Secretary to Government,
Education Department,
Fort St. George, Madras.

Sir,

In G.O.No.2350 Education, Ms. dated 10-12-1940, the rates of remuneration for services rendered by the skilled and assistants employed in connection with the conduct of the examinations which are of a practical nature were approved.

2. Representation has been received in my office requesting that the remuneration of annas ten for each day of the practical test for each of Lower or Higher Grade for setting up the looms right up in connection with the Government Technical Examinations in Handloom-Weaving (Lower and Higher Grades) is rather too low considering the present economic conditions, when compared to the conditions in the year 1940. The lecturer in Textile Chemistry in charge of Government Textile Institute and a Technical Expert who is an Examiner in the subject also feel that the amount of remuneration is too low and suggest that it may be increased to Re.1/-.

3. I recommend the proposal, as the expenditure involved on account of the enhanced rate will be very meagre in as much as the Government Technical Examinations as a whole are not only self supporting but also leave an appreciable surplus to Government.
