HEADMASTER & CORRESPONDENT.

The Hon. Minister
for Education,
Madras.

MAHARANIPETA P. O.
VIZAGAPATAM.

Date 21-8-50.

Sir,

Sub:- Endowments - Schools started before June '48-
Exemption.

Ref:- G.O. No. 1657 Education d/20-5-49.

We are very much pleased and consoled by your presidential speech and your statements therein about endowments on the occasion the Centenary Celebrations of the Methodist Mission Girls' High School, Royapettah. The G.O. referred to above states in clear terms that schools opened before June 48 need not create an endowment. In your presidential speech you reiterated the same assurance and said that schools started before June 48 need not provide an endowment.

2 But the department of education is demanding endowments from schools started before June 48. Here in Vizag, for instance, St. Anthony's School which was opened as a secondary school in June '33 is being asked to create an endowment which is in contravention of the G.O. quoted above and your own clear statements to the contrary. This school which is in existence ~~xxx~~ as a secondary school since '33 is being gradually developed. We ~~xxx~~ opened IV & V Forms in June 46 and in June 47 respectively and we applied for permission to open VI Form in ~~xxx~~ February 48 and this permission was granted on 9-6-48. According to the G.O. which states clearly that schools opened before June 48 need not create an endowment this school being started before that date is exempted from the endowment rule. Still the department is asking for endowment from this school which is quite contrary to the G.O. cited above. Therefore, we request you to give instructions to the department not to harass schools started before June 48 with this question of endowment.

3 Moreover in the same speech you stated that you are prepared to give special consideration to schools started by an old established private agency. The diocese of Vizag is an old agency in the field of education conducting many schools for the education and uplift of the sons and daughters of India. This diocese would start two more high schools had it not been for the endowment rule which serves rather as a hindrance than an incentive, to a private agency. Therefore if this endowment rule is relaxed in favour of the diocese of Vizag, soon we will start some more schools.

We request you, therefore, to see that the above-mentioned G.O. is not misunderstood and misapplied by the education department to schools which fall outside the pale of endowment rule.

Yours faithfully,

(Rev. Fr.) Gopin Anna Reddy

Dear Mr. Menon,

Your Government has been sufficiently embarrassed by various problems, specially by the food problem, and I don't wish to further embarrass you. Soon after you took the Education Portfolio, I had the pleasure of seeing you in your office with a request to relax, if possible to revoke, the endowment policy. Though the endowment ~~policy~~ G.O. has been there all along, yet you have judiciously relaxed it to such an extent that there are now many schools sprung up. When I say this there is not any exaggeration. ~~xxxxxxxxxxxxxxxxxxxxxxxx~~ I was directly in touch with ~~xxx~~ education for over 20 years. And I know what a boon it is to have so many schools now. Yet there are not schools enough to cater to the needs of many more.

I have been following papers about the mission school in Narsarao Peta. The G.O. referred to above clearly states that schools opened before June 1948 need not create an endowment. But here is St. Anthony's School in Vizagapatam, which was opened as Secondary School in 1933 and has since been developing gradually. VI form was started in June 1948. Now this school, though opened in 1933, is being asked to furnish an endowment in contravention to the above G.O.

3 Your anxiety to ensure security for the staff and stability for the institutions is really commendable. But there are such bodies ~~xxxx~~ as Christian Missionary bodies which are famous for their stability, integrity and efficiency. They need your active sympathy when such bodies make representations with a view to open new schools. I have known cases where Christian Missionaries ~~xxxxxx~~ are not coming forward to start new schools because of the Endowment policy of the Government. They just cannot pay endowments, nevertheless they have the stablest institutions in our presidency. And these cater mostly for the backward communities as their records show.

4 I therefore request you to see how best you can help many more schools spring up. There has been never such a demand for schools as now. If private institutions are not encouraged, specially at a time when the Government have not sufficient funds to open new schools, the young folks, who have nothing else to do, will fall an easy prey to the Communistic influences.

Vizagapatam,

Yours faithfully,

W. Narayana

Visakhapatnam - Creation of endowment in respect of schools
opened after June 1948.
Ref: Government Endt. No. 24843.B/50-1 Edn. dated 25.8.'50

Resubmitted.

Permanent Recognition in respect of Forms V and VI in the St. Antony's Secondary School, Visakhapatnam has since been accorded on the ground that it is correct to insist on an endowment only where a Middle School is permitted to develop into a High School and that the opening of additional forms like V and VI should ordinarily be permitted without imposing the condition for building up an endowment. In this connection, I invite your attention to my letter Rc.No.126.D.3/49 dated 21.6.'49 and to the orders passed in para 2 of G.O. No. 1728 dated 8.6.'50.

I presume that my interpretation of the orders in the G.O. referred to above is correct and if so Government may be pleased to approve of my action.

for Director of Public Instruction.
The Secretary to Government,
Education Department.

Schools. Secondary. Aided. St. Anthony's Secondary School, Visakhapatnam. Creation of endowment.

From the Correspondent, R.C.M. St. Anthony's Secondary School, Visakhapatnam d/21.8.50
From Sri Ch. Moses, Advocate, Visakhapatnam d/19.8.50
From the D.P.G. Rc. No. 134. D.3/50 d/9.9.50.

The management of the St. Anthony's Secondary School, Visakhapatnam, have requested that the creation of endowment in respect of Forms ~~V~~ and VI of the school may be waived as the incomplete High School (ie Forms I to IV) ~~was~~ was opened prior to June 1948. They have represented that under the existing orders they need not raise any endowment for the opening of the higher forms as the high school was in existence prior to June 1948.

2. The D.P.G. to whom the matter was referred, is of the opinion that endowments need not be insisted on in respect of higher forms opened after June 1948 in incomplete High Schools which were already in existence prior to that date. In this view he has accorded permanent recognition in respect of Forms I and VI of the school without insisting on any endowment. He has further interpreted that the existing orders contemplate the insistence of endowment only in respect of middle schools opened prior to June 1948 which are permitted to develop into high schools.

3. Under the existing orders all secondary schools which were opened prior to June 1948 are exempted from the creation of endowments while institutions opened after that date are required to provide endowments. In cases where middle schools, which were in existence prior to June are developed into high schools subsequently, the managements are required to create the proportionate endowment. The specific point ^{whether} ~~is~~ creation of endowments in respect of incomplete high schools which are permitted to develop into high schools has not been separately considered earlier. However there seems to be no objection to accepting

more liberal interpretation of the orders in para
of G.O. no. 1728 Edn of 8.6.50. As this would enable several
secondary schools which were incomplete high schools prior to
June 1948 to develop into full fledged high schools subsequently
without creating any further endowment, it is for consideration
whether the Director's presumption (that endowments ~~that~~ need be
insisted only in respect of middle schools which are permitted
to be developed into high schools) may be confirmed.

The file may be circulated to H.M. (E&L) for orders on
the above proposal.
