EDUCATION DEPARTMENT.

From The Director of Public Instruction,
Madras.
To The Secretary to Government,
Education Department, Fort St. George,
Madras.

R.C.No.1090-K2/47 dated 8-8-1950.

Sir,
Sub: Colleges - Engineering College, Guindy -
Overseer Class - Employment of additional
staff.

The sanctioned teaching staff for the Overseer Course in the College of Engineering, Guindy consists of one Instructor (Gazetted) and 8 Assistant Instructors - Vide G.O.No.177 Education dated 27-5-1950. The original sanctioned strength for the classes is 200 i.e., 100 for each of the Junior and Senior Classes. But, considering the demand for the course, 20 additional admissions were permitted to the Junior Class last year and in the current year also - Vide G.O.No.3050 Education dated 4-10-1949 and this Office letter Rc.No.1090-K2/47 dated 10-7-1950. The Principal has submitted proposals for the employment of at least 2 additional Assistant Instructors in the Current year, stating that the sanctioned staff of 1 Instructor and eight Assistant Instructors is inadequate even for the originally sanctioned strength of 100 for each class. No need for additional staff was felt when additional admissions were made to the class last year. The Principal has explained the need for additional staff by stating that the services of the staff sanctioned for the 1 year B.E. class of Coimbatore Engineering College conducted at Guindy were utilised for the Overseer class also but it is not available now and it is not possible to manage the classes to advantage with the existing staff. It is reported that with the additional staff of 2 Assistant Instructors now proposed, it will be possible to manage the existing strength of 240 i.e., 120 in each class.

It has been ascertained that the sanctioned strength for the Overseer Course in each of the Polytechnics is 40 per class and the following staff has been sanctioned for the Overseer Course in each of the Polytechnics.

- 1 Head of Section (Gazetted)
- 1 Lecturer
- 2 Assistant Lecturers
- 2 Demonstrators.
- 1 Instructor.

Compared to the staff sanctioned for the Overseer course in Guindy College for a strength of 240, the staff sanctioned for the course in Polytechnics is on a very liberal scale. It may be mentioned that the overseers who pass out of the Guindy College are better trained than those in the Polytechnics mainly due to the facilities available in the College such as drawing hall, Laboratories and workshops, but it is found that the present staff have to work for longer periods which may in the long run affect the efficiency of the instruction. I am therefore convinced that the request of the Principal, College of Engineering, Guindy for an additional staff of 2 Assistant Instructors is very modest and quite necessary for the efficiency of instruction and the standard of proficiency of students have to be maintained. In the circumstances, I request sanction for the employment of 2 additional Assistant Instructors, in the cadre of Public Works Department Supervisors in the College with effect from the Current academic year.

I request the favour of very early orders as the Classes have already commenced.

Yours faithfully,

BR, 8/8.
