The present teacher is feeling it very difficult to teach all the five standards in all the subjects. He could not also spare much time to contact the parents of the school going children and to get more children into the school. The population of the Lammasingi group villages is 1291. The number of school-going age children in the group villages is 80. If an additional teacher is sanctioned, the strength of the school can be improved and the school can be run efficiently. I therefore request you to obtain the sanction of the Government for the employment of an additional Higher Grade Teacher in the school, Lammasingi, P.T.O.
