EDUCATION DEPARTMENT.

Office of the
Director of Public Instruction,
M A D R A S.

R.C. No.1035-K.2/50

Dated: 9th September, 1950.

Director of Public Instruction,
M A D R A S.

The Secretary to Government,
Education Department,
Fort St. George,
M A D R A S.

Sir,

Sub: COLLEGES - Government College, Kumbakonam -
Further affiliation in B.Sc. - Zoology
(Subsidiary)

In connection with Part II of the B.E. for 1951-52
I have the honour to submit for the favourable consideration of
Government the following proposal for the further affiliation of
the Government Arts College, Kumbakonam in B.Sc. Zoology
(subsidiary) with effect from the academic year 1951-52.

2. At present there is provision for a maximum number
of 12 students to be admitted in the B.Sc. class with Physics or
Chemistry as Main and Botany and Physics or Chemistry as subsidiary
subjects. It is reported that students of Natural Science in the
Intermediate who have taken up Physics as Main or Subsidiary
subject in the B.Sc. are at a disadvantage since the subject
requires fundamental knowledge of calculus, trigonometry and
algebra and as they have not learnt Mathematics in the Intermediate,
they are severely handicapped. The College is already affiliated
in Botany Subsidiary for the B.Sc. from the current year and it is
desirable that Zoology subsidiary also is provided so that
Intermediate Natural Science students may take these two subsi-
diary subjects with Chemistry (Main). Accommodation is available
for the introduction of Zoology Subsidiary. There will be need
for the employment of a Peon from 1951-52 for the collection of
Zoological specimens and for an extra Demonstrator from 1952-53
to assist the existing staff when the senior class is opened in
July 1952. The proposal involves an additional cost of Rs.9,500/-
(non-recurring) in 1951-52 and Rs.950/- (Recurring) from 1952-53
on equipment. Considering the real demand for the subject and
the comparatively low cost involved I strongly recommend the
proposal for approval.

3. The additional cost on account of the proposal is
indicated below:

Immediate Cost in 1951-52.

RECURRING:

1 Peon	18 x 8	=	144
Dearness Allowance	19 x 8	=	152
House Rent Allowance	3 x 8	=	24
			Rs. 320

NON-RECURRING:

Laboratory Equipment	7,500
Books	800
Furniture	1,200
	Rs. 9,500

In 1952-53:

RECURRING:

1 Demonstrator in Zoology in the scale of Rs 80-140	80 x 8 = 640
Dearness Allowance	24 x 8 = 192
House Rent Allowance	5 x 8 = 40

872 or Rs.900/-

ULTIMATE COST:

1 Demonstrator :	116 $\frac{1}{2}$ x 12 = 1,398
1 Peon :	22 x 12 = 264
DEariness Allowance	46 x 12 = 552
House Rent Allowance	14 x 12 = 168
Laboratory equipment	800
Books	150

3,352 or

Rs.3,300/-

4. I am including the necessary provision in Part II of the Budget Estimate for 1951-52.

Yours faithfully,

Shri Mahan

for Director of Public Instruction.

Colleges - Crout College, Kumbakonam
Affiliation in B.Sc Zoology (Subsidiary)

cf From the D.P.I. No. 1035. K.2/50 & 9.9.50

The Crout Arts College,
Kumbakonam now ^{offers} instruction
in the following subjects for the B.Sc
Course:

Part I - English.

Part II Main Subject Subsidiary Subjects

- 1) Mathematics Physics & Chemistry
- 2) Physics Maths & Botany, and Chemistry
- 3) Chemistry Maths or Botany, and Physics

2. The D.P.I. has proposed for ~~consideration~~
as a Part II Scheme for 1951-52, the further
affiliation of the College in B.Sc Zoology
(subsidiary), so that Intermediate Natural
Science students may be able to take
for the B.Sc Course, Chemistry as main
subject and Botany & Zoology as subsidiary
subjects. This proposal has been made
for the reason that students of Natural
Science in the Intermediate who take up
Physics as main or subsidiary subject in
the B.Sc are at a disadvantage since their
subject requires fundamental knowledge of
Calculus, Trigonometry and Algebra and that
as they have not learnt Mathematics in the
Intermediate, they are severely handicapped.

3. To remedy a similar
difficulty ^{arising to natural science students} the Crout sanctioned the ^{introduction} of Botany as a subsidiary subject for
B.Sc in the College from the academic
year 1949-50 - vide para 1, p. 2 of W. X

4. The difficulty stated in para 2

C.No 1128 Eda

12.4.49

XI

alone does not seem to be felt in the Govt Colleges where B.Sc. Courses exist. For example, in the Victoria College, Palghat, there is provision for both Botany & Zoology as subsidiary subjects for B.Sc. In the Govt Arts College, Madras, there is only Botany besides Maths, Physics & Chemistry. As in the Kumbakonam College, but in the Intermediate Course, Natural Science ~~and~~ students study Mathematics & Physics. Study Mathematics and Physics also.

5. The D.P.I.'s proposal involves a recurring expenditure of Rs 320 and a non-recurring expenditure of Rs 9,500 in 1951-52. The ultimate cost is Rs 3,300 p.a. recurring. In the existing financial stringency, this proposal cannot be considered to be a very urgent one. Moreover, only a maximum number of 12 students would be benefited by the proposal.

In order on the D.P.I.'s proposal. The remarks of Fin may be invited before circulation.

10/9/50
18/9/50

Fin.

No reference from the S.P.I. on pp. 1, 3 of and the notes of Education on pp. 1, 2 above may be perused.

The S.P.I. has proposed for consideration as a part of scheme for 1951-52 for further affiliation of the Govt. College Kumbakonam as B.Sc. (Zoology) (Subsidiary) so that Intermediate Natural Science students

para 1 of 1/4

may be able to take for the B.Sc. Course Chemistry as main subject and Botany and Zoology as subsidiary subjects.

The proposal involves the employment of an addl. person in 1951-52 and an addl. demonstrator from 1952-53 onwards and also non-recurring expenditure on equipment etc as shown below.

Staff & equipment.	Immediate cost in 1951-52	U.L. water	Recy.	Non-recy.
320	9500	3300	9500	

para 5 of 2/2 above

in view of the existing financial stringency and in view of the fact that only 12 students would be benefited by the proposal, the proposal cannot be considered as a very urgent one and may be deferred to the proposal and they have wished the works of the dept.

para 5 of 2/2 above

not put up

The proposal does not seem to be a very urgent as observed by Sdu and it does not also satisfy any of the criteria laid down in G.O. 713 Fwds Dated 20.7.50 for being considered as a part of scheme for 1951-52. As the financial stringency still continues, Fwds may agree with the views of Education that the proposal may be deferred.

10/9/50

The D.P.I. has proposed for consideration as a

Wela
G

5/100

The D.P.I. has proposed for consideration as a Part II Scheme for 1951-52, the further affiliation of the Coart College, Kumbakonam, in Zoology as a subsidiary subject for the B.Sc. Course. The proposal involves an immediate recurring cost of Rs 320 and a non-recurring cost of Rs 9,500 in 1951-52 and an ultimate recurring cost of Rs 3,300 ^{per annum} in the ensuing financial emergency and in view of the fact that only a maximum number of 12 students ^{by the introduction of the subject} stand to benefit, the proposal is not considered to be an urgent one. It does not also satisfy any of the criteria laid down by him for being considered as a Part II Scheme for 1951-52. It is therefore proposed to defer the proposal. Finance agree. The case may be circulated to H.M. (K.A.) for order whether the proposal may be deferred.
