Sub:--Additions and alterations in the main building and subsidiary buildings--Teachers' College, Saidapet.

Consequent on the regrouping of optional subjects for the B.T., and the need for providing rooms for tutorial work, a redistribution of Lecture halls has become necessary. Some of the Lecturer Halls have to be partitioned to provide for tutorial work by Lecturers. These are of minor nature detailed as below:--

(1) The wooden partition in the Natural Science room on the ground floor will be removed and refixed in the Library room on the first floor--Estimate Rs.25/-

(2) The dismantling of the Photographic dark room (which is a wooden enclosure) and erecting it near the Common room to serve as a closet for the college staff.. The furniture will be shifted and fixed in the dark room in the Science block.-- Estimate Rs.75/- (including brickwork etc., and plastering with cement the flooring)

(3) The provision of a wooden partition in the History Lecture Hall--Estimate Rs.290/- each.

(4) A wooden partition in the Science Lecture Hall on the first floor to serve as a tuition room--Estimate Rs.250/-

(5) The Provision of a partition with wooden frame and thatti panels in one of the Nissen Huts to serve as a tiffin room for which there is no provision now.--Estimate Rs.75/-

I have consulted the Executive Engineer, South Presidency Division, personally. He has no objection to these alterations being carried out departmentally. I request you to be good enough to approve the above and provide me the necessary funds for carrying out the work.

As the works are of a very urgent nature, I am proceeding with the works in anticipation of your approval.

Ref:--Proceedings Rc.No.312-A.2/50 dated 29-7-1950 of the Director of Public Instruction, Madras.

Necessary alterations, rearrangements and other adjustments had to be made urgently to arrange for the conduct of the work of the B.T. Class as per the re-organisation scheme. My predecessor, Sri V.R. Rangantha Mudaliar, therefore, personally consulted the Executive Engineer about the items of work under reference and has assured himself that though competitive quotations could not be obtained on account of the urgency of the work, the estimates were quite reasonable.

In regard to instruction contained in para 2 of your proceedings, I think that I can defer item No.5, namely, the putting up of a thatti and wooden partition in one of the Nissen huts to provide a tiffin room (estimated cost Rs.75/-) Item 2 is required to be done urgently as there are women
