SUBJECT: STUDY OF GROUP TENSIONS IN INDIA -
VISIT OF DR. GARDNER MURPHY.

.....

Sir,

I am directed to state that the Government of India has undertaken a study of the problem of the group tensions - religious, provincial, linguistic and racial that poison the relations between the different communities, with a view to evolving methods of eradicating them from our national life. In this connection the United Nations Educational, Scientific and Cultural Organisation has appointed Dr. Murphy of City College, New York, as a consultant to the Government of India for a period of six months. During his stay in India Dr. Murphy will visit a number of Universities where he will help in organising research projects and train senior Indian Students or Workers for research on group tensions.

Dr. Murphy has since arrived in India and has started his work. A copy of the programme of his visits to various Universities and Educational Centres is enclosed herewith. The Vice-Chancellors of the Universities concerned have since been informed accordingly. Although the Universities will be making the necessary arrangements for the programme and accommodation of Dr. Murphy, it would be appreciated if the State Governments extend their cooperation to the Universities in taking the fullest advantage of Dr. Murphy's visit.

In view of the importance of the tensions project Dr. Murphy and Mrs. Murphy who is accompanying him on the tour of Universities would like to meet all those who are interested in the subject and this Ministry would be grateful if your Government give them all possible assistance.

Yours faithfully,

P. N. Kirpal

(P. N. KIRPAL)
DEPUTY SECRETARY.
