OF MADRAS BY THE [illegible]

(2)

Sir,

We, the members of the Malabar Teachers' Guild, thank you most sincerely for the opportunity you have given us to-day to welcome you in our midst, discuss matters of vital importance to education in this province and present this brief memorial to you for your kind consideration.

REFORM OF SECONDARY EDUCATION.

On this occasion we feel it our first duty to tell Government that we, teachers of this guild, most wholeheartedly welcome the broad principles and the main proposals relating to the reform of Secondary Education quite recently introduced in this Province. We realise that the cry and clamour for the reform of Secondary Education has been in the air for quite a long time and these reforms have been ushered in none too soon, though we may be permitted to observe they have come upon us with some amount of hurry and suddenness. During the short time that it has been possible for us to implement the various proposals and even within the limitation under which we have been compelled to work, we make bold to assert that we feel convinced of the potential possibilities of these reforms which are calculated to train our children into worthy and useful citizens of the state. We in our schools are giving the scheme our most earnest and enthusiastic trial and we can testify to the upsurge of a new enthusias a new life altogether within the walls of our schools. Our schools today are cleaner; our children brighter and more cheerful, thanks undoubtedly to the activity programme

[illegible]

our Guild. The Government have by their proceedings, which it is understood are applicable only to Malabar, forbidden teachers of District Board High Schools from being members of our body. We are unable to understand why Government should think it fit to take such an exclusive and differential attitude towards the Malabar Guild. A strong organization representing the entire section of teachers of the same category would be a formidable support to Government and we request you therefore to look into this matter and permit District Board High Schools to affiliate themselves to the Guild.

THE DISABILITIES OF TEACHERS.

We would, on this occasion, Sir, refer to the memorial that was submitted to you by this Guild at Calicut on 1st August 1946 embodying the main disabilities that teachers were suffering under. We are deeply thankful to the Government and to you in particular for the solicitude and diligence with which the grievances of teachers were taken up. There is a large measure of contentment and we might add good cheer among teachers which augure well for the future of education in this Province; but we venture to suggest that there are still quite a large number of disabilities that are yet to receive the immediate attention of the Government. We may be permitted to bring to your notice the most urgent of these and we do so with the conviction that a satisfactory and permanent solution of the problems of education demand the instantaneous removal of these disabilities

UNIFORM SCALES OF PAY, LEAVE RULES.

In the first place we urge on the Governm
lose further time for introducing i Local Bodies
schools the same scales of pay and c ditions of se

as are obtaining in Government schools. This legitimate demand has been made from time ~~tim~~ to time and we feel its implementation would cut the guardian knot of the Educational Problems and draw to the ranks of the profession men of real merit. We would go further and assert the entire scales of salaries to teachers in schools, Government as well as non-Government, need to be further revised in view of a drastic arise in the standards of living, but pending that and pending the much desired goal of provincialisation of education which alone is a radical and permanent remedy for all our ills, we feel the Government should forthwith bring about parity with regard to scales of pay, conditions of service and leave rules in all Educational Institutions.

ELEMENTARY SCHOOLS. REVISED PAY.

We would in particular draw your attention to the revision of scales granted to elementary school teachers. The Government have in G.O..1154 dated 5--6--1947 assured a minimum of Rs.30/- to the Elementary Grade teacher and Rs.40/- to the Secondary grade teacher, in elementary schools, but in a large number of schools, particularly in North Malabar, the teachers have not been getting this assured minimum for one reason or another. While quite reasonably affirming that these scales are themselves far inadequate to meet the high cost of living, we pray that the Government should see that teachers get at least these minimum scales irrespective of any other considerations.

SECURITY TENURE.

We would next refer to the security of tenure in aided secondary schools and elementary schools. While acknowledging with gratitude the introduction of the revised form of Agreement which is decidedly an improvement on the previous form we would urge the deletion of the reference to any time in regard to the permission to be sought for terminati [illegible] only with the permission of the Department. We would urge the incorporation in the Agreement of a fixed code of Leave Rules drawn up by Government to be uniformly introduced in all schools.

SECURITY - ELEMENTARY SCHOOL TEACHERS.

The question of security in regard to elementary school teachers still remains quite unsatisfactory. Temporary teachers could still be sent away on short notice and managements are not rare that exploit this proviso and continue to record the services of a large number of teachers as temporary as long as they desire. Such teachers are thus denied the benefit of joining the T.P.F. for quite a long time. We pray that managements should not be permitted to keep teachers temporary for unconvincing reasons.

SERVICE REGISTERS.

A

While the introduction of Service Registers can do much to record systematically the services of the elementary school teachers, we feel that the real aim cannot be achieved unless proper increments are granted in accordance with the periods of service noted in the Registers. We feel also that the introduction of similar registers for Secondary School teachers would be a very desirable thing. Teachers of vast experience are often thrown into the sad plight of having to start afresh (on their scales) at the time of a change of employer. The Service Registers besides recording their services would also serve to record the history of their leave, emoluments, etc.

DISBURSEMENT OF SALARIES.

A word, Sir, about the disbursement of salaries to teachers. It would appear that payments of salaries even in some Secondary Schools, District Board Schools not exempted, are not done every month as systematically as it ought to be.

but coming to elementary schools we would like to draw your most urgent attention to the need of instituting the system of monthly payments of salaries. Government have assured that this system would be introduced from June 1948 and you yourself Sir, if you remember right, have given this assurance on more than one occasion. We feel that no consideration whatever of paucity of staff or funds or enormity of work should stand in the way of this most urgent piece of reform which will be the veritable bone to the poorly paid elementary school teachers. We would request you Sir, to give us your final assurance today and put it into effect this time.

DEARNESS ALLOWANCE.

We take this occasion to thank Government for sanctioning the Government Scale of Dearness Allowance to aided elementary school teachers but we would urge you to call upon the managements of aided secondary schools to line up with Government Institutions and make it compulsory on their part to pay at Government rates as they did in regard to the existing scales of pay. With such a firm direction we feel the managements could not hesitate to adopt the Government rates of Dearness Allowance.

STEPS FOR BETTER MANAGEMENT OF SECONDARY SCHOOLS.

We note Sir, with appreciation the recent steps taken by Government in regard to the better management of Secondary Schools and particularly the pre[illegible] bill for the requisition

of school building [illegible] the case of schools

[illegible] be withdrawn.

that the [illegible] help the

their task o[illegible]

MALE TEACHERS IN GIRLS' ELEMENTARY SCHOOLS.

There is just one point with regard to male teachers in Girls' Elementary Schools, we would draw your attention to. The Government have it would appear permitted teachers of over 30 to work in Girls' Elementary Schools if women teachers are not available. We feel that such a restriction on the age of the teacher may be removed. The distinction between the Girls' Elementary Schools and Boys' Elementary Schools have now been removed as a progressive measure and men and women are permitted to inspect both Girls' and Boys' schools and under these circumstances and in view of the acute dearth of trained teachers this restriction may hereafter be removed and men permitted to work in Girls' Elementary Schools also.

ACTION AGAINST TEACHERS FOR COMMUNISTIC ACTIVITIES.

A most distressing matter in recent days has been the action Government have thought fit to take against some teachers for alleged communistic activities. The Guild has given full consideration to this matter at its last General Body Meeting on 17-7-'48. It condemns in the strongest language the communistic activities of teachers and supports Government in excluding teachers who are proved to be Communists from Education Institutions. But it views with alarm and strong disapproval some of the steps taken by Government in pursuit of their policy - the withholding of grant, calling upon teachers to get certificates of good conduct from village officers and the wholesale cancellation and suspension of Teachers' Certificates without any Departmental enquiry.

ORIENTAL INSTITUTIONS.

A word, Sir, about Oriental Institutions. The teachers of this Institution are deeply grateful to Government for introducing the same revised scales of pay as existing in Secondary Schools, but it is a matter for deepest regret that Government have in their G.O. Ms.No.477 Education dated 11-3-1948 expressed their inability to sanction a grant of 2/3 the deficit as in the case of Secondary Schools. Such a differential treatment would, we submit, be a serious blow and discouragement to teachers and the managements of Oriental Institutions. We request that this disparity be removed without delay.

CONCLUSION.

In conclusion, Sir, we pledge ourselves to the New Tasks set before us, to the giving of a New Orientation to Education, to the imbibing of the New Outlook stressed by Government from time to time. We would request Government to remember at the same time the abruptness with which the Reforms were brought upon us and the limitations under which we still have to work particularly in regard to these existing in new schools which are rising up in large numbers. We would request the Government to view the implementation of these schemes with sympathy and consideration, and come forward instantly with classes and courses for imparting the required knowledge and training in regard to some aspects of the Reform like Social Studies, Citizenship, etc. Lastly we would urge the immediate consideration of the disabilities we indicated above relating to parity of salaries, leave rules, security of tenure, disbursement of salaries, dearness allowance, etc. We hope and pray that under your energetic leadership these facilities will be immediately provided and the disabilities removed so that we can soon look forward to an era wherein we can reap the full benefits of the proposed Reforms of Education.

Sub:-- Introduction of service registers for teachers in aided secondary schools.

Ref:--- Govt. Memo No. 82,665 B1/48 dated 18-11-1948.

p17 ante

The service condition of teachers in aided secondary schools have been of late organized with a view to improving them. Some security of tenure has been sought to be assured and some "prospects" promised and if those are to be made good, some sort of "record" has got to be maintained. If the Government's policy is to be carried out effectively the introduction of service registers for teachers in aided secondary schools is necessary.

Seperate action is being taken regarding elementary schools.

From the D.P.I., No. Roc.1162 D3/48, d/ 18-2-49.

Memo. No. 82665 B,/48-3 Edn d/ 9.3.49.

It is proposed to introduce service registers in respect of the teachers employed in aided secondary schools. It is estimated that there will be about 500 such schools and 10,000 teachers. As a particular kind of thick paper has to be used for the maintenance of service registers as in the case of Govt. servants, the Superintendent of Stationery is requested to state whether he has any stock of such kind of paper for supply on payment of cost to the managements of aided secondary schools.

A copy of the Government memorandum cited above is enclosed.

10,000 Service Registers may be required for the 10,000 teachers employed in Aided Secondary Schools. I think that Azurelaid paper, foolscap (13½ x 17) - 16 lbs. will be suitable for the printing of these registers. Two sample sheets marked A and B of Azurelaid paper, F.C.16 lbs. available in Government Stores are enclosed herewith. Please let me know whether the samples are suitable, and if so, please specify the quantity of paper in foolscap size required for the printing of 10,000 copies.

In G.O.Ms.No.2709 Education dated 28-9-50, Government approved my proposal for opening service register on behalf of teachers employed in aided secondary schools. It is necessary that these registers should also be opened in respect of clerical establishment of these schools. In as much as grant is assessed (in) for members of this establishment the maintenance of the registers on their behalf will be useful.

2. In anticipation of Government sanction, I have permitted the use of these registers for clerical establishments of aided Secondary schools on a reference made to me by Inspectress of Girls Schools, I circle. I request that my action may be

Sir,

Sub:- Schools - Secondary Aided - Introduction of Service Register - Exemption for Railway Schools - Requested -

Government in their order Ms.No. 2709 Education dated 28-9-50 have accepted the Director's recommendation that the managements of aided Secondary Schools in this State shall be required to open service registers for the teachers under their employ.

Under the rules relating to the Elementary Schools, teachers serving in Elementary Schools under Railway management are exempt from possessing Teachers' Service Registers. On this analogy the correspondent of the Southern Railway High School, Golden Rock, Tiruchi requests that the teachers serving in this school may be exempted from possessing the Teachers' Service Register prescribed in the G.O. Ms.No. 2709 Education dated 28-9-50.

The Service registers prescribed by the Railway department are maintained on behalf of the teachers. The specimen of such a register is submitted herewith for information.

The purpose of maintaining the service register is to have a record of the teachers' service and other particulars. If this could/secured by some other service register approved by the Central Government there appears to be no objection to replace it by the one now introduced. If the register introduced by the Railway department is acceptable in respect of the teachers employed in the Railway High School at Tiruchi, I request that orders of Government may be obtained for granting exemption in the present case.

I also request you to let me have a ruling as to whether I have power to grant such exemptions on valid grounds approved of by me.

J/pp 39-404 In their order MS.No.2709 Education dated 28-9-50, Government accepted my proposals that the managements of aided secondary schools in the state should be required to open service registers for the teachers under their employ. In a subsequent memo (No.1379 B/51-1 Edn, dated 29-1-51) they agreed that service registers should be opened for the non-teaching staff also. J/P 454

The service conditions of teachers in secondary schools and training schools are similar and several managements have both secondary and training schools under them. I therefore consider that the orders regarding the maintenance of T.S.Rs. should be extended in the case of teachers + non ~~training~~ teaching staff in training schools also. Recognition is accorded to Secondary Schools subj to certain conditions prescribed in that rule ~~rule 12 of the M.E.R~~. One of the conditions relates to the terms on which the teachers are engaged and the ~~draft~~ form of agreement to be entered into between the management and the staff was approved in G.O. The present proposal viz, the opening of service registers for teachers in aided Secondary schools will be in furtherance of the object of the G.O. cited and will be quite necessary to successfully implement the policy of the Govt. to improve the conditions of service of teachers. 3. Under rule 12 of the Madras Educational Rules, power vests with the D.P.I. to accord recognition to Secondary Schools subject to certain conditions. One of the conditions relates to the terms of service subject to which teachers should be employed and a draft of agreement to be executed by the management and the teacher concerned has been approved in G.O. No. 2406 Edn d/7.11.47. The agreement stipulates the conditions of service of the employee and the present proposal namely opening of service registers for teachers in aided Secondary schools is only a further step to implement the policy of improving the conditions of service of teachers. However it was considered desirable that the South India Teachers' Union and other important Teachers' Organisations in this State should be consulted as to whether they have any objection to the managements of aided Secondary schools being required to adopt a uniform and standardised Service register for their teachers, to be newly prescribed and supplied by the Govt. Press. The D.P.I. who was requested to ascertain the views of the Teachers' Organisations in the matter has reported that in spite of repeated reminders, the South India Teachers' Union has not yet offered its remarks. The Director has suggested that a decision may be reached without waiting any further for the remarks of the Union. As the proposal to introduce service registers will result in a great benefit to the teachers in general, it is hardly likely that they will have any objection to the managements being required to adopt the standard service registers prepared and sold by the Govt. Press at a cost of annas twelve each. In the circumstances it is for consideratı

In G.O. No. 2709 Edn dated 28.9.50, the Govt approved the proposal of the D.P.I that managements of aided secondary schools in this State should be required to open service registers for the teachers under their employ. Subsequently the above orders were extended to the non-teaching staff employed in aided secondary schools. The D.P.I states ~~considers~~ that the service conditions of teachers in secondary schools and training schools are similar and ~~so~~ that several managements have both secondary and training schools under them. He therefore considers that the orders regarding the maintenance of service registers should be extended in the case of teachers and non-teaching staff in training schools also. There are 104 aided training schools in the State and 1000 copies of the registers have to be printed. The S.G.P has stated that the particular type of papers required for printing service registers is available and that the price of each copy may be 14 annas.
