Sub:--PRESIDENCY COLLEGE, MADRAS--Appointment of an Assistant Professor in Statistics on a contract basis-Proposal submitting.

*****

In G.O.No.1887-Education dated 8-6-1949, Government sanctioned the post of an Assistant Professor in Statistics for the B.Sc.(Hons) course in Statistics for a period of three years from 1950-51, and the post has to be filled now. With regard to Hons. Statistics, the qualification prescribed by the Madras University is an Honours Degree and post graduate qualification in Statistics. The Principal, Presidency College, Madras who was consulted in the matter has recommended name of one, Sri M. Nagamani for appointment to the said post on a monthly salary of Rs.250/- on the ground that no other candidate possessing the required qualifications is available. Please see D.O. dated 27-6-1950 from the Principal, Presidency College, Madras (copy enclosed). I agree with his recommendation.

p.3 infra

2. It is reported that Sri Nagamani possesses the degree of B.A.(Hons) in Mathematics 1st class of the Madras University, and the degree of M.Sc. in Statistics (1st class) of the Travancore University.

3. In the circumstances, the Government may be pleased to accord sanction to the appointment of Sri Nagamani on a contract basis for a period of 2 years on a monthly salary of Rs.250/-

4. I may point out here that subject to the conditions specified in this letter dated 22-7-50 (copy enclosed) Sri N. Nagamani is being appointed as Assistant Professor of Statistics, Presidency College, Madras.

p.3 infra

5. Early orders of Government are requested.

Yours faithfully,

FOR DIRECTOR OF PUBLIC INSTRUCTION

REF:-Your T.M. Rc.No.2544-C3/45 dated 26-6-1950.

Sub:-APPOINTMENT of one Assistant Professor in Statistics.

*****

The University has specified that the qualification for the new Statistics post to be filled this year should be an M.Sc. Degree in Statistics or a degree equivalent thereto. There is no one with this qualification in any of the Government Colleges and so a suitable person has to be appointed from outside the Department.

At present there is considerable demand for qualified Statistics men in various fields and M.Sc.'s are very scarce. So a person with the required qualifications will not be available for Rs.150/-p.m., the starting pay of the post of Assistant Professor. A higher pay has to be offered for a Statistician who is competent to lead the honours classes.

The Professor of Mathematics, Dr. P.B. Patnaik has been in touch with several suitable persons and he has suggested the appointment of Mr. M. Nagamani as being the best from the point of view of qulifications and the salary to be offered. He has a B.A. Hons. - Mathematic degree (first class-second rank) of the Madras University and a M.Sc.-Statistics degree (first-class-first rank) of the Travancore University. His age is 21 years. He has agreed to accept the appointment on a starting salary of Rs.250/- p.m. I think this is quite reasonalble considering his high qualifications.

I therefore suggest that Mr. Nagamani be appointed either (1) on Rs.250/- the maximum of the scale of an Asst. Professor or (2) on a contract of Rs.250/- for two years in the first instance. The matter may kindly be considered very urgent and the appointment be made very early so that the Statistics Classes may not unduly suffer. Mr. Nagamani is in Madras ("Yogasadan" Nageswarapuram, Mylapore) and will be able to join the College immediately after orders are received.

/True copy/

Copy of letter dated 22-7-50 from N.Nagamani, 'Yoga Sadan' Nageswarapuram, Mylapore to the Director of Public Instruction, Madras through the Principal, Presidency College, Madras.

*****

I request you that I may be kindly considered for appointment to the new statistics post in the Presidency College, Madras on a starting pay of Rs.250/- p.m. I have the B.A. Honours degree in Mathematics of the Madras University (first class 2nd rank-1948) and the M.Sc. degree in Statistics of the Travancore University (first class, 1st rank-1950)

If there is a likelihool of delay in making the appointment on this salary, I am willing to join the College immediately provided that I be permitted to resign the post in case my request for this salary is not accepted by the Government and to receive the salary of an assistant professor for the period of my service.

Thanking you in anticipation.

Dear Sir,

please examine and put up urgently
4/8

RE: Assistant Professor of Statistics in the Presidency College, Madras.

In connection with the filling up of the above place, I submitted an application to the Director of Public Instruction, Madras, stating my qualifications and experience, noting therein that, in view of having worked as Statistician in the Madhya pradesh Govt. on Rs.225/- per month, I may be given a starting pay of Rs.200/-p.m. for the above post.

With reference to this application on mine, I received an enquiry from the Director of Public Instruction, Madras on 10.7.50 asking me to let him know whether I would be willing to be appointed to the place on Rs.150/-p.m. I replied to the Director of Public Instruction on the same day that I was agreeable to the starting pay proposed by the Director of Public Instruction.

On this, an appointment order, in the Director of Public Instruction's Proceedings R.C.No.1310-C3/50 dated 14.7.50, was issued to me with istructions to join duty at once.

Accordingly, I went to the Principal, Presidency College on 19th July to report for duty. But he told me that he had not received a copy of the D.P.I's proceedings and that, therefore, he could not take me to duty. I ran up to the D.P.I's office and met the Deputy Director of Public Instruction and advised him of the above. He promised that he would s nd a copy of the order immediately and asked me to join duty next day. Even the next day, when I saw the Principal, he would not take me on duty, but gave me to understand that he had raised some objection on the above matter and that he was in correspondence with the D.P.I. and as such I should wait. I communicated these developments immediately to the D.P.I. in my letter dated 26th July 50 and subsequently reminded him about this in my letter dated 31st July '50.

I have now received on 3rd August a copy of the Proceedings of the DEPUTY DIRECTOR OF PUBLIC INSTRUCTION(PERSONNEL), Madras, cancelling my appointment made by the Proceedings of the DIRECTOR OF PUBLIC INSTRUCTION.

I do not follow the circumstances under which the appointment order issued to me after enquiry, etc., has now come to be cancelled in such a short interval of time. It has to be assumed that my qualifications and experience satisfied the D.P.I. about my fitness for the place and that, therefore, he sent and enquiry to me about the starting pay, which is the minimum of the scale pay of the place. I am given to understand that the Statistics honours Degree of the Mysore University, which I hold, is sufficient for the place of the Assistant Professor of Statistics. I had also mentioned in my application that during my previous appointment in the Madhya Pradesh Govt. I had also lectureed in Statistics to Post-graduate classes Psychology and Education, along with my work as Statistician.

In view of my possessing the requisite qualifications and also my expressed willingmess to take up the place on the minimum pay, I request that the injustice done to me by the issue of the Deputy Director of Public Instruction's proceedings cancelling the Director of Public Instruction's proceedings may kindly be set aright

P.T.O.

~~AN~~ 5

and I be allowed to join duty, as early as possible.

Copies of the relevant correspondence are enclosed herewith for ready reference.

Yours faithfully,

Encl: 5.

K.R.Rajagopalan

(Express Delivery & Under certificate of posting.)

Sir,

Agreeably to your Proceedings R.C.No.21310-C.3/50 dated 14th July 1950, appointing me to officiate as Assistant Professor of Statistics in the Presidency College, and asking me to join at once, I had been to the College yesterday forenoon to report ~~to~~ myself for duty. When I met the Principal, I was given to understand that the Principal had not received a copy of your proceedings and hence I was asked by him to go over to him to-day. Today also I went to the College and saw the Principal. He told me that he was in correspondence with you regarding certain "issues" in the matter and that I should wait.

Under these circumstances, I regret to state that I could not report for duty as per your proceedings.

Yours faithfully,
K.R.Rajagopalan.

Sir,

Being given to understand that the post of an Assistant Professor of Statistics in the Presidency College, Madras in shortly to be filled in, I offer myself as a Candidate for that post.

I am an Honours Graduate of the Mysore University in Statistics and I hold a High Second Classin the B.Sc.(Hons) Examination in 1947. Throughout my career I have been a First Class Student and during the three years of my Honours Course I was the recipient of the Government of Scholarship for Merit having stood First in the Class. After graduation, I have, inter alia, have been working as Statistician in the Psychology Department of the Prantiya Shikshan Mahavidyalaya, Jabalpur for the Academic Session 1949-50. My duties there consisted of Lecturing in Statistics to Post Graduate Students in Psychology and in Education, as also research work in connection with the Experimental Testing Projects that were being carried on there. I Have submitted a note to the Psychologist about the work I did in that connection, I have also submitted a detailed Plan for a Sociological and Statistical Survey of the Family Economy with Special reference to Education.

Both as a Student and as a member of Staff, I always took a keen interest in Extra-curricular activities. As a Student I as was the elected Secretary of the Yoga Association and a member of the Statistical Association. In the Prantiya Shikshan Mahavidyalaya, I had organised a Recreation Club of which I was the Elected President.

I was in the Madhya Pradesh Education Service in the Gazetted ank on Rs.225/- p.m. with the usual D.A. I would be glad to work in the Presidency College if I am given an initial Salary of Rs.200/- p.m. view of the pay last drawn and my experience in the Educational Line and in the Research line.

I am a Hindu and my age next birthaday is 25 years.

*****

Sri K.R. Rajagopalan, a second class Honours graduate of the Mysore University in Statistics, applied for the post of an Assistant Professor in Statistics in the Presidency College, Madras. In doing so, he wished to be considered for an initial salary of Rs.200/- per mensem. Meanwhile, the Principal, Presidency College, Madras had recommended the name of one Sri M. Nagamani who possessed the degree of B.A. (Hons) in Mathematics in first class, and also the degree of M.Sc.(1st Class) of the Travancore University. Sri Nagamani definitely wanted a starting salary of Rs.250/- per mensem and the Principal recommended the acceptance of this as he was the only qualified man available according to the Principal's opinion.

As on the face of it, the qualifications of both the candidates appeared to conform to the specified requirements, Sri Rajagopalan, who offered cheaper terms was asked to state whether he will agree to come on the minimum salary of Rs.150/- He agreed and he was accordingly posted under the emergency provisions. When the posting order reached the Principal, he protested that Sri Rajagopalan was not sufficiently qualified. Before doing so, he had consulted the Vice-Chancellor of the Madras University also about it. A copy of the Vice-Chancellor's D.O. dated 20-7-50 is enclosed. The Principal's recommendation had, in the circumstances, to be accepted and orders posting Sri Rajagopalan were cancelled.

p 11 infra

As regards the advertisement of the post, this post was not advertised as such. The Madras Public Service Commission selected candidates generally for Mathematics and their list this time contained only four with Mathematics as main, and statistics as subsidiary but the qualification prescribed by the Madras University in May 1950 for this post insisted on Statistics as the main subject with post graduate studies.

A copy of the letter of the Registrar, University of Madras addressed to the principals of colleges prescribing the qualifications is enclosed herewith.

Yours faithfully,

For Director of Public Instruction

A.

Dr. Haq has written to me about the appointment of an Honours Graduate in Statistics of the Mysore University as Assistant Professor in Presidency College. Your Office seems to have made a reference to the University, and I find on the file that you have been informed that Second class of the Mysore University may be deemed qualified for appointment.

The University had sometime ago carefully gone into the qualifications required for Statistics teachers of diferrent grades. A copy of that is enclosed for your information. It will be noticed that with regard to Honours Statistics, the qualification prescribed is an Honours Degree and Post-Graduate qualification in Statistics. It appears to me that Presidency College would not be adequately served, if one possessing the Mysore Honours Degree in Statistics is appointed. They have to use various Calculators and machines, and unless one has had a post-graduate training in using them, the College is likely to be behind the best institutions in Statistics in India. So far as is known, the existing institutions which provide best post-graduate instruction are in Travancore, Bombay and Calcutta.

Copy of letter No.A.1893 dated 15th May 1950 from the Registrar University of Madras to the Principals of colleges.

Sub:-QUALIFICATIONS-Teachers imparting instruction in Statistics under the several Degree courses

I have the honour to inform you that the Syndicate considered the question of qualifications required for teaching Statistics in Colleges for the degree courses and has resolved that the following qualifications be prescribed for teachers to impart instruction in Statistics under the several degree courses as detailed below:-

1. For teaching B.A. Gr.(i-b) Statistics and Statistics (Subsidiary), B.A.(Hons) Br.1-A, with Statistics as special subject.	The teacher should be an honours Mathematics Graduate with Statistics as special subject or an Honours Mathematics Graduate who has qualified for the Diploma in Statistics of this University.
II. For teaching B.A. Gr.(i-c) Statistics and B.Sc. Statistics.	The teacher should be an Honours Mathematics Graduate with Statistics as special subject or Honours Mathematics Graduate who has taken the Diploma in Statistics of this University, and in either case, he should have at least three months' training in practical Statistics in a Laboratory or Institute of Statistics approved by the Syndicate.

Note: The Indian Statistical Institute at Calcutta and the Institute of Agricultural Research at Delhi may be approved for this prupose.

III. For B.A.(Honours)Br.1-B Statistics and B.Sc.(Hons) Br. 1-B, Statistics.	The teachers should possess an Honours Degree in Statistics or an Honours Degree in Mathematics with post-graduate qualification in Statistics approved by the Syndicate.

In communicating the ve resolution of the Syndicate

Colleges - Presidency College, Madras - Appointment of an Asst.Professor in Statistics.

***

From the D.P.I. No.1310 C3/50 dated 1-8-50 & 20-8-50.

p1 f, p9 f

~~test~~ E / 59-62 f

E / 61 f

E / 62 f

In G.O. 1887 Education dated 8-6-1949, the Govt. sanctioned with effect from the academic year 1949-50 certain new courses of study in the Presidency College, Madras among which B.Sc.(Hons) in Statistics was one. For this course, sanction was accorded for the appointment in 1950-51 of an Asst. Professor on Rs.150-250. Sri K.R. Rajagopalan who holds a 2nd class B.Sc. (Hon.) degree in Statistics of the Mysore University was first appointed temporarily to the post, by the D.P.I., on the minimum of the scale of pay. Later, another candidate, Sri M. Nagamani, who possesses the B.A.(Hons) degree in Mathematics (1st class-2nd rank) of the Madras University and the degree of M.Sc.in Statistics (1st class-1st rank) of the Travancore University, became available and the D.P.I. ~~has been~~ appointed that candidate temporarily, cancelling the appointment of Sri Rajagopalan. Sri Nagamani has asked for the maximum pay of Rs.250/- p.m. and until that is sanctioned he has conditionally accepted the post on the minimum pay. On the suggestion of the Principal of the College, the D.P.I. has recommended that Sri Nagaman may be appointed on a contract basis for a period of 2 years on a monthly salary of Rs.250/-. Sri Rajagopalan has submitted a representation to the Govt. against cancellation of his appointment.

p19 f

p3 f

p1 f

p3 f

vide para 4, p1 f

p1 f

pp5-6 f

2.The qualification prescribed by the Madras University for teachers for the B.Sc.(Hons)Statistic course is an Hons.degree in Statistics or an Hons. degree in Mathematics with post-graduate qualification in Statistics. On this basis, both the candidates in question are qualified and on a reference to the Uni ty, that body has stated that

p11 f

2

Sri Rajagopalan is qualified for appointment. However, from para 2 of the Vice-Chancellor's letter on page 11 of, it will be observed that Sri Rajagopalan's qualification is not quite sufficient and that Sri Nagamani is fully qualified for the post and is the better of the two candidates.

A. p11 cf

3. The post of Asst.Professor should have been advertised and applications called for. The D.P.I. who was asked whether the post was advertised states that it was not advertised as such, that the M.P.S.C. selected candidates generally for Mathematics and that its ~~their~~ list this time contained only four with Mathematics as main and Statistics as subsidiary whereas the qualification prescribed for the post in question required Statistics as main with post-graduate studies. This does not appear to be a satisfactory explanation for not advertising the post, as candidates with Statistics as the main subject might not have responded to the advertisement for the reason that statistics main is not the qualification for Mathematics posts.

p8 cf

The D.P.I should have asked the Commission to select a candidate with special qualification in Statistics

4. In the circumstances, it is for consideration whether the post may be ordered to be advertised and a suitable candidate recruited in the normal way. Sri Nagamani has been appointed temporarily to the post. Hence the post is not vacant and there is therefore time to advertise the post and recruit a candidate. If this is not acceptable, it is for consideration whether the D.P.I.'s proposal to appoint Sri Nagamani on a contract basis for 2 years on the maximum pay of Rs.250/-p.m., will be approved.

Para 4 p1 cf

p1 cf

For orders. The remarks of Finance may be invited before circulation.

26/8/50.

It has not been proved that there is no qualified candidate willing to take up the post on Rs. 150, the minimum of the Asst. Lecturers' scale of Rs. 150-250. There is therefore no reason to accept the D.P.I.'s recommendation to appoint

---

17

-3-

which is higher than even the minimum of the M.E.S. Lecturers' scale of Rs. 230-700. The Dir. may be asked to arrange for the immediate advertisement of the post by the M.P.S.C. Until a qualified candidate is regularly recruited through the Commission Sri Nagamani may be continued under the emergency provisions and granted the pay of Rs. 250/- p.m. demanded by him. Sri Rajagopal may be told to apply to the Commission for regular appointment when it advertises the post.

SENIOR ASSISTANT SECRETARY, FINANCE DEPARTMENT
30 AUG 1950
25838 W
GOVERNMENT OF MADRAS

Finance(E.III)Department.

Notes on pp.1-3 above may be perused.

With reference to the question regarding filling up of the post of Assistant Professor of Statistics sanctioned in G.O.1887 Education dated 8-6-49 in the Presidency College Madras, the D.P.I., on the recommendation of the Principal, Presidency College, Madras, has suggested the appointment of one Sri Nagamani on a contract basis for a period of two years on a monthly salary of Rs.250.

A. on p62 cf 9

E

p1 cf

p3 cf

Education consider that there is no reason to accept the recommendation of the D.P.I. to appoint Sri Nagamani on a contract for a period of two years on Rs.250, unless it is proved that there is no qualified candidate, willing to take up the post on Rs.150, the minimum of the Assistant Lecturer's scale.

A. on p2, above

Education propose to ask the D.P.I. to arrange for the immediate advertisement of the post by the M.P.S.C. and they have agreed to the appointment of Sri Nagamani on a pay of Rs.250 under emergency provisions, until a qualified candidate is regularly recruited through the Commission.

X above

A

The pay of Rs 250 proposed seems excessive. It is higher than even the minimum of the Lecturers' scale. Rs 230 may be [illegible] pay.

Finance may agree ~~with~~ to the proposals of Education

has recommended that one Sri Nagamani may be appointed on a contract basis for a period of 2 ~~months~~ years on a monthly salary of Rs 250/. Sri Nagamani has been temporarily appointed on the minimum of the scale of pay. There is another candidate by name Sri Rajagopalan who is willing to accept the post on the minimum of Rs 150 p.m. but Sri Nagamani possesses higher qualifications and is considered to be the better of the two candidates. It has been proposed to ask the DPI to arrange for the immediate advertisement of the post by the MPSC and that until a qualified candidate is regularly recruited through the MPSC Sri Nagamani may be continued under the emergency provisions and granted a pay of Rs 230 p.m. x the minimum of the M.E.S. Scale. Sri Rajagopalan will be told to apply to the Commission for regular appointment when it advertises the post. General Rule 9(b) will have to be relaxed to allow Sri Nagamani a pay of Rs 230 p.m. Finance and Pub (Ser) agree to the proposal.

The case may be circulated to HM (Edn) and H.C.M for approval of the proposal to relax the rule in favour of Sri Nagamani.
