No.505/PS/49 Dated New Delhi, the 13th Oct., 1949.

To

The Secretary to the Govt. of Madras,
Education and Public Health Department,
Madras

16 OCT 1949

Subject:- Indigenous paper requirements for 1950-51.

Sir,

I write to request you kindly to furnish this office with an estimate in the attached form of your paper requirements for the next financial year 1950-51 i.e. from 1st April, 1950 to 31st March 1951. The varieties of paper may kindly be restricted to those listed in the form. With the exception of item 23 the total tonnage (fraction should be avoided) required should be stated against each variety. Information in respect of number of reams, weight, size, etc., is not required. Quantities for item 23 should be stated in 'Rolls'. Width of roll should also be stated.

80316

2. The estimate referred to above should comprise your total requirements which can be foreseen at present including those of any private contractors requiring paper for the execution of orders placed on them by you or your subordinate offices etc. (but should exclude your office requirements which will continue to be provisioned for by the Govt. of India Stationery Office, Calcutta, as heretofore).

3. The paper supply position in the country is still far from satisfactory and therefore, your estimate should be restricted to the barest minimum. Requirements of the local bodies within your jurisdiction may be included in your estimate as per this office letter No.114/WPS/47 dated 13th March, 1947.

4. As regards item 22 (special varieties) complete details including quantities of the varieties of paper required should be given, explaining why no other variety included in the list can be used as a suitable substitute.

(5. A list of states which have merged or integrated may please be forwarded with the estimate).

6. The information asked for above may please be furnished in a complete and consolidated form by the 10th of November 1949 at the latest.

Yours faithfully,

Shambu R

Shambu Ram
for Controller of Printing and Stationery, India

Copy, together with a copy of the form referred to above, forwarded to the Ministry of States with the request that the various Indian States (which neither merged into the provinces nor integrated with the Unions or have been taken over by the Centre) may be asked to furnish their requirements of paper for 1950-51 on the lines indicated in the foregoing letter by the 10th November 1949 positively.

2. The requirements of railways, if any, owned and managed by the states may also be included in the estimate.

I enclose herewith a statement 'A' showing the estimate of requirements of indegenous paper of the various departments of Government of Madras for 1950-51. In preparing the estimate, the increased commitment in the use of paper during the current year and possible further increase during 1950-51, the needs of various rationing schemes and the needs of the publicity Department have been taken into account.

I also enclose a statement 'B' showing the stock as stood on 1/10/49 of different varieties of paper intended for Co-operative Institutions. This stock may kindly be taken into consideration, when indenting for paper for Co-operative Institutions for the year 1950-51.

Explanatary remarks for statement 'A'.

Imitation Art, Typewriting, Duplicating, Blotting, Pulp boards and special varieties may kindly be allotted to Messrs Titaghur Paper Mills Ltd., Calcutta for supply.

The special varieties (item 22) indented for cannot be susbstituted by any other varieties, as they are intended for specific purposes.

In this connection, it is submitted for consideration that the maximum quantity of paper which the Andhra Paper Mills can manufacture and supply, may be allotted to that Mill. The Director of Industries and Commerce, Madras has been addressed on the various varieties of paper produced in this Mill and on the feasibility to supply them within a specified period. His reply is awaited.

Subject:-Indigenous paper requirements for 1950-51.

Ref:-Your letter No.80316C2/49 Edn., dated 12.11.49.

P=1

Sir,

Your estimate for the next year has been ~~xrixx~~ pitched very high as compared to the current year. On the basis of the consumption from 1.4.49 to 30.9.49 your requirements come to 2594 tons only. This is inclusive of 530 tons consumed for the preparation of electoral rolls. Excluding this figure the total annual requirements come to 2064 tons only.

(B) G.A.

2. As the paper position is still far from satisfactory and keeping in view your current year's allocation, it is proposed to make a provision of 2,000 tons for the next year.

3. If, however, any emergency arises the position will be reviewed in September 1950 and if considered necessary additional allocation will be granted, if possible. You may kindly furnish the breakdown for 2,000 tons immediately.

4. Explanatory remarks given by the Superintendent of Stationery, Madras, for allocation, have been noted and efforts will be made to comply with the request as far as possible.

EDUCATION AND PUBLIC HEALTH DEPT.

Sir,

Sub: Stationery - indegenous paper - requirements for 1950-51 - details - furnished -

Ref: 1) Government memorandum No.80316/C2/49-1 Education dated 22/10/49 communicating a copy of letter No.505/PS/49 dated 13/10/49 from the Controller of Printing and Stationery, New Delhi. p-19
2) Government memorandum No.80316/C2/49-14 Education dated 13/1/50. p-65 (p31)

The allotment of 2000 tons of indegeneous paper proposed by the Controller of Printing and Stationery, New Delhi would be quite insufficient to meet the requirementsof Madras Government including local Bodies, Co-operative Institutions and Messrs Hoe & Co., Madras for 1950-51. A detailed report justifying an incfease in allotment of paper will be sent in due course, after further particulars promised in Government memorandum No.80312-C2/49-13 Education dated 4/1/50 are received. However, in view of the urgency and in view of the assurance given by the Controller that additional allotment willbe granted in September 1950, the provisional allotment of 2,000 tons of paper may be accepted and it may be arranged to be made in the manner indicated below:-

Office Memorandum

ELECTIONS - New Constitution - Electoral rolls - Preparation - Lists of amendments and ballot paper - Printing - Requirements of paper.

4723

...

About 750 tons of printing paper were imported from overseas for printing the draft electoral rolls on the basis of adult suffrage under the New Constitution. As this stock was exhausted soon, considerable additional supply of paper had to be made to the presses from the stock with the Superintendent of Stationery. After the draft rolls are published as the preliminary rolls under the New Electoral Law and after the hearing of claims and objections is over, lists of additions to, and corrections in and omissions from, the preliminary rolls, will have to be prepared probably about the middle of this year and as many copies of these lists should be printed as there are copies of the rolls. Paper will be required for printing these lists, but it is not possible to estimate accurately now the quantity of paper required for this purpose as it depends on the number of additions to, corrections in and omissions from, the names in the preliminary rolls which cannot be foreseen at present. Paper will also be required for printing the ballot papers etc., in connection with the conduct of the general elections early in 1951. The Government consider that it would be advisable to lay by a certain amount of buffer stock of printing paper now to serve these foreseen and any other unforeseen needs in the matter and that the buffer stock may be about 200 tons of printing paper, if adequate storage accommodation is available.

p.t.o.

2. The Superintendent of Stationery is requested to offer his remarks in the matter urgently. He is also requested to say whether he can find this quantity of paper from his stock or whether this quantity may be included in the annual indent for 1950-51 on the Controller of Stationery and Printing, as a very special case. His attention is in this connection ~~vi~~ invited to Government Memo.No. 80316-C.2/49-10, Education, dated 20th December 1949.

Elections - New Constitution - Electoral rolls - preparation - Lists of amendments and ballot paper - printing - requirements of paper -
Ref: Government (Public Elections Department) Memo No.121/50-2 dated 16/1/50.

71 ante

The normal consumption of paper for use other than for election work for the period from 1/4/49 to 31/12/49 is about 1670 tons. Based on this figure the anticipated requirements of paper for 1950-51 will be about 2200 tons. As the Controller of Printing and Stationery has allotted only 2000 tons of paper for 1950-51, it will not be possible to utilise from this stock the paper required for election work viz., for printing preliminery rolls, ballot papers etc. The stock at the end of March 1950 and together with the supplies of 1950-51 will just help to meet the normal requirements of 1950-51. I therefore request that the Controller may be addressed for including the 200 tons of Printing paper in the annual indent for 1950-51.

2. Accomodation can be found to stock the additional quantity as the supply will be received in instalments throughout the official year~~s~~.

Sir,

Indigenous paper - Government of Madras - Requirements for 1950-51.

In continuation of this Department's letter No. 20316 C2/49-15, dated 31st January 1950, I am directed to state that as paper will also be required for printing the ballot papers, etc. in connection with the conduct of general elections early in 1951, it is quite necessary to lay by a certain amount of buffer stock of printing paper to serve these foreseen and other unforeseen needs in the matter, namely about 200 tons of paper. In view of the limited provisional allotment made by you for this Government, namely 2000 tons of paper for 1950-51, it is not possible to utilise from this stock the paper required for election work. I therefore request that 200 tons of printing paper for election work may be included in the annual indent of this Government for 1950-51. This additional supply is essential for election purposes.

In this office reference D.Dis.2267/50 dated 31/1/50 to the Public (Elections Department) a copy of which was also sent to E & P.H. Department it was already reported that it will not be possible to utilise from the allocation for 1950-51 the paper required for election work. As supply orders are placed with the Mills for 25% of the total allocation once in a quarter, it will not also be possible to accomodate the requirements of paper for election purposes within the quantity allocated. Due to shortage of paper local purchase of paper had to be made at high costs. In the above circumstances, the Controller of Printing and Stationery may be asked to allot 200 tons of paper separately for election purposes as they are quite essential.

P.T.O

The Controller of Printing and Stationery may also be reminded for the allotment of 340 tons of paper required for Local Bodies, Messrs Hoe &Co., and the Co-operative Institutions.

No.B.8.37976/50 dated 26-10-50.

Sir,

Sub: Indigenous paper. - Government of Madras - Requirements for 1950-51 - Additional Allotment - requested.

Ref: Govt.Memo.No.80316.E/50-28 Edn., dated 10-10-50 and telephone message dated 25-10-50.

Out of 2,500 tons of bleached and unbleached paper asked for in this office letter B.8.29823/49 dated 10-11-49, the Paper Directorate have alloted only 1640 tons plus 370 Tons i.e. 2010 Tons.

The actual issue from 1-4-50 up-to-date is 1075 Tons nearly and this includes 150 Tons issued for Election purposes. Probable requirements for the next half year would be 925 Tons (1075-150). Hence, the total requirements for 1950-51 is 2462 Tons including the reserve stock of 462 Tons ($\frac{925 \times 2}{4}$ = 462.5). The reserve stock is absolutely necessary to meet unforseen demands.

The quantity available for disposal for the year 50-51 is 2217 Tons only as detailed below:

Stock on hand	...	88	Tons.
Stock due from the Mills	...	483	"
Orders to be placed ~~account~~ according to allocation	...	571	"
Quantity already consumed	...	1075	"
		2217	Tons.

Hence, I request that the Paper Directorate may be addressed to allocate 250 tons of bleached and unbleached paper additionally.

p 29 cf

The Controller of Printing & Stationery has stated with reference to the indent for requirements of paper for Govt. depts & others, that as the paper position is still far from satisfacing and keeping in view the current year's ~~requirements~~ allocation, it is proposed to make a provision of 2000 tons for the next year. He also states that, if however any emergency arises the position will be reviewed in Septr. 1950 and if considered necessary additional allocation will be granted; if possible. He requests to furnish the breakdown for 2000 tons. p. 29 c.f.

2 This matter was referred to the Supdt. of Sty. He has reviewed the requirements of paper for Govt. depts, Corpn. ~~[illegible]~~ Instns. & Local Bodies & Messrs Hoe except the requirements of Panchayat Board which have not yet been received. The Supdt. of Sty. states that in view of the urgency and in view of the assurance given by the Controller that additional allotment of will be granted in Septr. 1950, the provisional allotment of 2000 tons of paper may be accepted ~~[illegible]~~ it may be arranged to be made in the manner indicated at M on p. 69 c.f. The Supdt. however states that the proposed allotment of 2000 tons will be quite insufficient to meet the requirements of Madras Govt (including local bodies, Corpn. Instns. & Messrs Hoe & co for 1950-51 & a detailed report justifying an increase in allotment of paper will be sent in due course after further particulars re the needs of the Panchayat Boards. p. 69 c.f. p. 69 c.f.

3 It may be noted in this connection that the Pub (Election) deptt. requires 200 tons of printing paper for election purposes. & the Supdt. of Sty. has been separately asked to say whether he pp. 71-72 c.f.

can find the quantity of paper from his stock or whether this quantity may be included in the paper requirements of this Govt. for 1950-51 as a special case. This reference was issued only on the 18th & the Supdt. would not have taken this additional allotment into consideration when he sent his reply on p. 69 c.f. As the ~~G~~ Controller requires a reply by the 20th, it is for orders whether he may be informed by wire as in the draft below pending a detailed reply. Subject to approval, a draft telegram is submitted.

Public (Elections) deptt.

With reference to the letter sent by this Govt. to the Controller of Printg and stationery ~~and Printing~~ asking him to make an addl. allotment of 200 tons over and above the quota allotted to this State, viz. 2000 tons, ~~for~~ of paper, for printing ballot papers etc., please see the reply of the Controller of Printing and Stationery on p. 101 c.f. The Supdt. of Stationery has already stated that it will not be possible to utilise from the allotment of 2,000 tons, the paper required for election work, ~~viz., printing of lists of amendments to electoral rolls, ballot papers etc.~~ The Controller has however stated that the position will be reviewed in September 1950 and additional quota made to this Govt. if found necessary. It is therefore presumed that the Supdt. of Stationery will accommodate the requirements of paper for election purposes from the quota allotted for 1950-51 to this State and take action in time to place an indent with the Controller of Printing and Stationery for additional allotment if considered necessary.
