2983/48 dated 26-9-1949.

SUBMITTED.

16 DEC 1949

Kind attention of Government is invited to their
Memorandum No.77086-B2/48-2 Education dated 24-1-1949,
wherein, the proposal of the Mathurai Municipal Council,
to convert the post of a supervisor of schools into that
of an Educational Officer, has been accepted in general by Government.
As required in this Memo, the Government thereafter by the Municipal Council, through
the Director of Public Instruction. The procedure for the
concrete proposals selection and appointment of an officer of the Department
were submitted was suggested to Government in the Director's endorsement
Rc.No.786-B2/49 dated 14-4-1949.

3) The Municipality, stands foremost when compared with
other District Municipalities in the Province. According to
the latest figures available in the Director's Office, the
Municipality maintains 63 elementary schools with 512 teachers
working in them. 4 Supervisors, 2 of the Collegiate grade
and 2 Secondary Grade Trained are employed for the supervision
of these schools. The receipt by way of Education tax itself
by the Municipality is Rs.3,32,000/- as seen from the Budget
Estimate of the Elementary Education Funds for 1949-50. As
observed by the District Educational Officer and the Divisional
Inspector of Schools, the Commissioner does not find it
practicable to exercise close, effective supervision over the
administrative (Educational) branch of the Municipality. As
the supervisors of schools are employed mainly to do inspection
work, the general administrative aspect of the education in the
Municipality rests solely on the Commissioner.

4) Kind attention of Government is invited also to G.O.
No.1759, Mis, L & E, dated 10-9-1926, wherein the duties of the
Supervisors of schools have been laid down. It is held that
these functions, if properly attended to, will sufficiently
fill the time of the supervisors. In addition to these normal
duties, one of the L.T. Supervisors in the Mathurai Municipality
is attending to such work as supervising the 13 Municipal Reading
Rooms; checking the accounts of nearly 60 Libraries in the Muni-
cipality, for purposes of annual contribution by the Municipality;
supervising the adult schools; preparing the month-war syllabuses;
reviewing the diaries of the Spinning - Supervisor, Weaving - Ins-
tructor and Swimming-Instructors etc, which form part of the
legitimate duties of the Municipal Commissioner.

5) The proposal of the Municipal Council to convert the post
of a Supervisor of Schools into that of an Educational Officer, is
chiefly with a view to assisting the Commissioner in exercising
general supervision over the Educational branch of the Municipal
Office, as well as over the work of the other supervisors and
this proposal was accepted as such by Government. The increase
in the number of supervisors will not in any way help him in
exercising an effective supervision of the educational staff of
the municipality.

6) The resolution of the Municipal Council requesting
Government to reconsider their orders in Memorandum No.30966-B2/49-
2, Education, dated 25-6-1949 is therefore endorsed.

Conversion of the post of Supervisor of Boys'
Schools into that of an Educational Officer.

Read:- From the Commissioner, Municipal Council, Mathurai,
No. Cl-3983/48 dated 26-9-49.

Endt. of the D.P.I., No. 786-B8/49 dated 11-12-49.

Early in April 1949, general instructions were issued to regulate the appointment of Supervisors by Municipal Councils. The orders are, that it would be sufficient if Secondary Grade teachers are appointed as Supervisors. The number of Supervisors to be employed ^{by} ~~for~~ each Municipal Council was fixed with reference to the number of teachers appointed by it. Please see G.O. No.1005, Education, dated 6-4-49. Under this G.O., the Municipal Council, Mathurai, is entitled to employ 4 secondary grade teachers as Supervisors.

2. Prior to the issue of the general instructions, the Municipal Council, Mathurai, was employing 2 L.Ts. as Supervisors. On receipt of the G.O. containing revised instructions, the Council should have dispensed with the services of the two L.T. teachers and employed 4 Secondary Grade teachers as Supervisors. Instead of doing so, the Council decided to retain the L.T. teachers and addressed Government for sanction. In spite of the fact, that the permission asked for, would be a deviation from the general orders of Government, the Government specially permitted the Council to retain the two L.T. Supervisors and ^{and} ~~appointed~~ ^{two} more secondary grade teachers as Supervisors. Please see G.O.No.2867, Education, dated 12-9-49. Thus, the Council was shown a concession in the matter of retention of L.T.Supervisors, though a similar request from the Vijayawada Municipality was vetoed in G.O.No. 3539, Education, dated 17-11-49.

3. The Council has now resolved to convert one post of the L.T. Supervisor into that of an Educational Officer.

From the D.P.I's endorsement it seems that Mathurai M.C. may require an Educational Officer. The question whether the Municipal Council should be permitted to convert the post of an L.T. Supervisor into that of an Educational Officer was considered in the papers at flag (F). The intention of the Council was presumably to promote the existing Supervisor to the post of Educational Officer. The Director however has explained that an officer of the Department should be appointed as Educational Officer for Mathurai, if a post is sanctioned by Government. The services of an officer should be lent to the Council on foreign service terms. It is not known whether the Council will agree to the terms stipulated by the Director.

4. The real question is, whether a further deviation should be made from the general instructions issued in the G.O. of April '49 and permit the Municipal Council to convert a post of L.T. Supervisor into that of an Educational Officer. If a concession is shown in the case of Mathurai, similar requests may be made by other Municipal Councils like Coimbatore, Vijayawada, Salem, etc., in this form or in some other form in contravention of the general orders. It, therefore, appears that if the general orders are to be kept intact, the proposal of the Mathurai Municipal Council ²⁵ may be vetoed.

above is not objectionable from the financial standpoint. The Mathurai M.C. is a prosperous one and can afford the addl. expense involved in the proposal. The D.P.I. who is the technical authority on matters like this favours the proposal of the C. He states that the Mathurai municipality stands foremost when compared with other municipalities in the province. There is some force in this statement. This Dept may perhaps re-iterate the view that there is no objection to the appointment of an Educational officer provided he does not work in office.

There is no adequate justification for recommending the order taken in circulation to be rescinded as done by G. of 12.1.50. This Exp. H. 11.1.50.

Finance may agree with the views of Exp. H. at M on pp 2 above and advise that the proposal of the Mathurai Municipal Council be vetoed, as it will create an inconvenient precedent.

E 28.8 (132)

The question in this file is, whether the M.C., Mathurai, should be permitted to convert the post of L.T. Supervisor of Boys' schools into that of an Educational Officer in addition to the concession, already shown to the C.I., in the matter of retaining the L.T. Supervisors, employed by it, in relaxation of the general orders issued in G.O. No. 1005, Edn., dated 6-4-49. This deptt. considers

Vide of no 2867 Edn dated 12.9.49

that the proposal may be vetoed. The L.A. Deptt. have left the question to be decided by this deptt. The Finance Deptt. advise that the proposal may be negated, as suggested by this deptt.

The file may be circulated to H.M.(Edn.), H.M.(L.A.) and H.M.(Fin.) for orders.

What is the average of schools per Educational officer in D. B. areas. Give also the corresponding officers, if any, to the supervisors.

(2) As the proposal is only to convert one post of supervisor into that of Educational officer, why should we not suggest that the Senior supervisor may be designated as Educational officer, without increase in pay.

19

The number of schools maintained by D. B. boards vary from 500 to (in some cases 800) to over 1000 in Malabar. The number of schools under the M. C. Malabar is only 63 schools. Further boards schools are scattered throughout the D. B. while Municipal schools function in a compact area.

There are no provisions for D. B. schools. There are no corresponding officers. The inspection is by the District Inspector of Schools. The Council may not be agreeable to this.

OSM

20/1/50

We may agree with Finance and refuse the proposal as obviously an Educational Officer is not justified for 63 schools located in a compact area.
