I have not received any reports of the kind mentioned in the
Government Memorandum.

The scholarships of this Department are granted to the college
students on condition that they should not participate in politics or
subversive activities of any kind but should confine themselves entirely
to their studies and that if they participate in politics or subversive
activities of any kind their scholarship would summarily be cancelled.
Undertakings to the this effect are obtained from the scholarship holders.
Principals of the Colleges concerned are also requested to bring to the
notice of the Director if the scholarship holders violate the undertaking
given by them.
