Proceedings of 20.3.50

* 94 Q.—SRI A. VEDARATNAM PILLAI: Will the Hon. the Minister for Education be pleased to state—

(a) whether it is a fact that the revised scales of pay for Hindi Pandits according to G.O. No. 996, Education, dated 5th April 1949, are not given effect to in many schools;

(b) whether it is a fact that the Hindi Pandits who are eligible for the first grade of Rs. 75—5—145 by virtue of their qualifications and the forms they are handling, are given the second grade salary of Rs. 45—2—85;

(c) whether it is a fact that the revised scales of pay came into force for other language pandits on 1st January 1947 whereas the Hindi Pandits alone got the revised scales of pay on 1st January 1949 and if so, what the reason therefor is;

(d) whether there is any Senior Pandit for each language in Government High Schools;

(e) whether it is a fact that the Departmental test of Hindi in Devanagiri script is not approved by the Public Service Commission, Madras; and

(f) whether the Hindi Pandits are required to get themselves trained in handicrafts such as spinning, like other teachers and if they are trained in handicrafts, whether they are entitled to get the increment of Rs. 5 which is given for craft training?

THE HON. SRI K. MADHAVA MENON:—“(a) The Government have no information.

“(b) Grade I scale of pay is admissible only to those Hindi teachers whose work is entirely in the higher forms of high schools. There are teachers whose work is partly in the higher and partly in the lower forms and who have been allowed Grade II scale of pay, viz., Rs. 45—2—85. The question of fixing the number of periods of work in the higher forms to render such teachers eligible for Grade I scale of pay is under consideration.

“(c) No. The scales of pay for pandits in all languages were revised from 1st January 1947. The scales of pay were further revised for pandits in languages other than Hindi from 1st January 1948. Owing to the difficulty in revising the qualifications and in fixing suitable scale of pay with reference to those qualifications it was possible to introduce the further revised scales of pay for Hindi teachers from 1st January 1949 only. “(d) No. The number of pandits to be employed in each high school is determined with reference to the volume of the language work. Where more than one pandit is employed for a language the grades (I or II) are fixed.

“(e) No.

“(f) No. The question of giving a craft allowance does not arise.”

SRI A. VEDARATNAM PILLAI:—“May I know the reason why Hindi pandits are treated as inferior to pandits in other languages though they are better qualified? So, may I know whether the Government will consider the desirability of treating them on a par with the other pandits?”

THE HON. SRI K. MADHAVA MENON:—“I am afraid the question is wrong, because they are not treated in any way inferior to the other pandits at all. Whether their qualifications are superior or not, I cannot say, because it depends

upon the qualifications of each individual. The Hindi pandits are on the same level as any other pandit of any other language.”

SRI B. S. MURTHI:—“Now that Hindi has replaced English and as Hindi has become *lingua indica*, may I know whether the scales of pay and service conditions applicable to lecturers and professors of English will be applicable to Hindi teachers?”

THE HON. SRI K. MADHAVA MENON:—“I am not aware of the first part of the question, namely, that Hindi having replaced English language. On the other hand, English is still being taught as it was taught before. On the question of pay of English teachers and Hindi teachers, when they are of the same cadre, what applies to English teachers will apply to Hindi teachers also.”

SRI A. VEDARATNAM PILLAI:—"May I know, Sir, whether the teachers who are getting craft allowance have all obtained training in the craft they are supposed to teach, and if they are not qualified, may I know how they are entitled to draw the craft allowance which they are drawing?"

THE HON. SRI K. MADHAVA MENON:—"The question of craft allowance does not arise now, because it has been absorbed in the regular pay."

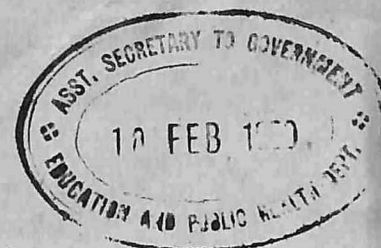

SRI P. NATESAN:—"May I know, Sir, whether these Hindi pandits are supposed to do handicraft work instead of teaching Hindi?" (Laughter.)

THE HON. SRI K. MADHAVA MENON:—"All the other teachers are expected to teach crafts, because craft is the medium through which they have to impart instruction. But Hindi teachers are not doing that, and that is why craft allowance is not given to them."
