The Legislative Council Question No. 5 starred on p 1 cf. may be perused. (2)

In the matter of admissions to Engineering Colleges, the total number of seats available to Provincial students are allotted among the various linguistic areas as indicated below

Group I:- 50.8% of the seats for candidates from the group of districts which is predominantly Tamil.

Group II :- 38.1% of the seats for candidates from the group of districts ^(which) is predominantly Telugu.

Group III:- 11.1% of the seats for candidates from the west coast Districts of South Kanara and Malabar.

In addition to the ~~above~~ linguistic proportions, the proportions in which the seats should be allotted among the various communities have also been laid down ^(as) below:-

Non-Brahmin Hindust- 6 out of 14 seats.

Backward Hindu communities- 2 out of 14 seats.

Brahmins 2 out of 14 seats.

Harijans. 2 out of 14 seats.

Anglo-Indians and Indian Christians. 1 out of 14 seats.

Muslims. 1 out of 14 seats.

With a view to ensure adequate representation for every district the Government have also ordered that the number of seats for each district should also be fixed, to the extent possible, w.r.t. the ratio of the population of the district bears to the total population of all the districts in the Province.

2. In connection with the admissions in the current year, the Govt decided that the existing communal and linguistic proportions should be maintained. But if there were any vacancies due to want of suitable candidates from a particular community such vacancies should be filled according to merit, subject to the condition that the regional and district quotas were not affected. The Govt. further decided that selection for Muslims, Christians and Harijans should be made on a Provincial basis with reference as far as possible to their distribution in the regions and districts. The two seats reserved for backward communities were to be merged with the six seats reserved for Non-Brahmins. Both non-brahmins and candidates belonging to backward communities
