Madras.
Dated 22.5.50.

C.No.662-F/50.

From

The Director of Public Instruction,
Madras.

To

The Secretary to Government,
Education Department, Madras.

Sir,

Sub: OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION -
Statistical Section - Temporary additional staff
Sanction of - Requesting the.

In their letter No.F.15-1/48-E (Stat.) dated 23rd January, 1950, the Government of India (Ministry of Education) have forwarded a copy of the revised form of General Educational Tables and desired that the educational statistics of this State for the year 1949-50 and onwards be collected in the revised form. Whereas the original form of General Educational Tables adopted till now included only sixteen tables the revised form comprises of twenty-nine separate tables and includes statistics of a varied nature not till now collected. The number of annual returns ordinarily received in past years in the statistical section in connection with the compilation of the educational tables of Volumes I and II of the Public Instruction Report was over 5000. This year, consequent on the revision of the General Educational Tables by the Government of India and the increase in the number of institutions of various types, the number of returns to be scrutinised and compiled by the Statistical Section would increase by at least 50% at a modest estimate. Further this being the first year of the introduction of the revised form the returns received from several institutions are either incomplete or otherwise defective. Their scrutiny and collection of revised correct returns also involve considerable additional work in the section.

In addition to the above, the Government of India (Ministry of Education) have now in their letter No.F.1.5/50, E (Stat.) dated 29-4-50 requested the Director to collect the statistics of child welfare of this State for the year 1949-50. This form "Statistics of Child Welfare in States" comprises of 15 separate tables and requires collection of statistical data on several important items of child welfare such as 'School health service', 'School meals', 'recreational facilities', 'Nutrition inspection', 'Minor and major diseases in school children', 'Eye defects', 'Child guidance' etc. The information required for these tables has to be collected from various sources.

The work in the statistical section has, therefore, increased considerably in volume and also calls for greater care and accuracy in compilation, in view of the complicated nature of the returns. The existing staff of the section consisting of only three lower division clerks and the superintendent in the cadre of a Senior Deputy Inspector of Schools will not be adequate to cope up with the abnormal increase in the volume of the work in the Section.

In view of the above facts, I request that Government may be pleased to sanction the appointment of two additional

Memorandum - 12424 A/50.7 Edn. 2/6/50

Office of the D.P.I. - Statistical Section - temporary add. staff
Letter from the D.P.I. No 662 A/50 of 22.5.50

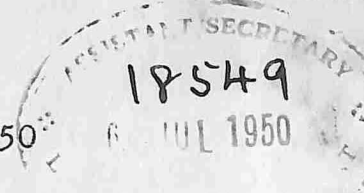

The D.P.I. is requested that he should state whether the Statistical tables have not been prescribed by this Govt. and if so, how the Govt. of India can issue instructions to the States and Provinces whether the sanction of this Govt. is necessary for their alterations. He is also requested to state the difference between the tables prescribed by this Govt. and those suggested by the Govt. of India and to furnish copies of the letters of the Govt. of India, referred to in his letter cited.

EDUCATION DEPARTMENT.

Office of the Director of
Public Instruction, MADRAS,
Dated: 3rd July 1950.

R.C. No. 662-F/50

From

The Director of Public Instruction,

M A D R A S.

To

The Secretary to Government,
Education Department,
Fort St. George, MADRAS.

Sir,

Sub: Office of the Director of Public Instruction -
Statistical Section - Temporary additional staff

Ref: Government Memorandum No. 12424-A/50-1 Education
Dated 2-6-1950.

...

With reference to the queries raised in the Govern-
ment Memorandum cited above I have to report as follows.

The educational tables appended to the Public
Instruction Reports are divided into two main sections - General
and subsidiary. The former hitherto known as General Education
Tables is prescribed by the Government of India and forms part
of volume I of the Public Instruction Report. The latter viz.
the subsidiary tables prescribed by the Provincial Government
is published as volume II of the Report on Public Instruction.

According to the instructions communicated in
G.O. No. 472 Education dated 7th August 1949 the Educational
Tables prescribed by the Government of India have to be adhered
to without alteration or subdivision of any kind so that it
may be possible to compare one province with another and to
form a reliable estimate of the annual progress of education
in the several provinces.

Copies of the tables now prescribed by the Govern-
ment of India viz. "Statistics of Educational Institutions in
States" and of the subsidiary tables prescribed by this
Government viz. "Report on Public Instruction in the Madras
Presidency for the year 1947-48 Volume II" as well as copies
of the letters of the Government of India viz., No.F.15-1/48-
E (Stat) dated 23rd January 1950 and No.F.1-5/50-E (Stat)
Dated 29-4-1950 with enclosure "Statistics of child Welfare
in States" are enclosed as desired.

Yours faithfully,

N. R. R. R.

13/9/50

From the D.P.I. No. 662-F/50, dated 22-5-50 and 3-7-50.

Office of the D.P.I. - Statistical section - Temporary additional staff.

There is a separate section in the office of the D.P.I. known as the Statistical section for work connected with the collection and compilation of statistics. This section consists of ^{one} 4 Supdt. in the grade of Senior Dy. Insprs. of Schools (Grade II) and 3 L.D. clerks. The Supdt. and one of the L.D. clerks ~~was~~ sanctioned in May 1949. - Vide G.O. No. 966, Edn., dated 4-4-49.

2. The D.P.I. reports that the Govt. of India have forwarded a copy of the revised form of the General Educational Tables and desired that the Educational statistics of this State for 1949-50 onwards should be ^{compiled} ~~collected~~ in the revised form. The Govt. of India have also asked the D.P.I. to collect statistics of Child Welfare in this State for the year 1949-50. The original form of the General Educational Tables adopted till now contained only 16 Tables whereas the revised form comprises 29 separate tables and includes statistics of a varied nature not till now collected. The statistics of 'Child Welfare' required ^{relate} ~~referred~~ to several items such as 'School Health Service', 'School meals', 'Recreational facilities', 'Nutrition inspection' etc. The Director ~~therefore~~ states that the work in the Statistical section ^{consequently} has increased considerably in volume and also calls for greater care and accuracy in compilation in view of the complicated nature of the returns and that the existing staff is not adequate to cope with the large increase in the work. He therefore requests sanction for the appointment of 2 additional clerks in the Statistical section (one U.D. clerk and one L.D. clerk) for a period of 4 months, ~~in a year~~. The Director's proposal seems to be ^{reasonable} ~~justified~~ and may be supported in this Dept. The case may be sent to Finance for remarks.

11/5/50

Notes of Education on page 1 above may be perused. Education have agreed to the D.P.I.'s proposal for the employment of an additional staff of one U.D.Clerk and one L.D.Clerk in the statistical section of D.P.I.'s Office for a period of 4 months (~~The additional expenditure to Government in the proposal works out to Rs 982/- for the period~~).

The reasons for the staff proposed are given on page 1 cf. There is a separate section in the Office of the D.P.I. known as statistical section for work connected with the collection and compilation of statistics. This section consists of one Superintendent (in the grade of Senior Deputy Inspector of Schools Grade II) and 3 L.D.Clerks, of which the Superintendent and one of the L.D.Clerks were sanctioned in G.O.966 Education dated 4-4-49 and the sanction for this staff (Superintendent and one L.D.Clerk) expires on 30-4-51.

It may be stated in this connection that the D.P.I.'s office was one of offices completely exempted from the operation of the 12 1/2% cut in staff, i.e. in this office, even as a matter of gesture, no reduction was made in the existing staff. In view, however, of the fact that the work in the statistical section has increased and calls for greater care and accuracy in compilation on account of the revised forms prescribed by the Government of India and the collection of statistics on 'Child Welfare', Finance may concede the need for additional staff to assist the existing staff. ~~but the need for an addl clerk is not clear~~ ~~for extra work is not clear~~

The statistical section has now to furnish to the Government of India, statistics of Educational Institutions in States in the form as revised by them and also an additional return on "Statistics on Child Welfare" in States." The existing strength in the statistical section is 3 L.D.Clerks and 1 Superintendent, and it should be possible to complete the work with an additional L.D.Clerk under the supervision of the Superintendent. The L.D.Clerk may be sanctioned for 4 months as proposed. (Extra work R. 394).
