Sir,

Sub:-National Cadet Corps-Senior Division-Formation of one Independent Company and Signal Section etc., Annamalai University, Annamalainagar-Office accommodation.

Ref:-Roc. 122/B.2 dated 3-1-50 29.12.1949

In continuation of my letter referred to above and as already stated the offices of the N.C.C. have been accommodated in the buildings previously occupied by the India Coffee House and subsequently allotted to house the University Staff Club. The present Staff Club which caters to the needs of about 400 members of the staff is temporarily accommodated in the University Guest House, much to the inconvenience of the guests staying there and therefore it has to be removed to the buildings originally allotted to it.

2. The University Civil Engineer has since drawn up an estimate for Rs. 60,000/- for the construction of the buildings in consultation with the local Officers Commanding, and it provides for electrical fittings, roads, water service, sanitary fittings, compound wall, gates etc. I request the Government to give us a grant on net cost basis for the construction and equipment of these buildings. The University will be able to find the sites for their construction in its own campus.

3. Ground plan of the building prepared in consultation with the two N.C.C. Officers is herewith submitted for your consideration.

Yours faithfully,

Sir,

Sub: National Cadet Corps - Senior Division - Annamalai Independent Company and 5th Madras Signal Section - Provision of accommodation for office and store room and staff quarters.

Ref: Your letter No.7821-B/50-2 Edn. dated 26-4-50.

With reference to your letter cited above, I am to state that when we agreed in our letter No.6139 dated 4-9-48, we did not know the nature of the accommodation that was required for N.C.C. We did not know then that three Commissioned Officers and seven Non-Commissioned Officers will be posted here and that they will require particular type design houses - we hoped to provide them accommodation in the existing buildings which are very limited. We did not also know that they will require such extensive accommodation for office, store room, recreation room etc. As the Government are aware, the existing buildings are not sufficient to meet our own requirements in respect of office, hostel and staff quarters and we are unable to find funds to put them up. We have been addressing the Government for sanctioning full grant towards the construction of hostels and our request was turned down in Government's letter No.2526 Education 6-10-48, though the Government in their order Ms. No.1915 dated 3-7-50 have been pleased to order advance payment of the balance of the half grant sanctioned by Government in 1946. In regard to staff quarters also, the Government have turned down our request for a grant or a loan free of interest, but on further representation they have directed us in Government's letter No.1695/ Education dated 5-6-50 to renew the application in August.

In view of the facts explained above, I request the Government to sanction a special grant of Rs.60,000/- to put up the office buildings to National Cadet Corps.

Sir,

Sub: National Cadet Corps -Senior Division - Independent Co., and 5th Madras Signals Section - Construction of buildings to accommodate the N.C.C. Officers in Annamalai Nagar - Request for a special grant etc.

Ref: My Roc 122-B1/2-50 dated 15-7-50 and G.O. MS.2393 Edn. dated 28-8-1950.

I am to invite your attention to my above letter requesting sanction for a special grant of Rs.60,000/- to the University towards the scheme of putting up office buildings for the National Cadet Corps stationed in Annamalai Nagar. In the G.O. referred to above, Government, while being convinced of the need for a special grant, have stated that on account of financial stringency, they are unable to sanction a grant for the purpose and that the proposal will have to wait for better times.

I, therefore, request that Government may be pleased to reconsider the position and pass early orders for the sanction of Rs.60,000/-for enabling the University to put up the necessary buildings for accommodating the officers of the N.C.C. which has now become a permanent feature of the activities of the University.

[Letter Ref. no. 7821-B/50-2 Edn. Dated 26.4.50]

From The Registrar, Annamalai University, no. Roc. 122-B/2-50 dated 15.7.50.

The Registrar, Annamalai University reports that when the University agreed to raise N.C.C. units in the colleges under its control, they were not aware of the nature and particular type of accommodation for N.C.C.

P.T.O.

units and that it would be necessary to provide extensive accommodation for office, store-room, etc. As the existing buildings in the University Campus are not sufficient to meet its own requirements and as the Government have negatived the payment of full grant towards the construction of hostels and half grant or loan free of interest towards the provision of quarters for the staff, the Registrar requests that a special grant of Rs. 60000/- may be sanctioned for the construction of buildings for the two N.C.C. units. For orders whether a half grant of Rs. 30000/- may be made to the University for the purpose subject to the condition that no rent should be levied for office accommodation.

2. The remarks of Finance may be invited U.O.

Finance (Exp.A.) Deptt.

The proposal of Education is to sanction a half grant of Rs. 30,000 to Annamalai University towards construction of buildings for Office Accommodation for the National Cadet Corps Unit of the University, at an estimated cost of Rs. 60,000. The University has applied for a full grant for the above purpose.

According to the conditions laid down for raising a unit, the institution should provide for the Unit, or part thereof which may be allotted to it, a store-room for storage of clothing and equipment and provide accommodation for an office. All the conditions prescribed for raising the Unit were accepted by the Annamalai University--please see letter on p.20 C.F. of (F). The University now pleads that it was not

aware of the nature of accommodation required by the N.C.C. and that the existing buildings are not sufficient ^{even} to meet the requirements of the University.

So far, Government have not sanctioned any building grant to any institution for providing office accommodation to the N.C.C. The reasons adduced by the Registrar for requesting a grant from Government do not seem to have much force. They will apply with equal force to any other institution. If any concession is shown to Annamalai University others will follow

suit and it would be difficult for Government to resist such

claims. ~~The financial stringency continues and there is still need for economy in expenditure. Financial position of the Government is also far from satisfactory.~~ In the circumstances, Finance may advise against

the proposal of Education to sanction a half grant to the Annamalai University towards construction of buildings for the use of the National Cadet Corps.

When the Govt. are forced to the necessity of adopting stringent economy measures to effect savings even in the existing provisions in the budget, it is difficult for them to countenance proposals of new expenditure unless ~~it is~~ they are occasioned by a threat to the breakdown in the administration or otherwise considered absolutely essential. It may be true that the Annamalai University may be in need of a new building to accommodate the N.C.C. office and that its finances may not permit of the building being constructed at its own cost. But the present is not opportune to undertake costly building schemes, which can afford to wait for better times. Cf. in this connection

this Dept's note on M 4-5 N.F. and the reply sent to the University on page 10 CF. of the paper at flag D. Fin. may suggest that the University may be informed likewise in the present case also.

Education Department (B).

The case relates to the application of the Annamalai University for a full grant towards the construction of buildings for the ^{office of the} two units of the Senior Division of the National Cadet Corps (Independent Company and 5th Madras Signal Section) at Annamalai Nagar at an estimated cost of Rs. 60,000/-. According to the conditions laid down for the raising of a N.C.C. unit, the institution should provide a store room for the storage of the clothing and equipment and accommodation for the office of the unit and these conditions were accepted by the University before raising the units referred to above. The Registrar of the University has now reported that when it was agreed to raise the units, it was not aware of the nature of accommodation required for the purpose, that the existing buildings in the University Campus are not ^{even} sufficient to meet the needs of the University. As the financial position of the University does not permit the construction of the buildings, the Registrar has requested the payment of full grant. This department suggested that a half grant of Rs. 30,000/- may be

From the Registrar, Annamalai University No.Roc.122/F1/50 dated 27-1-1953.

In April 1950, the Registrar, Annamalai University, asked for a full grant towards the construction of buildings for the offices of the 2 units of the Sr. Division of the N.C.C. (Independant Company and 5th Madras Signal Section) at Annamalainagar at an estimate cost Rs.60,000/- This department had proposed in that connection to sanction a half grant of Rs.30,000/- as a spl. case and to stipulate that the buildings be erected in 2 years. [Attention is in this connection invited to the note of this Department on pp.5-7 n.f. with G.O.Ms.No.2393 Edn., d/26-8-1950 at (H), ~~for the history of the case.~~ It was finally decided in circulation that in view of the financial stringency and the utmost need for economy in the expenditure from State funds the proposals ^{might} ~~may~~ wait for better times and the Registrar was informed accordingly in ^{G.O.} Ms. No.2393 Education d/26-8-1950.

The Registrar, Annamalai University now requests to reconsider the position and solicits orders for the sanction of Rs.60,000/- for enabling the University to put up the necessary buildings for accommodating the offices of the N.C.C. which has now become a permanent feature of the activities of the University.
