Ref: U.O. Note No. 81083-1/49A dated 5-12-49 of the E and P.H. Dept.

Please see the U.O. note of the Education and Public Health Department and the orders passed on Q.No.93. The member also has been informed in this Office D.O.No.7774/49-25 M.L. dated 19-10-49 that his starred Q.No.93 has been treated as an unstarred question in view of long answer expected. Clause (b) of the question is too general. Evidently it is the desire of the member to get a consolidated reply with regard to all Professional Colleges in the Province. With regard to Agricultural and Veterinary Colleges, the Education and Public Health Department may be informed that they may circulate the file to the concerned Departments and furnish a consolidated answer. Moreover, as it is only an unstarred question, the question will not have to be answered orally on the floor of the House by any Hon. Minister, but the question and answer will be printed and laid on the table of the House. This may now be sent to the Education and Public Health Department u.o. for necessary action.

Relaxation of condition- ordered.

Order.

It has been represented that the authorities for the selection of candidates for admission to Agricultural Colleges and certain other professional colleges insist on the production in original of the University certificates, leaving certificates from the Heads of the institution last attended. Testimonials of good character and certified copy of marks secured at the University Examination (Intermediate) and that the insistence on the production of such certificates in Original by more than one college simultaneously precludes students from applying for admission into more than one college to be assured of a seat at least in one of the colleges. The Government have therefor relaxed the condition in the case of the Medical Colleges. They hereby direct that in the case of applications for admissions to Agricultural Colleges also it will be sufficient if only certified copies of the certificates are required to be produced by the applicants in the first instance.

The copies should be certified to be true by a Government Officer not below the rank of a Gazetted Officer or a Magistrate. The Selecting authorities will reserve the right to call for the production of original certificates in case of any doubt before selection. Originals of the certificates should in any case be furnished by the candidates after admission for verification and for record in the Agricultural Department.

G.O. No Ms. 3427 Public (Services) Department dated 21st November 1949
Public- Communal representation - modification.

Order.

Under the existing rules appointment in the Public Services to which recruitment is made on a communal basis are allocated among the various communities in the proportion specified below.

Non- Brahman (Hindus)	5 out of 12.
Raza Brahmins ..	2 ,, 12
Muslims	2 ,, 12.
Anglo Indians and Ind. christians	2 ,, 12
Harijans	1 ,, 12.

-There has been of late been considerable agitation from almost of all sections of the general public that the above allocation which was decided upon years ago is quite unsuitable, that most of the vacancies assigned to the Non-Brahmans and Indian Christians go to educationally more advance members of those communities and that Harijans get very much less than what they are entitled to on the basis of their population in the Province. Individual members and Associations belonging to the Harijan Community have also pointed that as the Government of India have reserved 12% of vacancies to the Harijans in respect of posts under their control, the Government of Madras should incorporate the same percentage in the rules relating to posts under the control of the Provincial Government. After a careful consideration of the claims of all communities, the Government have come to the conclusion that the existing allocation should be changed as follows.

13

(a)

: 5 :

Non-Brahmins (Hinuds)	6 out of 14.
Backward Hindu Communities	2 out of 14
Brahmins	2 out of 14
Harijans	2 out of 14
Anglo-Indian and Christians	
Ind.	1 out 14
Muslims	1 out of 14

The result of the revised allocation is that while the harijans again appreciably, Anglo-Indians, and Indian Christians and Muslims lose likewise, but it must be realised that the revised allocation is roughly in conformity with the percentage of population of these communities in the Province.

2. Recruitment to some of the services and posts under the Government is made on a communal rotation basis. Consequent on the change in the reservations ordered in paragraph 1 above, it has become necessary to change the order in which appointments by rotation are to be made. The Government have decided to change the order of rotation as shown below in every cycle of 14 vacancies.

1. Non-Brahman (Hindu)
2. Harijan.
3. Backward (Hindu).
4. Non-Brahman (Hindu)
5. Brahmin
6. Non-Brahman (Hindu)
7. Muslim
8. Non-Brahman (Hindu)
9. Anglo Indian or Ind. Christian
10. Non-Brahman (Hindu)
11. Harijan.
12. Non-Brahman (Hindu)
13. Brahman.
14. Backward Hindu.

3. The revision of the rule of communal representation ordered in paragraph 1 and 2 above will come into force immediately. In the case of communal rotation the order should start afresh. The fresh start should be made with the first vacancy rising after the date of issue of this G.O and will begin at the first turn viz. Non-Brahman (Hindu)

4. Necessary amendments to be service rules be will be issued separately.

While constituting the Committee for the selection of students for admission into the Agricultural Colleges and Bapatla and Coimbatore, the Government ordered that the Committee should interview the candidates at Bapatla, Coimbatore and Madras and finally sit at Madras to scrutinise the applications and prepare final lists for the two colleges according to the orders of Government regarding the principles of selection for the time being in force. The Government have since reviewed the position carefully in consultation with the Director of Agriculture and direct that modification of para 2 of G.O No.3192 Development dated 16-6-48 the selection Committee need not interview the applicants for admission into the Agricultural Colleges and that eligible candidates should be selected in accordance with principles laid down for the purpose, as in the case of admissions into Arts, the Medical and the Engineering colleges. They also direct that an indication be given in the memorandum issued to the candidate after the selection that any person if found physically unfit will lose his seat in College.

The Director of Agriculture is requested to expedite the information called for in para 1 of D.O No.61399 A IV/49-1 Development dated 11th June 1949

2. From the Director of Agriculture X.1. 782/48 dated the 12th July 1948.

It is observed from the list of candidates selected for admission into the Agricultural colleges at Coimbatore and Bapatla that the district quotas have been fairly observed although deficiency in numbers have occurred in a number of Tamil districts viz. Chingleput, North Arcot, Salem and Ramnad.

2. As regards the communal ration, Harijans in particular Muslims to a lesser extent and Indian Christian and Backward Communities have not come upto their strength and their utilised seats have been allotted to other communities. The Director of Agriculture is requested to submit a list showing the number of application received and the number selected according to the communities and to state why the communal ration could not be adhered to.

3. It is also observed that all the students selected from Madras, City, Chingleput, and North Arcot districts have been allotted to the Bapatla College. It seems unlikely that all of them are Telugu students. The Director of Agriculture is requested to see if it is not too late now that all Tamil, Malayalam and South Kanara students are admitted in the College at Coimbatore and the excess only sent to Bapatla. In any case this principle should be adopted in future.

Sub: Education-Agriculture-Agricultural Colleges, Coimbatore and Bapatla - Number of admission of students into each college during 1949 - 50 reduced from 96 to 80-

Ref: G.O Ms No.1657 Development dated 24-3-49.

In view of the limited prospects of absorption in the Agricultural Department of the Agricultural Graduates passing out from the Agricultural Colleges at Coimbatore and Bapatla by June 1951, the Director of Agriculture in February 1949, proposed that the existing number of admissions into each of the Agricultural Colleges might be reduced from 96 to 48 from the academic year 1949-50. Even though the Government did not agree to the proposals of the Director of Agriculture and ordered that Bapatla be continued at the increased number of 96 in each college so long as candidates are available.

2. The Government have since reviewed the position carefully in consultation with the Director of Agriculture. In view of the fact that as the hostel accommodation and facilities for laboratory work in the colleges are limited at present and as at the present scale of admission the Agricultural graduates passing out from the Agricultural Colleges Coimbatore and Bapatla will shortly be surplus to requirements of the Agricultural Department, the Government consider that the number of admissions into the Agricultural Colleges should be reduced. His Excellency the Governor of Madras accordingly directs that the number of admissions into the Agricultural Colleges should be reduced at Coimbatore College and Bapatla be reduced from 96 to 80 this year.

3. The Director of Agriculture is requested to revise the number of seats

allotted to each district in proportion to its population view of the above reduction and submit the revised distribution for approval of Government within a week.

4. The Director of Agriculture is requested to examine whether any reduction of staff in the colleges will be feasible in view of the result to Government.

5. The Director of Agriculture is requested to review the position again as regards the number of admissions early in April 1950 and submit proposals for the continuance or otherwise of the reduced scale of admissions.

I have the honour to state that admissions to non-Government Arts and Professional Colleges are entirely left to the discretion of the managements concerned subject to the reservation of 10 % of seats for Harijans now in force.

2. In regard to Government Arts and Training Colleges, I may state that no definite rules or instructions fixing up the proportion of seats for each community have been laid down. In response to Public Opinion Government constituted Selection Committees to assist the Principals in the selection and admission of students- vide G.O. Nos. 636 L (E) dated 20-5-1922 and G.O. No. 1880 L (E) dated 15-9-1928. I would also invite attention to then Director's U.O. reply No. 426 dated 30-7-1921 in reply to Government Endorsement No. 3451 A-1 dated 29-7-1941. These Selection Committees were however abolished in G.O. No. 308 Education dated 5-2-1938 and the Principals of Colleges were directed to select the candidates with reference to subsequent representations, instructions were issued in G.O. No. 1435 Education dated 1-8-1940 and G.O. No. 960 Education dated 14-3-1942, in the matter of admission of students. The instructions are still being observed. Government have since constituted non-official advisory committees with duties to assist the Principals in the matter of admission of students.

3. In regard to Engineering Colleges, selection and admission of students are governed by instructions issued in the following orders:-

G.O. No. 997 Edn. dated 22-7-1943.
G.O. No. 1364 Edn. dated 27-6-1947.
