(Designation) Commissioner for Government Examinations,
M A D R A S.

Secretary to Government,
Education Department,
Fort St. George,
M a d r a s.

Sir,

Ref: D.O. letter, dated 16-10-'50, from the Superintendent,
Government Press, Madras.

The Superintendent, Government Press, Madras, informs me that the nominal rolls and the mark books relating to the S.S.L.C. Examination of March 1951 may be got printed at private presses owing to extreme pressure and heavy arrears of work at the Government Press. The nominal roll and mark books of the October examination were got printed at three private presses as per the G.O.Ms. No. 2220 Edn., dated 7-8-'50. The number of candidates for the October examination was a little above 23,000. The three private printers who were entrusted with the work completed the work with great difficulty. They used to send a few pages of the proof daily and got them corrected then and there. They were not able to set up the whole matter and send proof for approval in big instalments for want of printing facilities such as types, etc.

About 80,000 candidates are expected to appear at the ensuing March examination. If the printing of the nominal roll and mark books is to be entrusted to the private presses as suggested by the Superintendent, Government Press, it is highly doubtful whether any press will be able to undertake the work and even if undertaken, to execute the work properly and in time. The manuscript copies of the nominal roll are being received from the schools and they have to be sent to the press in batches from the last week of this month. The proof of the entire nominal roll of about 80,000 names should be sent by the press to this office by the 10th December 1950 for being sent to the schools for correction. The last date for the return of the proof after scrutiny by the high schools is 10th January, 1951. This procedure for the scrutiny of the proof has to be followed to correct the mistakes or omissions in the manuscript copies of the nominal roll and to include in the nominal roll only the names of those candidates who are eligible to appear for the examination. Private Presses will not be able to undertake this huge work even if divided among several presses.

I therefore request that the Superintendent, Government Press may be directed to undertake the entire work as usual. If the work is to be done in private presses, I am afraid, the nominal roll will not be ready in time. In this connection, I invite attention to G.O.Ms. No.1069 Edn., dated 1-4-'50 in which the Superintendent, Government Press was directed to print the nominal roll of all examinations in the Government Press itself giving priority to this work. The Government may therefore be pleased to issue immediate orders directing the Government Press to do this work in consideration of economy and efficiency of work.

The matter may be kindly treated as very urgent.

P.K. Anganayalath

 reply)

Government Press,

Edt.No.G.F.144823 dated 13th November 1950.

The various examinations conducted by the Commissioner for Government Examinations come off annually during March and April and the printing of the Nominal lists and Mark books for all these examinations have to be rushed through almost simultaneously. The number of candidates appearing for each examination is increasing enormously year after year and it is stated by the Commissioner in his letter under reference that about 80,000 candidates are expected to appear for the ensuing March S.S.L.C. Examination. As the form of printing to be adopted for the Nominal lists and Mark books are different from each other separate operations have to be carried out in printing them. The S.S.L.C. lists comprise of eight bulky volumes for pupil candidates each covering more than

During past years for expediting the printing of these lists and bring them out in good time before the examinations are held, all the departments in the Press had to be completely engaged in this work with the result that other work of greater importance which require to be given high priority and also normal routine work of the various departments of the Government had to suffer and inordinate delays in their progress in printing have occurred resulting in series of complaints.

In view of the circumstances explained in the foregoing paragraph and due to inadequate staffs and materials to cope with the huge increase in work and to avoid the delay by getting the lists printed at the Government Press, I have to address the Secretary to the Commissioner for Government Examinations in my D.O.No.G.F. dated 16-10-1950 to arrange for the printing of the nominal lists and mark books at sufficiently large number of private press in the city so that the work may be got done in time without adversely affecting the other urgent and important works of the various departments of the Government now being done at the Press. I request that my suggestion given above may kindly be approved.

Madras,
 13-11-1950.

The Secretary to Government,
 Education Department,
 Fort St. George,
 Madras.

Sir,

In inviting your attention to my letter R.C. No. 823 B/50 dated 24-10-1950, I submit that the Nominal Rolls received from the eight hundred and odd schools in this State have to be printed before the middle of December next so as to admit of the proofs of the same being distributed to the schools concerned for necessary correction such as deletion of the names of pupils who have left the school or insertion of the names of pupils who have joined the school subsequently. These proofs have to be returned to me on or before 10-1-1951.

As there is hardly sufficient time for printing these lists, I request that early orders of Government on my reference may be kindly obtained and communicated to me.

S.S.L.C. Exam - March 1951 - Printing of nominal roll and mark books.

From the C. of E. R.C. No. 823-B/50 d 24/10/50.
From the S. of P. Endt. No. of 144823 d 13/11/50.

In the letter on p 1 of, the Commissioner for Govt. Exams reports that the S. of P. has requested him to entrust the printing of the nominal rolls and mark books relating to the S.S.L.C. Exam of March 51 at private presses, due to heavy pressure and arrears of work at the Govt. Press. The Commissioner states that about 80,000 S.S.L.C. Candidates are expected to appear for the examination in March 1951 and that private presses may not be able to undertake this huge work and do it properly and in time, due to lack of printing facilities. As this work is usually done in the Govt. Press, the Commissioner suggests that the S. of P. may be asked to undertake the entire work in consideration of economy and efficiency.

The S. of P. who was consulted in the matter has forwarded his remarks vide pp 2 & 3 of. The Supt. states that the printing of nominal rolls and mark books of the Exams involve much labour and are also voluminous in as much as all the depts. in the Press have to be completely engaged for completing this work in time, as a result of which other more important items of work requiring high priority suffer inordinate delays. The Supt. has added that he made the suggestion to the

14

work. The Commissioner for Govt. Exams reports that the S. of P. has requested him to entrust the printing of the nominal rolls and mark books relating to the S.S.L.C. Exam of March 51 at private presses, due to heavy pressure and arrears of work at the Govt. Press. The Commissioner states that about 80,000 S.S.L.C. Candidates are expected to appear for the examination in March 1951 and that private presses may not be able to undertake this huge work and do it properly and in time, due to lack of printing facilities. As this work is usually done in the Govt. Press, the Commissioner suggests that the S. of P. may be asked to undertake the entire work in consideration of economy and efficiency.

C. G. E. To get this work done outside, also due to inadequate staff and materials to cope with the enormous work and to avoid delay in getting it printed in the Govt. Press, ^{he requests} that his suggestion ~~on the~~ ^{may be} approved.

It may be stated in this connection that the S. G. P. proposed in ¹⁹⁴⁷ (V) March 1950 that the printing of nominal lists of all the examinations may be got done at private presses. The Govt. did not however accept his suggestion vide ^{para 10} (V) 1962 Edu d 1.4.50.

In the circumstances it is for orders whether (1) the C. G. E. may be asked to arrange for the printing of the nominal lists and mark books at sufficiently large number of private presses in the City, or (2) whether the S. G. P. may be asked to undertake the entire work, giving priority in consideration of economy and efficiency.

For orders as to Circulation.

The C. G. E. has already clearly explained the difficulty involved in getting the printing work done in private presses. Please see para 2 of his letter on p 1 of this is the most important of the Govt. Examinations - The number of candidates is so high (about 20000) that the C. G. E. should not have to do his distribution work to the several private presses - further, the some uniformity in

in the printing of these forms will also be necessary -

A/ The S. G. P. may be asked to put up by less urgent work & attend to this urgently

Sir,

Pickd (V)

I invite your attention to my letter R.O.C.No.823-B/50, dated 24-10-50. As stated in my letter quoted above, the manuscripts of Nominal Lists relating to 860 complete High Schools presenting pupils for the S.S.L.C. Public Examination of March 1951 are ready in my office for transmission to the press for printing. The proofs of these lists have to be got ready by the middle of December next so that I can send them to the schools concerned for necessary corrections, additions or deletions in the names of candidates. These proofs should be returned to my office on or before 10-1-1951 along with fee receipt, etc.

There is hardly sufficient time for printing these lists. I request you to be so good as to obtain orders of Government on this and communicate the same to me urgently.

Grdms in the above subject were since issued in 250. (145) 3114 edu d 22/11/50. This may be filed with the above at (V)
