It has been brought to the notice of Government that in certain districts the Collectors experience great difficulty in securing suitable vacant lands measuring three acres or more to be reserved either for playgrounds or school sites in each and every village as ordered in G.O. 339, Revenue, dated 10-2-47. In villages where it is not possible to reserve sufficient vacant lands satisfying the conditions in the G.O., a smaller extent of land not less than one acre for each village school may be reserved for the purposes of school sites and playgrounds.

iii. G.O.339 d/10-2-47.

I submit that no new sites other than the two reported in my reference cited above could be reserved and entered in the Prohibitory Order Book under the G.O. cited above.

In G.O.339 dated 10-2-47 the Government issued definite instructions that the sites selected for the purposes of school and playground should not be less than 3 acres in extent. The limit of 3 acres is too much for this purpose especially in the case of Elementary Schools and I find it not possible to secure vacant lands measuring 3 acres or more in each and every village, where Elementary schools are situated. Unless the restriction in extent is relaxed, sites cannot be found in every village. I am issuing instructions to my Subordinate Officers to proceed with the selection of sites wherever necessary and available in consultation with the local officers of the Education Department without regard to the limit of extent prescribed in the above said G.O. I solicit further orders in the matter.

A list of vacant lands at the disposal of Government and measuring in all 55.30 acres was sent to the Dt.Educational Officer North Malabar and he was asked to report on their suitability for use as playgrounds. He has selected six plots, measuring in all 18.30 acres. As most of the plots form portions of extensive blocks in Wynad Taluk they have to be subdivided before they are received and handed over to the Educational authorities. I have asked the Rev.Divl.Officer, Tellicherry to get these plots subdivided. His report in the matter is awaited. As soon as his report is received, further action in the matter will be taken.

Coonoor:- The following fields in this taluk have been reserved for use asplay grounds for schools and colleges.

Kotagiri.	B.557/1A.2/1	6.18 ac.	Panchayat Board, Kotagiri.	--"--

Ootacamund:- All the schools in the Ootacamund town have their own play grounds at present. So far, no land has been earmarked for play-ground, as there have been no instances for this and in most cases play grounds form part of the school property. Regarding the schools in rural parts, I submit, all schools have invariably enough lands(vacant) for use as play ground. If, however, they apply for reservation of land for play ground, they can be favourably considered.

Gudalur:- There are 11 schools in this taluk. Out of these the schools at Gudalur and Ambalavayal are Higher Elementary Schools. There are no High Schools or colleges in this Taluk. The Higher Elementary Schools at Gudalur and Ambalavayal have separate play grounds of their own. The remaining schools have got large vacant lands around each school. The children are making use of these vacant lands as play ground. There is no necessity to reserve or earmark lands for use as play grounds for these schools.

In his minutes on page 15 ante, H. Pr. has ordered that an immediate report should be obtained from the Collectors of the progress so far made. Apparently, H.Pr. is referring to the orders in G.O.Ms.No.339 Revenue dated 10-2-47 which however concern only play grounds and sites for schools. The G.O. was issued on 10-2-1947. Some work would have been done with reference to these orders. The Board may be asked to obtain and submit a report immediately of the progress so far made in the various districts in respect of reservation of suitable sites for purposes of schools and playgrounds in villages.

Please see the notes from p.12 ante, particularly the orders of H.P.M. at p.15 ante and para 4 of the note at p.16 ante and the draft memo put up below. In the linked file C.No.86833 C1/47, this department have already called for reports from Collectors as regards the action taken in the matter of reservation of lands for use as play grounds. Reports have been received from a few Collectors and from the others they are awaited. In view of this it does not seem necessary to ask the Board of Revenue to call for further reports from the Collectors as proposed in para 2 of the draft put up below. Subject to these remarks, the draft may be perused and returned to Revenue.

With reference to the minutes of H.Pr. on page 15 ante, this Department propose to ask the Board of Revenue to obtain and submit a report of the progress so far made in the various districts in respect of reservation of suitable sites for purposes of schools and playgrounds in villages. But it will be seen from the note of E. & P.H. above that, that Department have already called for reports from Collectors as regards the action taken in the matter of reservation of lands for use as playgrounds. Reports have already been received from some Collectors in that Department. In view of this no further reference to the Board on the subject from this Department seems necessary. After receiving reports from all Collectors, E. & P.H. will no doubt let this Department see their file. They may be requested to circulate their file to H.M.(Land Revenue) and H.Pr. also.

ASST. SECRETARY TO GOVERNMENT EDUCATION AND PUBLIC HEALTH DEPTS. 11 JUN 1948

Immediately after assuming office in 1946, we issued a circular through the Revenue Department for reserving not less than 4 or 5 acres of land in every village out of poramboke for the purpose of schools. The order was issued, but I do not know what action was taken in the matter. I believe the reservations would have been made. The Revenue Department may be asked to collect the S.Nos. reserved in each of those villages and report to us, so that it will be useful to us when we start schools in the respective villages.

Secretary, E.& P.H.

More than a year back we issued circulars through the Revenue Department to reserve sites for schools in every village. Circulars were issued by the Revenue Department but I don't know what action has been taken by the local officials in the matter. I would like to have a list of the sites reserved in the various villages in the Province so that those sites may be utilized when the schools are started. There are about 3,500 places with a population of 500 and above where there are no schools. We are attempting to bring schools into existence in those places. Getting sites for schools is a great difficulty and if these reserved places are to be made available, it will be a great help. The Revenue Dept. may be requested to furnish us the particulars of the sites allotted in the various villages so that they may be of ready use to us in this matter.

H.M. Education.

From the D.P.I. Rem. 2783 - B2/48 d. 10-7-48.

In Rem. No. 23189 - C3 d. 17-7-45, instructions were issued to local bodies and collectors to list out vacant lands available and suitable for use as playgrounds and to take requisite action to place them at the disposal of the schools in each district, consulting the D.E.O. or the Inspectress of Schools as the case may be. Further instructions in the matter were issued in Rem. No. 30132 - C3/46-3 d 27-9-46. In July 1946, the Hon'ble Minister again in a slightly different form the proposal to set aside every village where vacant

lands are available, a suitable site should be reserved not for only for use as playgrounds, but also for the purpose of constructing school houses. Accordingly the orders in Go. 339 Rev. dated 10-2-27 were issued. For October 1927, HPR. wanted to know whether in pursuance of the instructions to earmark available lands in villages as playgrounds for schools, such as lands had actually been so reserved and whether reports had been received from collectors. With reference to this enquiry, the memo. at p1 cf. was issued. The reports received from the collectors with reference to this memo: are at pp 3-45 cf. and pp 49-61 cf. The reports are not complete and some of the Collectors have not sent any reports at all. Two statements, one showing the stages of the various reports received from the Collectors and the other showing the lands actually reserved for use as playgrounds, are put up below.

2/. The HH(Edn) has now asked for a list of all lands reserved for use as school sites and as playgrounds with reference to the orders in Go. 339 Rev. Dated 10-2-27. The reports called for in the memo: at p1 cf. were only in respect of sites reserved for use as playgrounds and not as school sites. Since the HH now wants a list of all lands reserved for use as school sites also, fresh reports have to be obtained from the collectors. As the reports received from collectors re: the sites reserved for use as playgrounds are not complete, it is for orders whether the Collectors of all districts may be asked for a complete list of all lands reserved for construction of schools as well as for use as

playg playgrounds. Subject to orders, the draft below is for approval. After issue, the file may be circulated to the HH. for information.

[Memo: No. 86833 c1/27-6 Edn. 20-Aug.]

I hope we will be able to get reports from the Collectors within the next few months. This may be put up sometime in December. The reports may be classified according to districts and taluks.

25/8/28

With reference to the letters at pp 95 & 97 cf, the draft below is for approval.

2/. Please see the report from the collector of Kistna at p100 cf. He says that the extent of 3 acres required to be reserved for playgrounds and school sites is too much and that unless the Govt. permit the reservation of a smaller area of land, land cannot be reserved in every village as required by the Govt. The collector of West Godavari has reported that there are no vacant lands at the disposal of the Govt. in any taluk of the district satisfying the conditions specified in Go. 339 Rev. dated 10-2-27. Evidently the Kistna has to experience the same difficulty.

3/. The minimum area of 3 acres prescribed in Go. 339 Rev. dated 10-2-27 was suggested by the Board of Rev. It is for

6

consideration whether in the circumstances stated in para 2 above, a smaller area of land, but not smaller than say 1 acre may also be permitted to be reserved.

4. After orders are issued, draft, the file may be sent to Rev. for remarks.

To A.S.

Please see the E & P.H. note on pp. 5-6 above. The file has been sent to this Department with reference to A above.

2. In his minute on p.1 N.F. of G.O.Ms.No.339-Rev. d/10-2-47 H.M. (Edn.) wanted that 10 acres of Govt. land might be reserved for school sites and playgrounds in all villages. The intention was that these large sites reserved will be of use to these village schools in future if they developed into fairly big institutions. The Bd. which was consulted was of the opinion that the limit of 10 acres might be reduced to the minimum of 3 acres and that the suggestion regarding reservation might be given effect to only in such villages as had vacant sites. The idea in reducing the limit was evidently due to the scarcity of such large extents as 10 acres in villages. The Govt. agreed with the Board ~~x~~ and orders were issued accordingly in G.O.Ms.No.339- Rev. d/10-~~12-46~~ 2-47. The intention of the G.O. is to reserve sites in villages only if there are suitable vacant Government lands.

3. The Collectors of Krishna and West Godavari have now brought to the notice of the Government that they are unable to find suitable vacant lands measuring three acres or more in each and every village. The E & P.H. Department therefore, suggest that an extent of land not

not less than say one acre may also be permitted to be reserved. If lands measuring 3 acres are not available there seems to be no objection in permitting Collrs. to reserve lesser extents as suggested by E & P.H. One acre will be sufficient for a village school. In the case of schools already functioning, one acre of land will be sufficient for a combined play ground for three such schools. In this connection, perusal is requested to a letter from the D.P.I. to the Government in 1945 at p. 5 c.f. of G.O. 1336-Edn d/3-9-1945. In the circumstance if Collectors are not able to reserve sufficient vacant lands satisfying the conditions in G.O.Ms. 339-Rev. d/10-2-47, instead of going without lands, it seems desirable to reserve extents less than 3 acres also.

The Collector of Coimbatore reports that the Tahsildar, Tirupur P120 cf has selected two sites in Nallur and Vijayapuram villages for use as playground and school sites and that there are only private schools in the above villages. He requests to know whether the sites selected may be handed over to the private schools as required in the Memo No 30132-C1/46-3 Edu dated 2-8-46. (d) - perhaps in another file

There seems to be no objection to permit the Collector to hand over these sites to the schools subject to the conditions laid down in the above memo. A

The Collector of Coimbatore also raises another point for clarification viz whether the cost of trees, if any, on lands reserved or handed over to local bodies for use as school sites and playgrounds should be recovered from them first

What were the Collectors asked to do. What have they done - those that have done anything at all?

25/4

In Memo No. 23185-C-3 Edn dated 17-7-45, local bodies and Collectors were asked to list out vacant lands available and suitable for use as playgrounds and take requisite action to place them at the disposal of the schools concerned in consultation with the district educational Officers or the Inspectress of Schools as the case may be. The question was further examined in 1946 and in G.O. No. 339 Rev. dated 2-4-47 the following orders were issued in connection with the selection of sites

(1) that in every village where there is sufficient vacant land at the disposal of the Govt. a suitable site should be reserved for purposes of school and playground

(2) the selected site should be sufficiently near the residential area and should not be less than 3 acres in extent. (The extent of land to be reserved was lowered to 1 acre in Memo No 9603/47-10-C, Edn dt 24-12-48.)

(3) that where practicable, the site for playground should be adjacent to the school site. In cases, however, where there is no open space adjoining the school premises, a detached plot of land might be reserved for playground provided the selected site for playground was not too far away from the school premises.

(4) That the Collectors should select the sites in consultation with the Officers of the Education dept.

(5) That the sites selected should be entered in the Prohibitory order book.

From the reports so far received, it would appear that the Collectors of all districts excepting South Arcot, Coimbatore, South Kanara, Krishna, Nellore and Nilgiris have reserved the sites at their disposal available for use as playgrounds and for school sites. The work of reserving the sites in the above six districts is still incomplete. No vacant lands are available in West Godavari. The Collector of Ramnad has not sent any report so far.
