Establishment - Secondary schools under local bodies -
Untrained undergraduates - Raising of the pay from
Rs 30/- to Rs 45/-

MEMORANDUM No. 4791 C/50-4 Edn., Dated 9-5-50.

(M) Untrained under graduates are now equated with untrained
Secy. grade teachers (S.S.L.Cs) and allowed a fixed pay of Rs 30/-
per mensem according to G.O.No. 975 Education dated 10-5-47.
At the conference of Presidents and Vice Presidents of Dist.
Boards held at Madras on 25-12-49 it was resolved to request
the Government to raise the pay of untrained undergraduates
from Rs 30 to Rs 45. The D.P.I. is requested to report
whether local bodies and private managements may be permitted
to give to untrained under graduates employed in secondary
schools a pay of Rs 45/- per mensem subject to the condition
that teaching grants on behalf of such teachers should be
claimed only at the rate of Rs 30/- per mensem and the extra
cost on account of the grant of the higher pay should be met
from the funds of the local bodies concerned. If the rate

3
of Rs 45/- per mensem proposed is considered excessive, the Director is requested to suggest a suitable rate of pay for such teachers.

pay at Rs. 45/- per mensem as I consider that this rate
is not excessive.

I may also add that it would be better to admit
this rate for grant purposes.

Sub:- Education--Secondary--Posts of L.T.Assistants--Qualified persons or Graduates--Not available--Pay of under-graduates Sanction of special pay-orders-Requested.

Sir,

There were only nine secondary schools of which four were High Schools and the rest Middle schools during the year 1947-48. Due to the opening of a Government II Grade College at Cuddapah during 1948-49, proposals to open new secondary schools on the definite donations and promises to provide accommodation equipment etc. by the committees formed in all the urban and rural places throughout the district, were taken up and the number of secondary schools now existing has risen up to 20 of which 13 are full blown High Schools.

Now the difficulty is being experienced for securing the services of qualified L.T.applicants or atleast graduates in science and mathematics subjects to man all these secondary schools though there are too many history L.T.candidates. To meet the subject requirements of the various secondary schools it is now found necessary that even undergraduates viz. failed graduates or passed Inter candidates in science and mathematics are to be appointed. Two of such candidates were entertained during last year and they were paid only Rs. 30/- plus 19/- D.A. per mensem as per G.O.No.975 Edu. dated 16.5.1947.

It is really a hardship to secure the services of under-graduates with science or mathematics as their main subject to handle higher forms for a monthly basic salary of Rs. 30/- when the minimum salary of a clerk with the minimum educational qualification of S.S.L.C. is fixed at Rs. 45/- p.m. About 5 or 6 under-graduates of science or mathematics are being entertained during the current year also for want of fully qualified L.Ts. or graduates.

Under the circumstances explained above, I request that the Government may be please to raise the basic salary of untrained under-graduates entertained in L.T.vacancies in secondary schools from Rs. 30/- to Rs. 45/- or 50/- p.m. or to grant a special pay of Rs. 15/- p.m. for all the under graduates entertained during the current school year under the management of this District Board as a special case.

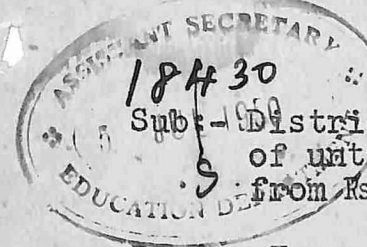

Government were pleased to state in their G.O.Ms. No. 1456 Edu. dated 9.5.50, that this matter was under consideration with reference to Resolution No. 27 passed by the Chamber of Local District Boards.

This office has no up-to-date information as to the number of untrained undergraduates employed in the several schools under Local body and aided managements and this has to be obtained. This is likely to result in delay. But from Report on Public Instruction for the year ending 31-3-49, it is seen that there were 67 such teachers under Local Body Secondary Schools and 196 in Aided institutions, and the extra cost on this information is worked out below:-

According to the orders in circulation, the pay of untrained undergraduates employed in the DT Boards is to be raised from Rs 30 to Rs 45 p.m. provided the extra cost is met by the concerned District Boards. It does not seem to be the intention of HM (Edn) that any portion of the increase should be met from State funds. In the circumstances, Education may be requested to issue instructions to Local Bodies to sanction the enhanced rate of pay provided they will be able to meet the extra cost from their own funds.

20.7.50
16.8.50
27.7.50

The view of the Govt is that the entire extra cost on account of the proposal to raise the pay of untrained undergraduates employed in Secondary Schools managed by local bodies & other private bodies should be borne by the local bodies or the private managements concerned. The D.P.I. has expressed a contrary view that it would be better to admit the higher rate of pay for grant purposes. He has also furnished an estimate of Rs 30,000 p.a. as the probable extra cost to the Govt on account of grant based on the higher rates of pay. Fin. may advise that the decision already taken may be adhered to. H.M. (Fin) may also see.

31.7.50

5053) M.H. n. columns 201 201 201 201

The conference of the Presidents of D.T. Boards held in Dec. 1949 resolved to request the Govt to raise the pay of untrained undergraduates working in Secondary Schools under local bodies from Rs 30/- p.m. to Rs 45/- p.m. The D.P. while recommending the request suggested that the higher rate of pay may be admitted for purposes of grant. The extra cost involved by the grant of a pay of Rs 45/- p.m. to untrained undergraduates working in Secondary Schools under local bodies and under private managements is calculated to be Rs 30,000/- per annum. H.M.C.E. & L. minutes on the above resolution that the request can be sanctioned "provided the entire cost is met by the D.T. Bds".

The Govt do not agree to the higher rate of pay being admitted for purposes of assessment of teaching grant. This Govt may also agree with Govt. and the pay of untrained undergraduates working in Secondary Schools under local bodies and private managements may be raised from Rs 30/- p.m. to Rs 45/- p.m. provided the extra cost is borne by the managements concerned. The file may be circulated to H.M. (E & L) and H.M. (Fin).

If undergraduates are given 50% extra like Secondary Grade people ask for this? He might have passed B.A. or failed, he might have been in B. A. he is equal to the people who are in B. A. if the proposal is approved.

with reference to the minutes of H.M. (Fin) on page 4 ante, it is submitted that undergraduates are those who underwent university course of studies but failed to secure the B.A. degree, i.e. those who did not pass the Intermediate, those who have passed the Intermediate and those who have failed in the B.A. degree exam. They are not now equated with Secondary grade teachers who are trained teachers and allowed a regular time scale of pay of Rs 45-2-85 in non-Auxiliary Secondary Schools & of Rs 45-3-60-2-90 in Auxiliary Secondary Schools. The former is now allowed a fixed pay of Rs 30 p.m. - the same as that admissible to an untrained Secondary grade teacher. Untrained undergraduates are allowed to handle higher forms in a high school but untrained Secondary grade teachers are not allowed to do so. The latter cannot therefore claim the pay proposed to be fixed for the former. There will be no extra cost to Govt on account of the raising of the pay of undergraduates as it is proposed to direct that it should be met entirely from the funds of the local bodies concerned.

This I want HM (Fin) to consider. This does not involve any expenditure on Govt. This is a matter which the President's Chamber is insisting. The undergraduates are now paid Rs 30/- while secondary trained teachers 40/85. What they are to teach in higher classes. The President's say they don't get men at Rs 30/- They want to pay Rs 45/- and are prepared to foot the entire bill. We should not stand in the way.
