Please see the letter from the Accountant General in the Cb. He takes objection for not having forwarded the copies of orders sanctioning contributions to Local Bodies <sup>in respect of Cb. tax</sup> through the Finance Department. Submitted that the contributions are advance payments made to Local Bodies with reference to the proceeds of Education Tax reported by Local Bodies. Final adjustments in respect of in respect of advance payments are made with reference to the audited figures of Education Tax received from the Examiners. On this view copies of orders sanctioning the advance payment are sent direct to the A.G. This system has been in force since 1925. In the circumstances there is nothing improper in the orders referred to by the A.G. not having been communicated to him through the Finance Dept. He may see the note W.O. for remarks if any. There is no objection in audit to  
the existing procedure in the cases  
referred to being continued, provided  
the Finance Department delegate to the  
Education Department the power to com-  
municate to this office direct, Govern-  
ment orders involving sanctions to

Government contribution under Section 37  
of the Elementary Education Act VIII of  
1920.

A reference is invited in this  
connection to Rule 45 of the Madras  
Financial Code Volume I under which

copies of all orders sanctioning the  
expenditure should be communicated by  
the authority which accords sanction,

and if the sanctioning authority is the Government,  
a copy of the order intended for the Accountant  
General should be sent to him through the Finance

Department in all cases in regard to which the  
Finance Department has been consulted. In respect

of cases in which no prior consultation with the

Finance Department is called for under any convention  
or orders of which the Accountant General cannot be

aware, the Accountant General should be placed in a

position to know, on the receipt of the order, that

the consultation with the Finance Department is not

necessary by reason of the delegated authority pos-  
sessed by the Department of Government. Otherwise,

it is not possible for him to satisfy himself that the

Finance Department has been consulted under the rules

in respect of any sanction authenticated and received

direct from the administrative department of Govern-  
ment. So far, however, the delegations made to

Departments of the Government have not been incorpo-  
rated in the relevant appendices in the Madras Financial

Code and it is therefore suggested that the extent of

delegations to Departments of Government i.e. the

precise nature of sanctions which need not receive the

prior concurrence of the Finance Department, may be

indicated in a note to Article 45 of the Madras Finan-  
cial Code, Volume I.

2. With reference to the A.G.'s suggestion at '2' on p.2 above, it is submitted that it is not usual to provide for delegation of powers to the other Departments of Secretariat, in the Financial Codes, nor does it seem worthwhile, in the present case, to provide for such a delegation under Rule 12 of the Business Rules and Secretariat Instructions. As no useful purpose will be served by this Department's scrutinising such cases at the draft stage, it seems sufficient if Education send the copies of orders intended for the A.G. through this Department, ~~which they need not be sent to Finance & the Department~~. Finance may advise accordingly.
