The Hon'ble Sri P.S.Kumaraswami Raja,
Chief Minister,
Government of Madras,
MADRAS.

Dear Sir,

On behalf of the Managing Committee of the Sir Theagaraya College, allow me to approach you for permission to wait on you in deputation to represent to you the urgent financial needs of our College. The Managing Committee has tentatively resolved to meet you, and the Hon'ble Ministers for Finance and Education on Monday the 11th September at 11-30 a.m. in the Secretariat, Fort St. George, provided it suits your convenience and that of the other Hon'ble Ministers. If, however, you think a different date and time would suit you and your colleagues, we shall adjust ourselves to the same. I request you most earnestly to consult them and favour me with your kind reply at your earliest convenience.

Thanking you,

Yours sincerely,
M.K. Shanmugam
PRINCIPAL.

MKS/SR.

as seen from H. K. (S. 2) what is the date of the meeting? I P. with the other Hon'ble Ministers. I am sure we can arrange it.

SIR THEAGARAYA COLLEGE

WASHERMANPET,
MADRAS.

Dated 4th September '50.

No.

Memorandum submitted to the Hon'ble The Chief Minister,
Government of Madras, by the Members of the
Managing Committee, Sir Theagaraya College.

Sir,

We, the members of the Managing Committee of Sir Theagaraya College, waiting in deputation on you, beg to place before you the following facts regarding the genesis of the college with special reference to the financial commitments we have undertaken in bringing the college into being and also in equipping and staffing it in conformity with the regulations of the University of Madras.

2 The college is the natural and inevitable growth of an institution founded by the late Sir Pitty Theagaraya Chetty of revered memory, who had made it his mission in life to cure all social ills by the spread of education. Starting as a Middle School in the nineties of the last century, it rose to a High School, and owing to adverse fortunes, was reverted as a Middle School. But, thanks mainly to the benevolent interest evinced by the Government and the active co-operation of the Department, not only has the high school been resuscitated but also it has blossomed into a Second Grade College. We cannot but acknowledge with gratitude both the generous help that we have received from the donors and well wishers of the college and the abundant goodwill shown by the authorities of the Madras University. The Syndicate after a thorough-going inspection by a duly constituted Commission headed by the learned Vice-Chancellor was pleased to grant provisional affiliation to our College on the 5th of May last. The Hon'ble Chief Minister of our State, who evinces a deep and abiding interest in the education of our people, was gracious enough to inaugurate our college on the 26th June.

3 Of course, the starting of a Second Grade College in memory of the departed leader was conceived all of a sudden owing to the pressure of events. We were distressed to note the plight of students in North Madras who were in quest of collegiate education. So we decided in October 1949 to take over the High School building for housing the new college. Fortunately the building was so designed at the time of construction as to be converted

SIR THEAGARAYA COLLEGE

WASHERMANPET,
MADRAS.

Dated

No.

into a college any day, and a new building costing nearly Rs.60,000/- had to be put up to accommodate the High School. So this was an extra item of expenditure incurred by us which had to be brought into the college account. To equip the Physics and Chemistry Laboratories of the college a sum of Rs.56,100/- had to be spent which included the cost of furniture as well. This apart, we have spent a sum of Rs.20,000/- on the installation of the Gas Tank with the necessary fittings. We have furnished Lecture Halls with new galleries and seats with dual desks made departmentally and economically at a cost of Rs.10,000/-. We have bought books costing Rs.3,000/- nearly for equipping the library. We have also made durable and elegant glass almirahs at a modest cost of Rs.1,260/- for shelving these books.

4 We organised musical festivals last year and the previous year, the net proceeds of which amounted to Rs.40,000/- and this amount was utilised to meet partly the cost of the Sri Venkateswara Buildings and the initial expenses of the Science Departments. Since we are paying salaries to the College staff according to the scales prescribed by the University, our commitments in this regard are rather heavy. Actually it works out to Rs.40,800/- per annum. Of course, the Government will be pleased to sanction a teaching grant but this amount will be paid only at the end of the official year. We are giving below our budgetary position:

By Tuition & Special fees.

Tution Rs.39,000/-

Special 8,100/- 47,100/-

Deficit to be met 79,090/-

1,26,190/-

To staff salary, D.A. & Provident Fund Contribution Rs. 35,000/-

Furniture(Physics, Chemistry Laboratories, Class-room & Office. 31,240/-

Equipment. Physics & Chemistry laboratories including Gas Tank. 35,750/-

Library Books 7,500/-

Special fees expenditure 8,100/-

one-half is (39545)

56100
20000

Contingent charges	3,000/-
Office equipment	1,600/-
Scholarships under 92 MER	4,000/-
	<u>1,26,190/-</u>

As the deficit with which we are placed is huge, we request you most humbly to come to our rescue by giving us a block grant which will not only enable us to meet the deficit and put the college on a firm basis but will also help us to develop into a First Grade College in the near future. Permit us, Sir, to recall the unique help given by you to the Veerasaiva Second Grade College, Bellary. The prompt and noble action of your Government has stabilised this institution which is a boon to the Ceded Districts. In the same manner the Sir Theagaraya College is a boon to the residents of North Madras who have been very backward in education and culture. So your Government would really bring the blessings of higher education to this part of Madras if it helps forward our institution, which is able to relieve the pressure on the other colleges in Madras exerted by students demanding seats, particularly in certain coveted groups.

We have, Sir, a proposal to adopt the shift system in our college which will further ease the situation in regard to admissions. Such undertakings, we submit, should not only meet with your approval but must also have your financial backing. Our most crying need, however, is the corpus that we should deposit with the University by way of an endowment. The University demands of us 3 lakhs or in lieu of that property fetching an annual rental income of Rs.9,000/-. In this exigency, when we are hard put to find funds for running the college, we can depend only on your goodwill and favour for satisfying the demand of the University. Therefore, it is our humble prayer that your Government may be pleased to sanction a block grant of at least 2 lakhs so that not only we could secure permanent affiliation for our college but also start useful and popular departments such as Natural Science, Engineering, B.Com., and B.Sc., these courses of study being in great

No.

demand at the moment. In this connection we have to submit respectfully that we have prepared an estimate for opening the Natural Science Section in our College next year for which we have to make application to the University by October next. We would require at least Rs.25,000/- for equipping the Natural Science Laboratories. We do not need any extra accommodation for this group for we could manage with our present set of buildings. We have also plans for building a hostel of our own on the vacant sites in our possession. The hostel will accommodate not less than 100 students. It would cost us roughly 1 lakh of rupees.

7 In conclusion we beg to assure you that we will do our utmost to augment the funds of the college by securing benefactions and donations from the philanthropists of our land. At the same time, we are aware of the heavy financial commitments of your Government and the stringent times it is passing through. Nevertheless, we request you most humbly to make provision in your budget for a small grant of 2 lakhs which shall go a long way to confirm and expand the usefulness of Sir Theagaraya College as a centre of learning and culture to the citizens of North Madras.

Yours faithfully,

Subj:- Grant - Sir Theagaraya College, Madras.

In order to meet the needs for higher education in North Madras, a private Committee of Management has started an Intermediate College as from 1950-51. The College was inaugurated by the Hon'ble the Chief Minister on the 26th June last. The University of Madras has granted provisional affiliation to the College. The University has demanded of the Management in respect of the College, in accordance with its ^{regulations} ~~regulations~~, an endowment of Rs 3 lakhs or in lieu of it, property fetching an annual rental income of Rs 9,000/-. This condition is invariably stipulated by the University in the cases of Colleges in order to ensure the financial stability of the institutions. In view of the expenditure which the Principal says the Management has already incurred on a building for the high school (Rs.60,000/-) and on equipment (Rs. 90,360), the management finds it difficult to provide the endowment fund required and requests Government to sanction a block grant of Rs. two lakhs for this purpose, so that permanent affiliation can be secured for the College.

2. The forms of aid which Government give to private aided Colleges are laid down in the Grant-in-Aid Code which embodies the policy of the Government in respect of grants to these institutions. They are:-

Teaching grants. .. One half of the net cost of maintenance for the preceding financial year.

Building grants - (including grants for hostels). One half of the estimate of the cost of approved schemes, subject to a maximum of Rs.50,000/- for II Grade Colleges and Rs.75,000/- for I Grade Colleges.

Equipment grant - (for furniture, books, laboratory material, etc.) One half of the estimate of the cost of the approved scheme subject to a maximum limit of Rs.10,000/-.

Grants for playgrounds are also allowed according to the needs of the institutions and the circumstances of the case. A grant for an Endowment Fund is not one of the

para 2 on
p.3 of

para 3 on
p.4-5 of

BK 100 40 -

(P)

approved items in the Grant-in-Aid Code, though there is no statutory or other prohibition against such a grant. However, the actual payment of the grants mentioned above will be made only after provision is made in the budget, the schemes being considered as Part II Schemes, except in cases where the schemes are extremely urgent and grants are necessary in the course of a particular year.

3. The Principal refers in para 5 of his memorandum to the help rendered by Government to the Veerasaiva College in Bellary. Government accorded a special treatment to that College, but that was not by ^{way of} sanctioning a grant for the endowment; but by ~~sanctioning~~ ^{sanctioning} a grant of half the estimated cost of the building for the College. ~~was~~ ^{amounting} ~~The grant sanctioned in that case was~~ Rs. 2,64,560/-, ~~was~~ ^{sanctioned} the limit of Rs.75,000/- being relaxed as a special case.

The Government also addressed the University pointing out the difficulties of the Management of the Veerasaiva College in providing the endowment, and the University ^{has} ~~have~~ passed a Resolution agreeing to wait till 31-12-1951 for the fulfilment of the condition. ~~The Government may perhaps agree to make a similar suggestion to the University in respect of the endowment required for this College.~~

4. The University has granted provisional affiliation to the Sir Theagaraya College. The management will have to apply to the University for continuance of the affiliation for the next year. The University is likely to insist on the provision of the endowment then.

Principal.

The Hon'ble Sri P.S.Kumaraswami Raja,
Chief Minister,
Government of Madras,
MADRAS.

Dear Sir,

On behalf of the Managing Committee of the College and on my own behalf I wish to express my deep and sincere gratitude to you for having so kindly received our deputation and given us a patient and sympathetic hearing in the midst of your preoccupations.

We hope and trust that with your goodwill and support we shall build up our new college soundly and efficiently in all the departments of its activities. We feel confident that we shall be receiving in the years to come the co-operation of your Government, particularly in matters of finance, in an abundant measure.

Thanking you once again,

MKS/SR.

According to the statement of accounts furnished by the management of the Sir Theagaraya College on p.p.5-6 c.f., the estimated expenditure in the current year on the cost of equipment (furniture, books and science articles), special fees expenditure and scholarships under Rule 92 M.E.R., will be Rs. 1,26,190/-, as against the anticipated receipt of Rs. 47,100/- from fees and special fees collections from students, leaving a deficit of Rs. 79,090/- to be met by the management. The College authorities have to make a deposit of Rs. 3 lakhs with the University as Endowment Fund, as a condition precedent to the grant of affiliation for the College. The Members of the Managing Committee of the Sir Theagaraya College therefore request the Govt. to sanction a block grant of Rs. 2 lakhs to the College.

P78
P50

P78

P78

The case of Veerasaiva College, Bellary, is quoted by the management for the purpose. It is submitted that the Govt. have not sanctioned any grant to the Veerasaiva College, Bellary, towards the deposit ~~amount~~ required by the University as Endowment Fund. They have ~~only~~ sanctioned agreed as a special case to pay a half grant up to a maximum of Rs. 2,64,560/- towards the cost of constructing the college buildings. At the request of the President of the Madras

P.T.O.

PP190-194 of 1949

Condition 30w
p. 267 of 1949

It is against statutory rules; or executive rules? or are you quoting only precedents?
2/9

Same question as at X above
2/9

A.

Veerasaiva Vidyavardhaka Sangha, Bellary, the Govt. have helped the cause of the College by requesting the University to reconsider the condition regarding the collection and deposit of an endowment fund of Rs. 1 lakh before the 30th December, 1949 and the University agreed to the depositing by the College of the Endowment Fund by the 31st December, 1951. Besides, the case of Veerasaiva College cannot be compared to that of the Sir Theagaraya College; Bellary is a backward district and was then without a college, since the college already existing was temporarily disaffiliated by the University for non-fulfilment of the conditions laid down by it.

A grant for the creation of an endowment fund is not one of the prescribed items for which a grant is sanctioned by the Govt. to educational institutions. The three kinds of grants given to aided colleges are, teaching grant, Building grant and equipment grant. The teaching grant for this College will become payable only in 1951-52 and after the D.P.I. recommends provision for grant for teaching for the application of the College in his Part II estimates for 1951-52 under teaching grants to aided colleges and after the Government provides funds for the purpose under Part II of the Budget for 1951-52. Similarly, the building and equipment grants for this College will be payable only after the applications of the college are included in the approved list and after they are considered in connection with the Part II Schemes for the ensuing year on the recommendation of the D.P.I. and necessary provision is made therefor. Govt. do not sanction block grants to aided educational institutions. Grants to Colleges are made for specific purposes, viz., to meet the expenditure on the maintenance of the institution, the cost of construction of buildings and the purchase of equipment required. The following limits have been laid down in respect of building and equipment grants to Colleges:-

Building Grant - - half the cost subject to a maximum of Rs.50,000/- for a Second Grade College; and Rs.75,000/- for a First Grade College.
Equipment Grant - ~~Half the cost subject to a maximum of Rs.10,000/- for a First Grade College.~~

The purpose for which the Managing Committee of the Sir Theagaraya College has now asked for a grant is not one of the items for which a grant is admissible under the Grant-in-aid Code. For orders.

The file may be circulated to H.M.(E.& L.) and

H.C.M.

RS
20/9/50
20/9/50

The College may be allowed all the forms of aid referred to at A on the previous page, namely, for buildings upto Rs 50,000, for teaching, half the net cost of maintenance and for equipment upto Rs 10000. The "Small" grant of Rs 2 lakhs which the Principal has now asked for is not for any of these objects but for building up an endowment fund which the University insists upon as a condition for permanent affiliation. The making of a grant for this purpose will be without precedent.

The difficulty of

2
