Grant - Buildings - Secondary schools under private managements - Inclusion of certain schemes in the list of approved works - Sanctioned.

From the D.P.G. Re. No. 240-86/50 d/7.8.50

Order No. 2354 Edn. dated 23/8/50.
Ms.

The Government sanction the inclusion, in the list of approved works, of the schemes for the construction of buildings for aided secondary schools specified in the Annexure to this order. While this approval does not convey any guarantee of grant, it will render the institutions eligible for a grant upto one-half of the cost of construction ~~(the amount specified in the last column of the Annexure)~~ not exceeding ~~Rs. 35,000~~ under the provisions of the Grant-in-Aid Code, if and when funds become available, provided all the conditions prescribed in the Code are duly complied with.

2. The action of the management of the Madras Christian College School in having commenced the construction of the school building before the plans and estimates were approved by the J.C.A. and the scheme was placed on the list of approved works was irregular. The irregularity is condoned and the scheme will be admitted to aid. The grant will be based on the valuation of the building by the local P.W.D.

Edn (B)

Grant - Buildings - Non - Govt. Secondary Schools - Inclusion in the list of approved works.

From the D.P.9. Rc. No. 240-D6/50 d/ 7-8-50

The D.P.9. has submitted a consolidated list of schemes for the construction of buildings for aided secondary schools for consideration for inclusion in the list of approved works for the quarter ended June 1950. It is observed from the list that out of the eight schemes only one is for the construction of a new building while the other schemes are for additions and alterations to existing buildings. The maximum grant payable in respect of these schemes if they are all placed on the list of approved works will amount to Rs 1,87,650/- as detailed below:-

X on the basis of half the estimated cost, subject to a maximum of Rs 35000. for each scheme

S.No.	Name of Institution and Description of Scheme	Approximate cost Rs.	Maximum grant admissible Rs.
1.	✓ C. K. High School, Mangalagiri, Guntur - Construction of a building on site taken on long lease.	1,50,000.	35,000
2.	✓ Madras Christian College, School, Chetput Construction of a new building.	2,00,000	35,000
3.	✓ Hindu High School, Ambur, North Arcot - construction of two blocks to provide additional class rooms.	1,13,000	35,000
4.	✓ S. R. High School, Tiruvaiyaru, Tanjore West, Purchase of a site and building and improvements to building	14,000	7,000
5.	✓ V.V. High School, Venkatachalapuram, Mathurai St, construction of a block of rooms.	30,000	15,000
6.	✓ C.M.C High School, Elathur, Malabar, construction of an additional building	1,22,000	35,000
7.	✓ St. Joseph's Boys High School, Kozhikode, Malabar Provision of additional accommodation.	31,000	15,500
			<u>177,500</u>

Girl School.

8. St. Joseph's Girls High School, Nellore Construction of an upper storey.	Approximate Cost Rs. 20,300	Max. grant admissible Rs. 10,150 ✓
Total grant payable	1,87,650.	

2. Sanction was accorded in G.O. No. 1839 Edn dated 21.6.50 to the inclusion in the list of approved works of 13 schemes for the construction of buildings for aided secondary schools involving a liability of Rs 3,46,020. The question of providing funds for payment of grants to these schemes will be considered in connection with the Part II Scheme proposals for 1951-52. If all the eight schemes specified in para 1 above are placed in the list of approved works the maximum liability in respect of all the building schemes for which provision will have to be made in Part II of the B.E for 1951-52 will amount to 5,33,670/- In view of the existing financial stringency the grant payable to these schemes may have to be spread over a period of two or three years. The list of schemes submitted by the D.P.G. call for the following remarks.

(a) C.K. High School, Mangalagiri Construction of a building. The D.P.G. has stated that the classes are conducted in temporary thatched sheds and that this school is the most deficient in respect of accommodation out of all the schools in the Dt. In view of this, this scheme may be placed on the list of approved works.

(b) Madras Christian College School, Chetput Construction of new building at Chetput at an estimated cost of Rs 2 lakhs. Even as early as November 1949 the D.P.G. had recommended the request of the management for a liberal grant towards the construction of the extensive buildings at Chetput. As the management was sanctioned grants for the purchase of site for the high school and playground and for the purchase of a building for the hostel, it was ordered in circulation that the question of placing this

3
Scheme ~~is~~ in the list of approved works during the current year. Since then the scheme for the construction of School hall and wood work room for the school has been placed on the approved list rendering the institution ^{eligible} for a further grant of Rs 35,000. In recent years the institution has been in receipt of building grant to the value of Rs 1,75,757 (as indicated above). However considering the vast sums spent by the Madras Christian College School authorities on their new buildings at Chetput, it is for consideration whether this scheme may also be placed on the approved list thereby rendering the management eligible for a further aid of Rs 35,000/-

c. St. Joseph's Girls High School, Nellore Construction of an upper storey at an estimated cost of Rs 20,300/- The Govt. sanctioned a grant of Rs 12,500/- towards the construction of the ground floor of this building. As the management was urgently in need of funds to start the upper storey for providing additional accommodation, Govt permitted the disbursement of a portion of this grant (Rs 7,000) pending the scrutiny of the title deeds. The D.P.G. has now recommended the application ^{for the construction of the upper storey} for aid and has stated that the school is deficient in accommodation. In view of this and in view of the fact that the total grant payable to the management including the new scheme will amount to only Rs 22,650/- (ie 12,500 + 10,150) which is well within the maximum limit of building grant of Rs 35,000 it is for consideration whether the scheme for the construction of an upper floor for the St. Joseph's Girls High School, Nellore, may be placed in the approved list.

The other five schemes do not call for any special remarks. The file may be circulated to H.M.(E&L) for orders whether the Director's recommendations may be accepted and all the eight schemes for construction of buildings for aided secondary schools may be included in the list of approved works.
