Sub:- Grants and Subsidies – Elementary school building schemes for 1950-51 – ~~Coo~~ Municipal Councils, Coonoor, Dharapuram and Mangalore and District Board, East Godavari.

From the D.P.I., L. Dis. No. 1639-B1/49, dated 10.9.1949,

Re. No. 577-B1/49, dt 10.9.1949 and Re. No. 1655-B1/49, dt 12/9/49.

In the endorsements cited ~~above~~, the D.P.I. has stated that the elementary school building schemes submitted by ~~the~~ Coonoor, Dharapuram and Mangalore Municipal Councils and the East Godavari District Board cannot be included in the Part II scheme for 1950-51 in view of their late receipt. The Director is, in this connection, informed that ~~the~~ much of the ~~prov~~ provision made in the budgets for 1948-49 ~~and~~ and 1949-50 for payment of grants and subsidies for the construction of elementary school buildings could not be utilised for want of a sufficient number of schemes. It is, therefore considered that as many schemes ~~as is poss~~ as are possible should be included ~~for~~ in Part II for 1950-51. The Director is requested to consider whether the remarks of the concerned D.E.O's. ~~on~~ on the ~~above mentioned~~ schemes cannot be called for urgently and whether the schemes cannot be included in his list of Part II schemes submitted to the Govt. ~~or~~ by 15-10-49 at least as ~~in~~ a supplementary list ~~by 15-10-1949~~.

This reference should be treated as special and a very early reply sent.

B

With reference to the Government Memo first cited I have called for the urgent remarks of the District Educational Officers in respect of the building schemes sent by the Commissioners, Municipal Councils, Coonoor, Dharapuram and Mangalore. As soon as the remarks are received, the schemes will be included in the supplementary list. With regard to the building schemes sent by the Special Officer, District Board, East Godavari I may state that it is too late to get the remarks of the District Educational Officer as he (Dt. Educational Officer) can offer his remarks only in consultation with the concerned Deputy Inspectors which may take a long time. I may however add that I have already included in the Part II for 1950--51 eight building schools first sent by the District Board. The total grant payable in respect of these schemes comes to Rs 31,000/- In the circumstances I have not called for the remarks of the District Educational Officer in respect of the second set of building schemes received from the Special Officer and mentioned in the Government Memorandum first cired.

C

2. As regards the building scheme mentioned in the Government Memo. second cited I have called for the urgent remakks of the District Educational Officer, Chingleput. On receipt of his remarks the scheme will be included in the supplementary list if necessary.

D

3. As regards the building schemes mentioned in the Government Memo third cited I may state that it is too late to call for the remarks of the District Educational Officers and it is not possible therefore to include them in the supplementary list called for by Government.

4. In this connection I may state that many building schemes sanctioned by Government for 1948--49 were not completed by Local Bodies and these unfinished building schemes were included in the current year's list. The grant payable in respect of all the building schemes recommended for the current year comes to Rs 5,24,335/- It is doubtful whether the Local Bodies will be able to complete all the schemes in the current year itself.

5. Again for 1950--51 I have included a large number of building schemes under Part II. The total grant payable in respect of these schemes works out to Rs 3,88,152/- In their anxiety to put up buildings the Local Bodies have sent a number of schemes and all these schemes with the exception of a very few have been included in the Part II for 1950--51 and it does not appear desirable to xxxxx enlarge the list when it is doubtful whether the Local bodies will be able to complete them in ti
and claim grant.

..contd.

G. file — No. 6928 S/49 [illegible] [illegible] sent to [illegible] on 12.10.49

6. In this connection I invite the attention of Government to my letter Roc No. 1630 B1/49 dated 7.9.49 If Government pass early orders the delay involved by the Local Bodies in putting up buildings for Elementary Schools can be avoided and the Local Bodies will be able to complete the schemes in time and get the grant with the necessity of allowing the provision to lapse.

Sir,

Sub:--Elementary Education--Aided--Building Grant to Aided Elementary Schools--Provision for under Part II 1950-51--Requested.

75306

A lumpsum provision of Rs.5 lakhs towards the payment of building grant to Aided Elementary Schools during 1949-50 has been made in Government Memorandum 73409-C1/48-12 Education dated 4-5-49 and proposals covering Rs.84,166/- only have been submitted to the Government for approval and sanction in this Office Rc.1359 B2/49 dated 2-7-49. In the above proposals, Schemes that have been approved by me and placed in the approved list of Schemes alone were included on the presumption that these schemes will be completed and received payment before 31-3-50. The rest of the applications for building grant which have not been approved and are under correspondence either with the District Educational Officers or the Joint Consulting Architect to Government have been omitted.

90-91

As there are about 30 such applications and as there is likelihood of placing them in the approved list of Schemes in the near future, I request that they may be treated as Part II Scheme and an amount of Rs.2,00,000/- (Rupees two lakhs) provided for during 1950-51.

The question whether a lump sum should be provided both for aided schools and for local body schools as was done during 1948-49 and 1949-50 or whether ~~to~~ the schemes relating to both should be treated separately each as a Part II scheme has to be considered. Out of all the building proposals for the current year received from the District Educational Officers with reference to Government Memorandum No.73409/48-12. C1. PART II BUDGET 1950-51.

Subject: Grants and subsidies to private mana and local bodies for construction of elementary school buildings.

SUMMARY OF COST. Non-recurring.

Head of Account	Item of expenditure.	Ultimate cost. Rs	Cost in 1950-51. Rs
37.Edn.-1.Primary - Grants to local bodies for Primary Education - A. Local Bodies 1. Ordinary areas - (i) Excluding Post War reconstruction - 5. Buildings and Equipment.	Subsidies and grants for local body and aided elementary school buildings.	4,29,600	4,29,600

		6,29,600	6,29,600

EXPLANATORY NOTE.

A provision of Rs 6 lakhs was made in the Budget Estimate for 1948-49 for subsidies and grants for local body and aided elementary school buildings. The provision was distributed district-war on a population basis at the rates not exceeding Rs 4,000/- for a lower elementary school, and Rs 7,000/- for a higher elementary school. However, only a sum of Rs 2 lakhs out of the provision of Rs 6 lakhs was spent during 1948-49. The remaining sum of Rs 4 lakhs was brought forward to the Budget Estimate for 1949-50 along with an additional provision of Rs 6 lakhs-altogether 10 lakhs. Orders fo the distribution of Rs 6 lakhs out of Rs 10 lakhs have been issued on the same basis as that for 1948-49.

The Director of Public Instruction now proposes that provision may similarly be made in the Budget Estimate for 1950-51 and has submitted proposals for the payment of grants amounting to Rs 2 lakhs to aided agencies and subsidies amount to Rs 4,29,600 to local bodies during 1950-51. The Finance Department sugges that the total provision may be limited to Rs 5 lakhs in view of financial stringency and to avoid a lapse. Orders have been taken in circulation that the full amount may be considered as a Part II scheme.

This Department therefore recommends that a provision of Rs 6,29,600 may be made in the Budget Estimate for 1950-51 as shown in the summary at the top.

I am submitting herewith a list of building schemes(A), the plans and estimates of which have been approved and are likely to be completed before 31-3-51.

PP 43-44 cf

I am also submitting a list of schemes "B" which were re-allotted for payment in 1950-51, but the plans and estimates of which have not yet been approved and are under correspondence. They may not be completed before the close of this financial year 1950-51.

Under the Part II Schemes for 1950-51, there are 111 (hundred and eleven) schemes for which provision has been made in the Budget, but plans and estimates in respect of which are yet to be received for approval. They will not come up for payment before the end of this year. Because of the need for economy of expenditure, I suggest that schemes in list 'B' and those under Part II schemes need not be considered now.

Enclosures : One.

Sir,

Subject :— GRANTS - Elementary Schools - Corporation of Madras - Building Schemes for 1950-51 - Sanction requested.

In my letter E.D.C.No.B.1.1315/50 dated 1-6-50, I requested the D.E.O., Madras in response to his letter R.C.No.205-C1/50 dated 12-5-50 to recommend a Building Grant of Rs.19,000 in 1950-51 to the Corporation of Madras for the following schemes:-

		Estimated cost.	Grant proposed to be claimed.
		Rs.	Rs.
1.	Construction of additional accommodation with 3 class rooms for C.B.S. Cochrane Basin Road.	16,800	4,000
2.	-do- Choolaimedu.	16,800	7,000
3.	-do - with two class rooms for C.B.S. Nungambakkam.	8,700	4,000
4.	-do- C.B.S. Egmore.	8,700	4,000
			19,000

The necessary plans and estimates in regard to the above schemes were also forwarded to him for obtaining the sanction of the Joint Consulting Architect of Government. In reply to my letter, the D.E.O. has written to say in his letter R.C.No.205 C1/29-6-50/(copy enclosed) that the D.P.I. has informed him in his proceedings R.C.1020 B1/50 dated 23-6-50 that the new building schemes suggested by me and recommended by him were not approved by the D.P.I. as he had already prepared a consolidated list and submitted the same to Government for approval.

P.3 [illegible]

The Building schemes of the Corporation recommended by the D.P.I. under Part II schemes for 1950-51 are as follows:-

		Estimate.		Grant.
1. C.B.S. Mir Sahibpet.	Rs.	57,000	Rs.	4,000
2. " George Town.	Rs.	57,500	Rs.	4,000

These two schemes were in the list of eight schemes contained in

p.t.o.

64

Rc. No. 1020 B1/50

DIRECTOR OF PUBLIC INSTRUCTION

MADRAS

in the first grant application of the Corporation submitted in the year 1948-49 but they had to be left out as specified in my letter to Government E.D.C.No.B1-2591/48 dated 21-10-48. As the estimates in respect of these works were prepared in the year 1945-46 and as the cost involved in the execution of these works on the basis of the current year's rates would be far higher and as the present financial position of the Corporation does not permit of such major building schemes being taken up for execution without obtaining special loans for these purposes and in view of the remote possibility of completing these major works before the stipulated time (1-2-1951) in order to become eligible for grant, it was decided that these two building schemes should be deferred and the following works should be taken up and a building grant of Rs.19,000/-should be claimed.

		Estimated cost. Rs.	Grant proposed to be claimed. Rs.
1.	Construction of additional accommodation with 3 class rooms for C.B.S.Cochrane Basin Road.	16,800	4,000 ✓
2.	-do- Choolaimedu.	16,800	7,000 ✓
3.	-do- with two class rooms for C.B.S.Nungambakkam.	8,700	4,000 ✓
4.	-do- C.B.S. Egmore.	8,700	4,000
		Rs.	19,000

As the Corporation is in urgent need of help by way of grants and as the D.P.I's objection seems to be merely technical, I request that Government may be pleased to sanction atleast as a special case a building grant of Rs.19,000/-in favour of the Corporation in 1950-51. The necessary applications have already been forwarded to the Director of Public Instruction, Madras, through the District Educational Officer, Madras.

The building schemes recommended in my letters Rc.669 B1/50 dated 13/6/50 and 18/7/50 were either approved in G.O.No.3004 Education dated 26/9/49 or reallotted for 1950-51 in subsequent orders, or were recommended as part II schemes of 1950-51, and the preliminaries like the approval of the plans and estimates are over and they are ready for execution.

The four new grant-in-aid works referred to could not be recommended as the plans and estimates of them have yet to be approved by ~~xxxx~~ me in consultation with the Joint Consulting Architect to Government. However there is no objection for the approval of these schemes by Government, provided the Commissioner, Corporation of Madras, undertakes to complete them before the stipulated time i.e., before 1-2-1951.

page 23 c.f.
pages 25-27 c.f.

In his letters at pages 9, 11, 17, 19, 21, 23 and 25-27 c.f., the D.P.I. has proposed that a sum of Rs. 2,00,000/- and another sum of Rs. 4,25,600/- may be included in Part II of the B.E. for 1950-51 for payment of grants and subsidies to aided agencies and local bodies during 1950-51 for construction of ~~element~~ buildings for the elementary schools run by the aided agencies and local bodies respectively.

2. During the years prior to 1948-49, only a list of building schemes which were ready to be taken up ~~early in the~~ for execution early in the next financial year used to be sub'd by the D.P.I. and the necessary provision included in Part II for payment of grants and subsidies for the schemes approved by the Govt. But during 1948-49 and 1949-50, lump sums were provided in Part II of the Budget and proposals for utilisation of the provision were called for after the Budget was passed, and then considered and sanctioned – vide G.O.'s No. 3156, Edn., dated 10.12.1948 and No. 3004, Edn., dated 26.9.1949. The provision was distributed district-war on population basis and the actual disbursement was ~~subject~~ on the basis of half the actual cost subject to a maximum of Rs. 7,000/- for a Higher Ele. School and cost of Rs. 4,000/- for a lower elementary school. The lump sum so provided in 1948-49 was Rs.6 lakhs, but only an amount of Rs. 2 lakhs could be utilised in that year. With the balance of Rs. 4 lakhs carried over to 1949-50, the total sum provided in 1949-50 was Rs. 10 lakhs. This also could not be utilised in full. Orders for the distribution of about Rs. 6 lakhs only have so far been issued. Any large sums

~~sums~~ are not likely to be spent hereafter in addition to the 6 lakhs mentioned above.

3. The total provision now suggested by the D.P.I. for 1950-51 amounts to Rs. 6,25,600/-. This is ~~not~~ on the basis ~~that~~ of the maximum limits mentioned at 'A' overleaf. Attention is, in this connection, invited to the minute of the former H.M. (Edn.) at 'A' on page 283 of ① and the notes of this Dept. at 'B' on page 298 of ①. The question of raising the maximum limits may be considered now. In G.O. No. 2930, Edn., dated 20.9.1949, the maximum limits for basic schools have been raised to Rs. 9,000/- for junior basic schools and Rs. 15,000/- for senior basic schools. These higher limits may be adopted in respect of non-basic schools also — Rs. 9,000/- for lower el. schools and Rs. 15,000/- for h. e. schools. It is perhaps too late and may not also be convenient, to adopt the increased maxima for the ~~current~~ grants and subsidies to be disbursed during the current year. They may be adopted for those to be disbursed during 1950-51. For this, the provision suggested by the D.P.I. will have to be considerably increased. If Fin. agree, a revised estimate on the basis of the enhanced maxima will be called for from the D.P.I. and incorporated in the Part II Scheme note.

4. Subject to orders, the remarks of Fin. may be invited to.

Part II Scheme for 1950-51.

Grants and subsidies to private managements and local bodies for the construction of buildings for Elementary Schools.

E.&.P.H. recommend that a provision of Rs 6,29,600 may be included in Part II of the Budget for 1950-51 for payment of grants and subsidies to private managements and local bodies during 1950-51 for the construction of buildings for the Elementary schools run by them.

54A

9

The provision for these grants is made every year after treating the expenditure as a Part II Scheme and the criteria laid down for the consideration of Part II Schemes for 1950-51 need not be applied strictly in this case.

The provision made in the current year's budget for this purpose is Rs 10 lakhs. Of this, orders for the distribution of about Rs 6 lakhs only have so far been issued and ~~that~~ it is expected that no further amount will be spent in the current year. With a view to avoid similar lapses and in view of the present financial stringency, Finance may suggest that the provision to be made in ~~the~~ Part II of the Budget for next year on this account may be reduced to Rs 5 lakhs. (The question of increasing the maximum grant for ~~basic~~ non-basic schools need not be considered in this connection.) ~~Orders~~

E.&.P.H. may prepare the necessary Part II Scheme Note after obtaining orders in circulation including H.M. (Finance).

Notes from page 1 ante may be read. The file may now be circulated to H.M. (E & L.) and H.M. (Finance) for orders:-

(i) whether a provision of only Rs. 5 lakhs, as advised by Finance, may be ~~made~~ proposed in the B.E. for 1950-51, and, if so, whether the provision may be split up as Rs. 1½ lakhs for aided agencies and Rs. 3½ lakhs for local bodies;

and (ii) whether the scheme may go forward as Part II.

2. Orders of H.M. (E & L.) may also be taken in this connection whether the maximum grants for (non-basic) higher elementary and lower elementary schools

schools may remain at Rs. 7,000/- and Rs. 4,000/- respectively, as at present – vide the note in para. 3 on page 2 ante, Secy. note on the same page and Finance note at 'P' on page 3 ante.

25/11/49 S

There is no danger of the provision remaining unspent, as the D.P.I. this year has not proposed a blanket provision, but specific schemes which have been approved. Also if 6 lakhs could be spent this year, there is no reason why 6.2 lakhs should not be spent next year, even without considering the reconstruction necessary in Malabar. May agree to the DPI's proposal for Rs 629600/-

The Director has submitted the revised lists of building schemes for the disbursement of the allotment during 1950-51 in two categories A and B viz. Schemes for which plans and estimates have already been approved & those for which the approval of plans and estimates is under consideration ~~separately~~ respectively. The list relating to ~~private~~ aided institutions will be found on p73 c.f. and that relating to local bodies will be found on pp 39-43 c.f., pp51-53 c.f. and p59 c.f. The building schemes relating to the Corporation of Madras will be found on p63 c.f. The Director has suggested that in view of the need for economy of expenditure, it would suffice if category 'A' referred to above is alone considered this year. This Department may accept the Director's suggestion. p37 c.f.

As for the four building schemes relating to the Corporation of Madras mentioned at p63 c.f., plans and estimates have not been approved. The Director has no objection to consider these schemes in the current year provided the Council, Corporation of Madras undertakes to complete them before 1-2-1951. (Since the Director has no objection,) the required grant may be ~~(sanctioned)~~ provisional ~~provided~~. ~~and the Council asked to complete the construction within the allotted~~ p67 c.f.

Sub: Loans and Grants - Cannanore Municipal Council - Acquisition of Puthiya Peedika School building and land appurtenant to it - Valuation statement Information - Furnished.

Ref: i) Letter Rc.No.1848.B4/49, dated 5-1-51 of the Director.
ii) My Letter No.B.1.7562/49 dated 21-1-51
iii) Council Resolution No.3 dated 12-2-51.

..

The valuation statement of the Municipal Puthiya Peedika school building and site applied for from the Public Works Department has not yet been received. But it is understood that the valuation as furnished by the Department is about Rs.57,400/-. As the total amount available for the acquisition of the school building and site is Rs.18,000/-only (i.e.) Loan of Rs.11,000/- and grant of Rs.7,000/- and as the council is not in a position to meet the balance amount of Rs.39,400/- required for the acquisition from its own funds, the Municipal Council when considering the Budget Estimate for the year 1951-52 has resolved to abandon for the present the proposal to acquire the school building and site, and to surrender the grant of Rs.7,000/- sanctioned in G.O.No.2991 Edn. dated 6.11.50. But in regard to the loan of Rs.11,000/- sanctioned in G.O.Ms.No. 2355 Education dated 23.8.50 the council has requested the Government to re-allot it for the acquisition of a site for the trenching ground on the same conditions laid down in para 2 of the said G.O. The orders of the Government in the matter are awaited. A copy of the council's resolution No.3 dated 12-2-51 in the matter together with my note to the council are enclosed.

In the circumstances stated above, the question of acquiring the school building and site is dropped for the present.

Resolution No.3.

Pdl. 64/50. Revised Estimate for 1950-51 and the Budget Estimate for 1951-52 of this council and proceedings dated 22-1-51 of the Budget Committee.

*** *** ***

In view of the fact that the acquisition of the P.P.H.E. school will cost nearly Rs.57,400/- ~~since~~ and since the total amount available for the purpose is Rs.18,000/- (Rs.11,000/- loan and Rs. 7,000/- grant) the council has no other alternative than to abandon the proposal as it is not in a position to provide from its funds, the balance amount of Rs.39,400/-. The council therefore resolves to surrender the grant of Rs.7,000/- sanctioned in G.O.No.2991 Education dated 6-11-50 but in regard to the loan of Rs.11,000 sanctioned in G.O.Ms.No.2355 Education dated 23-8-50 the council requests that it may be realloted for acquiring a site for the trenching ground so as to take up the manufacture of compost on a systematic and comprehensive basis as repeatedly urged by the Government.

Commissioner's note dated 17-1-51 for the council.

The council has to be appraised of the situation and a decision taken. Including the grant of Rs.7,000/- sanctioned the total amount available for the acquisition of the Puthiya Peedika school building is Rs.18,000/- (11,000/- loan and Rs.7,000/- grant). The balance that has yet to be found is about Rs.39,400/-. The council will not be in a position to find out this balance amount and further it is for consideration if an Elementary School building is to be acquired at such a large outlay. Hence the only alternative available is to surrender the loan and grant.

But the council is now on the move for the acquisition of a site for the trenching ground. A sum of Rs.12,000/- may be required for the acquisition etc. If the council agrees, the Government may be requested to divert this loan amount and sanction it as a loan for the trenching ground acquisition.

Commissioner.
