Sub: Education - Extension of the period of repayment of loans sanctioned to displaced students and trainees from Pakistan.
Ref: G.O.Ms.No.3297 Edn., dated 28-10-1949. (B)

I have the honour to request you to let me know whether for purposes of recovery of loans the words "after the payment of of the last instalment" may be taken to mean the last day on which the final amount on a final bond was paid. Under the existing rules bonds from one and the same refugee are taken for each year. Before a student finishes a course he may have to execute four or five bonds.

2. Please also let me know whether the interest has to be charged on each bond or on the total of all the bonds executed by one and the same student.

3. Many of the sureties i.e. parents or guardians of the refugee students have settled in other Provinces, but loans are being sanctioned to these refugee students reading in the specialised institutions by me. It is probable that when they complete their course they may take up appointments in other Provinces. The bonds are executed both by the parents or guardians and the students and it is the intension of Government that the sureties should be responsible for the repayment of loans given to the students. In three cases where the loan amount sanctioned last year was ordered to be recovered, the bonds were submitted to Government for transmission to the Provincial Government where the parents or guardians have settled down so that the amounts of loan may be recovered. But they were all returned to me for effecting the recovery. As all the three students are still reading in the Stanley Medical College I have in my turn requested the Principal to recover the loan. A report from him is due. The parents or guardians are equally responsible for the repayment of loans. Steps for recovery should be taken against both students and parents. I therefore request you to let me know whether it will not be better and safer to send the bonds to the Government of the Provinces where the sureties have settled down. It will be easy for them to collect the amounts direct. I solicit the favour of your early orders on this point also.

M

Yours faithfully,

for Director of Public Instruction.

Sir,

1041

As the loan is paid to each student in instalments and as one bond is taken for the total of the instalments paid in each year, the question arises as to whether the loan outstanding against the student should, for purposes of calculating the interest recoverable thereon be taken as the total of all the amounts covered by one annual bond or the total of all the amounts covered by all the bonds for the four or five years of the course taken together.

p. 1 above

2 From their draft (Draft I below) reply to para 1 of the Director of Public Instruction's letter No. Roc. 2177-W1/49 dt. 17-11-49, it is gathered that the intention of the Government is to reckon the sum total of all the amounts covered by all the annual bonds taken for the entire course as a single loan as the phrase "after the payment of the last instalment" is to be taken to mean the last day on which the final amount on a final bond was paid.

3 In reply to para 2 of the Director's letter ibid Government have, however, proposed to say that the interest should be charged on the total of the amounts specified in each (annual) bond. Taking for instance a case where loan is disbursed in more than one instalment each year for a four years' course running from, say, 1st April 1947 the interest on the total of the instalments paid in 1947.48 will be recoverable ⓧ ~~from 1st April 1948, the interest on the total of the instalments paid in 48-49 will be recoverable from 1st April 1949 and so on . . ie. after one year from the payment of the final instalment of the loan~~. Vide Rule 7 of the Scheme for the grant of Loans to Non-Muslim Refugees students and Trainees from Western Pakistan. As it is proposed to prescribe~~d~~ that interest is chargeable on the amount of each bond, the sum total of all the instalments paid during a ~~the~~ year covered by one bond constitutes a single loan outstanding against the student. This conclusion is, opposed to the position stated in para 2 above.

Ⓙ | p. 2

4 The method of fixing the single amount of loan outstanding against each student ~~w.r.t~~ with reference to the mode of recovery of interest under Rule 7 of the scheme for the grant of loans to Non-Muslim Refugee Students and Trainees from Western Pakistan may therefore, kindly be made clear by Government before final reply to the Director of Public Instruction's letter is issued.

Sir,

Sop 13-14 ante

I am directed to refer to your letter No. 92354-F/49-7, Education, dated the 17th April, 1950, and to state that as in other matters, educational loans granted to displaced ~~persons~~ students and trainees whose parents/guardians (sureties) are ordinarily residing in other States, should be recovered by reciprocal arrangements between the various States and Administrations. Responsibility of the State advancing the loan will, however, continue. It is not considered necessary to issue any general instructions to the various State Govts. in this regard.

Further action is called for in this file only in rega to the point raised by the D.P.I. in para 3 of his letter on p c.f.

para 3 of p1 cf

The D.P.I. has suggested that the recovery of loans granted to displaced students from Pakistan under the Govt. of India's financial assistance scheme, can more conveniently be effected by the State Govt. within whose jurisdictions the parents or sureties reside. This Govt. addressed the Union Govt in the matter and requested that if the suggestion of the D.P.I. is approved, necessary instructions may be issued to the other State Govts. But the Govt. of India in their letter on p.15 c.f have stated that they do not consider it necessary to issue any instructions to other States in this matter, but that such loans may be recovered by reciprocal arrangements between the vari States and Administrations.

p13-14 cf

p15 cf

There are not likely to be many cases of the kind referred to by the D.P.I.
