be requested to give priority to the despatch of paper required by the Collectors for the printing of supplementary electoral rolls, over any other work that he may have on hand. The additional packers required by the Supdt. of Stationery may therefore be required at least for a month. The Education department may be requested to consider this point and to sanction the employment of five packers in the Office of the Superintendent of Stationery for a period of one month from the date of employment and also to direct the Superintendent of Stationery to give priority to the Election work. After orders are passed relevant extracts from this file may be sent to that department.

The Superintendent of Stationery has stated in paragraph 2 of his letter cited that it will not be possible for him exclusively to attend to the despatch of paper required by the Collectors for the printing of supplementary electoral rolls. He is informed that according to the programme chalked out by this Government the work of printing the supplementary electoral rolls of this State should be completed in any case by the end of this month. Unless the paper required by the Collectors is supplied soon, the work will be very much handicapped. The Superintendent of Stationery is, therefore, requested to give priority to the despatch of paper required by the Collectors for the printing of supplementary electoral rolls, over any other work that he may have on hand.

2. He is informed that his request for the employment of additional packers has been forwarded to the Education department for necessary action.
