Sub: Colleges - Presidency College,
Madras. Short term practical
training in Radar equipment at
Jalahalli - Deputation of a
member of the staff. Sanctioned.

2.

As the purpose of the training is definitely to benefit those engaged in research and development work and Sri Sundara Babu is doing research work on Radar, I consider him suitable for being deputed for this training.

2. I recommend that the Government may be pleased to depute Sri A. Sundara Babu, Officiating Demonstrator in Physics, for undergoing the training offered by the Council of Scientific & Industrial Research, New Delhi, and to be given at No.3, Ground Training School, Indian Air Force, Jalahalli, Bangalore, from 28th August 1950 to 14th October 1950. The period of his training may be treated as duty, and he may be paid daily allowance for the days of his stay at Jalahalli, besides travelling allowance at the rates admissible under the Madras Travelling Allowance Rules. Sri Sundara Babu may also be permitted to draw his usual pay, dearness allowance, etc. As the period of training is only for 6 weeks, there will be no need to appoint a substitute for Sri Sundara Babu in the Presidency College and arrangements will be made to manage the work for the short period.

3. As the Council of Scientific and Industrial Research will have to approve the selection of Sri A. Sundara Babu for the deputation, and as the training commences at Jalahalli on 28-8-1950, I request that the Government may be pleased to issue urgent orders.

Yours faithfully,

M. M. M. M.

For DIRECTOR OF PUBLIC INSTRUCTION.

B/10-8.

Copy of letter No. 134-Bd.XI/4/49 dated 22-7-50 from the Secretary, Council of Scientific and Industrial Research, 'P' Block, Raisina Road, New Delhi to the Principal, Presidency College, Madras.

Sub: Short term practical training in Radar and Allied equipment in Defence establishments for Civilian research workers of Universities, Research institutions and Government establishments.

&&&

I am directed to inform you that on the recommendation of the Board of Scientific and Industrial Research, the Ministry of Defence have agreed to offer training facilities in Radar and Microwaves for Civilian Research Workers in their Defence Establishments at Jalahalli (near Bangalore) and Agra. Full details regarding the training are given below for your information:-

1. At No.3, Ground Training School, Indian Air Force, Jalahalli, Bangalore.

4 vacancies exist for familiarisation course on Radar equipment (type 22). The training commences on 28-8-50 and the duration of training will be 6 weeks at the rate of 35 hours a week. The date of termination of training will be 14-10-1950.

2. At the Electrical and Mechanical Engineering Workshops, Agra.

6 vacancies exist for training in Microwaves. The duration of the training will be 3 months. Research workers deputed for training should possess experience of research work in microwaves and a fair knowledge of radar equipment to be able to learn by self-study. No regular instruction will be conducted due to paucity of instructors.

The above short-term practical training courses in Radar and Microwaves have been arranged mainly for the benefit of those who are engaged in research investigation and developmental work in the Universities, Research institutions and Government Establishments. Only those who possess good academic qualifications and who are actually engaged in research and developmental work in radar and microwaves and who are likely to benefit by practical experience added to their theoretical knowledge will be considered for these courses.

It is further emphasized that the institutions recommending the candidate for training in these courses should satisfy themselves fully that the character and antecedents of the research workers deputed for training are beyond question as this is vital to the security of the Defence Establishments.

During the period of training in the Defence Establishments, the research workers will:-

1. have to make their own arrangements for messing and accommodation.

In the case of those deputed for training at No.3 Ground Training school, I.A.F. Jalahalli, accommodation may be arranged in the Officers' mess of the I.A.F. station, Jalahalli at the usual rates charged from all visiting officers in which case they will have to abide by the Rules applicable to such civilian visiting officers to

2. Receive pay and allowances, if any, from the institutions.

3. be subjected to the rules of the Defence Establishments which they are attached.

5

- 2 -

I am to request you kindly to forward the names of suitable candidates for consideration from your institution of training in the above courses so as to reach this office immediately. If the response to this arrangements is more than the available number of seats for training, a selection may be held.

Sub:-Deputation-Sri A. Sundarababu, officiating Demonstrator-
Short term practical training in Radar Equipment at Jalahalli

Ref:-Your Proceedings R.oc.No. 1696 C1/50 dt. 24/8/50.

(V)
G.O.No.Ms. 2334 Edn. dt. 21-8-50 sanctioning the deputation
of Sri A. Sundara Babu for undergoing the training in Radar
Equipment at Jalahalli was received direct on 22-8-50. The
Secretary, Council of Scientific and Industrial Research,
New Delhi, was at once informed of the fact on 22-8-50 and
was requested to select Sri A. Sundarababu for short term
practical course. On 24-8-50, however, a wire reply was
received from the Secretary stating that the selections had
been made already before the receipt of this office communi-
cation.

Sri A. Sundarababu has therefore not left.
