No. P.B.C/1950.

From Janab R. Siddique,
Superintendent, Government Press,

To The Secretary to Government,
Education Department,
Fort St. George, MADRAS.

Dated, 8th May 1950.

Sir,

Sub: Difference of O.T. Wages consequent to the belated refixation of pay with retrospective effect from 1-1-1947 and grant of increments in 1948 and 1949 - Sanction for the grant of arrears - Additional staff for calculation and preferring claims - requested.

I have received a representation from the Secretary, The Madras Government Press Workers' Union, requesting early payment of the difference of the O.T. Wages fallen in arrears in the following circumstances.

Non-Composing staff:

1. The revision of salaries applicable to the various categories of technical staff of the Government Press, Madras, was sanctioned first in G.O.No.78, Finance, dated 6th February 1947 and revised in G.O.No.916 Finance, dated 26th November 1947 with retrospective effect from 1-1-1947 which was actually given effect to, in the Acquittance rolls only from 1-2-1948. During the 13 months from January 1947 to January 1948, the overtime allowances due to the employees were calculated at the old rates of pay, which now require to be revised with reference to the refixed rates of pay and the difference has to be claimed.

2. The sanction of increments due on 1-1-1948 had to be deferred, pending refixation of pay with reference to the G.O. cited, which had to be taken up only in August 1948 on completion of the work connected with the arrear claims, and was actually given effect to in the acquittance rolls only from September 1948. During the 8 months from January 1948 to August 1948, the Overtime Allowances were calculated and paid on the basis of the refixed rates of pay, which are now to be revised with reference to the increments subsequently sanctioned.

3. Increments due on 1-1-1949 were given effect to from 1-2-1949 and the Overtime allowances paid during January 1949 also require to be revised.

Composing Staff:-

4. In G.O.Ms.No.2468, Education, dated 2-8-1949 further revision of pay was made on account of the grant of weightage of service to compositors, Imposers, Lino and Mono Operators and Carpenters, and the pay of these categories had to be again refixed with retrospective effect from 1-1-1947 which revision was given effect to from 1-10-1949. During the 33 months from 1-1-1947 to 30-9-1949, the Overtime Allowances due to these employees, were calculated at the different rates of pay, in force, from time to time (as detailed in paras 1 to 3 above) and now require to be revised on the basis of the rates refixed with regard to weightage of service.

5. From the particulars furnished above, it may be seen that, in each individual case, the recalculation of Overtime allowance, will necessitate perusal of the following records relating to the different periods specified in paras 1 to 4 above.

- Non-Composing - 1. Acquittance roll (Pay, D.A., H.A.)
2. Supplemental roll (if any)
3. Overtime Allowance roll.
4. Difference of D.A. Supplemental roll.
5. Pay refixation statement, 1948 (G.O.No.916, Finance, dated 26-11-1947)
6. Increment Certificates for 1948 and 1949.
7. Pay Refixation and increment arrears, Supplemental Roll, 1948.

- Composing - 1. Items 1 to 7 above.
2. Pay Refixation Statement 1949 (G.O.Ms.No 2468 Education, dated 2-8-1949) *no part 7*
3. Revised Increment Certificates for 1948-49.
4. Pay refixation and Increment arrears Supplemental Roll, 1949.

6. The number of claims on account of revision in respect of Non-Composing Establishment is roughly estimated to be 9600; and that of Composing 11,400. As regards the financial implications of the claims, it is quite difficult to form an estimate at this stage, unless they are actually worked out. With a view to give an idea of the arithmetical calculations involved in each case, a few specimen cases have been worked out in the sheet attached.

7. The claims relating to the periods from January 1947 to August 1948 and January 1949 (21 months) in the case of Non-Composing and from January 1947 to September 1949 (33 months) in the case of Composing Establishment, cannot be held as time-barred as they arose only from the date of the order sanctioning revised scales of pay on the different dates referred to above. Nor can the claims be attributed to the negligence of the individuals, as this was a general question affecting the whole establishment concerned. The arrears in question, are therefore the legitimate dues of the employees, which would have been claimed and paid to them as and when they fell due, but for the belated revision of salaries. As huge amount is involved and no budget provision has been made in the current year, I request that Government may be pleased to accord special sanction for the grant of the arrears of O.T. and authorize the Accountant General, Madras to investigate and admit the claims. For the work connected with the preparation of the bills, the following staff is necessary:

- 1 Accountant on Rs.140-190.
2 Upper Division Clerks on 80-125.
4 Lower Division Clerks on Rs.45-90.
1 Attender on Rs.24-35. *B*

The above staff will be required for a period of 6 months in the first instance and a report of the progress made will be submitted to Government if further extension is found necessary.

8. There has been strong representation for the payment of arrears and any delay will cause discontent among the labour ranks. I therefore request that early orders may be issued sanctioning the additional staff so that the work may be taken up soon.

C.No.46/50-S.O. dated 29-6-1950.

Sir,

Sub:- Government Press - Overtime wages - Arrear payment - Additional staff - sanction of.- report - submitted.

Ref:- Government Memorandum No.11359-E/50-1 Edn., dated 26-5-1950.

There are three Government Orders governing the revision of pay of the subordinates in the Government Press:-
(1) G.O.No.78 Finance dated 6-2-1947; (2) G.O.No.916, Finance, dated 26-11-1947; and (3) G.O.No.2468 Edn., dated 2-8-1949. The 1st G.O. was completely superseded by the 2nd G.O. in so far as the scales of pay are concerned. The third G.O. introduced some modifications as regards the reckoning of service in the case of the Composing staff alone.

2. Government had already sanctioned special staff for giving effect to the above revisions in the Government Press. Details of the staff sanctioned are given in the Annexure. It will be seen therefrom that special staff was working continuously from March 1947 to February 1950. Since G.O. No.78 Finance dated 6-2-1947 was superseded by G.O.No.916 Finance dated 26-11-1947, it may be assumed that the work done by the staff in the period February to November 1947 became useless. But, even after 12 November 1947, staff of atleast 1 Accountant, 2 Upper Division Clerks and 2 Lower Division Clerks was working on the revision. For a good portion of the period the staff employed was actually more than this. On a modest estimate, it may be assumed that one Clerk can do the work of re-fixation of salary and preparing supplemental pay claims in respect of 5 individuals in a day. The staff of one Accountant, 2 Upper Division Clerks and 2 Lower Division Clerks should therefore be able to tackle 15 cases per day. Assuming that there are 20 working days in a month, the number of cases that could be disposed of in a month amounts to 300. There are not more

than 2,000 employees in the Government Press. The work of salary revision should therefore have been completed within seven months with a staff of one Accountant, 2 Upper Division Clerks and 2 Lower Division Clerks. Actually, it is found that the work is dragged on from November 1947 to February 1950, the staff employed for a portion of the period being actually more than 1 Accountant, 2 Upper Division Clerks and 2 Lower Division Clerks. As I have already pointed out to the Government in my remarks submitted in connection with either G.O.No.3227 dated 22-10-1949 or G.O.No.423 dated 10-2-50, there seems to have been bad lack of supervision of work of the staff. It seems to me that the persons who ^{were} promoted to act as Accountant and Upper Division Clerks were interested in prolonging the period of duty as far as possible and that the Personal Assistant to the Superintendent, Government Press, allowed this to go on. The staff that was already working could have, within the time that has elapsed, attended to the calculation of the overtime payments also.

3. Anyhow, as this has not been done and as the overtime ^{wages} on the increased emoluments seems to be admissible, there seems to be no option but to appoint some special staff to calculate the overtime ^{under}. I would, however, submit that it is not desirable to appoint an Accountant drawn from the staff in the Superintendent, Government Press, office. From what I have seen of the state of the accounts, I must say that they have not been maintained properly at all. I am very much doubtful about the accuracy of the pay fixations that have already been made. I therefore think that this opportunity should be taken of getting an Accountant from outside, both to see that the work mentioned in the ~~work detailed~~ Superintendent's letter is done as expeditiously as possible without purposeful procrastination, and also to check the quality of the work that has been done already. I therefore submit that a Superintendent from the Finance ^{Dept.} ~~Department~~ or a Superintendent from the Accountant General's office, if

✓ p.1-3 (Y)
✓ p.2 (X)

available, with 2 Lower Division Clerks to assist him, may be posted to the Government Press for a period of six months to carry out the above work. There is no objection to the Lower Division Clerks being recruited from the Government Press office, but I think that the supervising person, whether he be called Accountant or Superintendent, should be recruited from an outside office and should be a person who has experience of pay fixation etc.

of overtime wages - Addl. staff.

Memo. No. 11359 E/50-3 Edm. dated 23.8.50

The S.G.P. has brought to the
notice of Govt. that overtime wages consequent on
the belated re-fixation of pay with retrospective effect
from 1.1.47 and grant of increments in 1948-49 has
fallen into arrears. It is proposed to sanction a post of
a Sup^t or Accountant and two lower division clerks in the
Govt Press for a period of six months for work connected
with calculation and preferring claims of overtime
wages from 1.1.47.

2 It has been suggested that an experienced
Auditor from the A.G.'s office may be appointed to the
post of Accountant referred to above. The Auditor so
deputed will be allowed 20% increase of pay as
deputation allowance for the period he holds the above
post. The A.G. is requested to state whether he can
spare the services of any Auditor from his office for
a period of six months.

3 The A.G. is requested to send a very
early reply in the matter.

Sanction is accorded ^{as a special case} to the payment of the differences of overtime wages to the employees in the Govt. Press Madras, consequent on the belated re-fixation of their pay in the revised scales of pay 1947, with retrospective effect from 1.1.1947.

2 The Accountant General is authorised to investigate the claims of the employees for arrears of overtime allowances consequent on the belated re-fixation of pay from 1.1.47 and pay the arrears in full if admissible.

3 The Accountant General is requested to take action in time for the admission of the expenditure in audit pending provision of funds.

4 The Govt. sanction the employment in the Govt. Press Madras of the following temporary additional staff for a period of six months from the date of employment for work connected with the calculation and preparing of the claims of overtime wages in respect of the employees from 1.1.47. ~~and~~ authorized in this S.O. :-

1. Accountant on Rs 80-220 ^{plus allowance admissible to central Govt. serv.}
2. L.D. clerks on Rs 45-90

plus allowance admissible to State scale of pay serv.

5. The Accountant General is requested to depute ^{an} experienced senior Auditor from his office for a period of six months to hold the post of the Accountant sanctioned in para 4 above. The Auditor will draw a deputation special pay of 20% of his pay and allowances admissible to him in the A.G.'s office.

The S.G.P. has brought to the notice of Govt. that overtime wages consequent on the belated re-fixation of pay with retrospective effect from 1-1-47 and grant of increments in 1948-49 has fallen in arrears and there has been strong representation from labour class for the payment of the arrears. He therefore requests Govt. to accord special sanction for the grant of over time allowances and authorise A.G. to investigate and authorise the claims. For the work of preparation of the bills the S.G.P. states that the following further staff is necessary for a period of 6 months.

- 1 Accountant on Rs. 140-190.
- 2 Upper Division clerks on 80-125
- 4 Lower Division Clerks on Rs. 45- on
- 1 Attender on Rs. 24-35.

For calculation of the overtime wages consequent on the re-fixation of pay the extent of extra work involved is set out in paras 1 to 6 on pp 1-2 cf. The extra cost involved in the payment of arrears of overtime wages is not given, but the S.G.P. says that a huge amount is involved.

In para 7 of his letter the Supdt. has stated that the claims for the arrears of overtime wages are legitimate but they could not be claimed because of the belated revision of the salaries. He observes that a large amount is involved and that there is no provision in the budget for the payments due. No estimate of the additional provision required for this purpose can apparently be given. The view that the claims are legitimate & should be admitted might be accepted generally. The Special Sanction asked for in that para may be given.

Finance (VIII) Department.

Notes on pp.1-3 above may be perused.

The proposal relates to the sanction of an additional staff of one Accountant and two L.D. Clerks in the Government Press Madras, for work connected with calculation and preferring claims of overtime wages in respect of the press employees. The previous Special Officer of the Press has pointed out that a special staff

has already been engaged on this work since 1947 but that the staff was not able to do the work properly. He suggests that therefore, that a Superintendent from the A.G's Office or from Finance Department may be appointed as Superintendent or Accountant and that he may be assisted by two L.D. Clerks and asked to work for six months. While agreeing to the recommendation of the Special Officer, Education prefer to allow an experienced Auditor from the A.G's Office to fill up the post of Superintendent or Accountant.

The extra cost of the proposal is shown below:

Cost of One Superintendent from Finance Department with two L.D. Clerks for 6 months

Rs 3,900/- roundly

Cost of an Auditor from A.G's Office in the scale

of 80-220 plus the allowances admissible to the Central Government servants plus two L.D. Clerks on Provincial scales of pay for six months.

NOTE: The extra cost is worked out on the basis that the Auditor from the A.G's Office or a Superintendent from Finance Department are allowed 20% of pay extra as Deputation allowance.

In view of the reasons stated in the Special Officer's letter on pages 7-9 C.F. Finance may agree to the proposal of Education to sanction the additional staff referred to above. After it is settled as to whether a Superintendent from Finance Department or an Auditor from A.G's Office should be taken, the question of whether an additional deputation allowance besides pay should be given can be examined separately.

As regards the financial procedure to be followed, this will be indicated after the question referred to above is finally settled.

The proposal at X on p.2 above may also be agreed to in this Department.

The question of making additional provision as referred to on p.2 above may be considered in the course of the next year.

The proposal of the Edn Dept. referred to at 'B' above may be agreed to as it will cost less. The A.G. may be requested to spare an Auditor with experience.

of the work relating to pay fixation as suggested by the H.D. Officer. As it is usual to allow 20% increase as deputation allowance to A.G's Office staff employed in the Edn Dept. for Auditor's work, this increase in pay may be allowed in the present case. The cost on this basis will be Rs. 2,700 for 6 months as indicated on p. 4 ante. The S.O. should be told that the staff should be directed to complete the work in six months without dropping any in the case of the work relating to fixation of pay on revised scales.

Finance agree to the proposals to sanction an addl. staff of 1 Suptt. and 2 L.D. clerks for work connected with calculation and preferring claims of overtime wages in respect of the Press employees and to allow an experienced Auditor from the A.G's Office to fill up the post of Suptt. or Accountant. The A.G. may be consulted in the matter. A draft memo. is submitted for approval.
