EDUCATION DEPARTMENT.

From

The Director of Public Instruction,
Madras.

The Secretary to Government,
Education Department, M A D R A S.

Sir,

RC.NO.1348 K2/47 dated 4-10-1950.

Sub:-Colleges-Queen Marys College, Madras-Conduct of
B.Sc.(Home Science) Course-Appointment of additional
staff.

In connection with the opening of Nutrition Department for the B.Sc.(Home Science) course in the Queen Marys College, Madras, Government sanctioned the employment of one Lecturer in Nutrition (in the Madras Educational Service) and one Demonstrator with effect from the academic year 1949-50. Vide G.O.No.1075 Education dated 9-4-49. But the University has stipulated the employment of an additional member on the staff of Nutrition Department in the cadre of Assistant Lecturers with effect from the current academic year. As according to the usual calculation of the hours of work in the Department there did not appear to be sufficient justification for an additional member on the staff, I asked the University to consider whether it would suffice if the post of Demonstrator were concerned into that of Assistant Lecturer. The Syndicate considered this question and resolved that in view of the work involved in the Nutrition section including the practical classes and Animal Experiments it is necessary to have an Assistant Lecturer as well as a Demonstrator and that, in such highly specialised branches of study, it is not possible to complete the work of the department in terms of lecture hours and demonstrations. It was also pointed out to the University that a proper animal House would not be ready in the current year as no provision exists in the Minor Works Budget in the current year for this work. The University was also asked to consider whether it would not be sufficient if the proposed Assistant Lecturer was made available after the Animal House was got ready. The University have again insisted on the appointment of the Assistant Lecturer immediately. In the circumstances, I request sanction for the employment of an Assistant Lecturer in Nutrition in the Queen Marys College, Madras, with effect from the current academic year. I am including the necessary provision in the Minor works Budget for 1951-52 for the construction of a new animal house.

I request the favour of very early orders sanctioning the post.

Yours faithfully,

M. Sundaram

For Director of Public Instruction.
