EDUCATION DEPARTMENT.

From

The Director of Public Instruction,
Madras.

The Secretary to Government,
Education Department, Madras.

R.O.C.No. 566 D2/50 dated 21-9-1950

Sir,

SUB: Grant--Building--Removal and re-erection of
gas plant-- Ethiraj College for Women,
Madras--application for grant.

The Correspondent, Ethiraj College for women,
Royapettah has applied for building grant for dismantling the
gas plant of the College and re-erecting it in the premises of
the "Victoria Buildings" to which the college is proposed
to be shifted. The estimated cost of the work is Rs.5000/-
The Correspondent seeks a half grant not exceeding Rs. 2500/-
A copy of her letter dated 11-9-1950 is enclosed.

2. The gas plant in the present premises of the
college is the property of Government . It forms part of the
equipment lent to the College for a period of three years from
1948-49. The period of loan will expire at the end of the
current academic year.

3. In view of the impending shifting of the
College to the "Victoria Buildings" the management have applied
to Government for permission to take with them the equipment
of the College. I have recommended this request on condition
that the furniture and other equipment are returned to
Government after the College closes for the summer vacation in
April 1951. Even if the permission asked for is granted,
the Correspondent may not be permitted to remove the gas
plant to the new building for the following reasons:-

(i) The gas plant is not an item of movable
equipment but is a semi-permanent fixture.

(ii) As the plant will have to be given back to
Government at the end of this year, the management to provide
the College eventually with its own gas plant and it is better
to do so now itself so that the expenditure on dismantling and
re-erecting the plant twice may be avoided.

(iii) The serviceability of the plant will be
impaired by dismantling and re-assembling more than once.
It is necessary to keep it intact in the present building as
it may be required for the use of the Government Secondary
Grade College for women proposed to be started from 1951-52 with
groups (i) and (ii)

4. In the circumstances explained above, I do not
support the application for building grant and I recommend
that the management of the Ethiraj College be not permitted
to remove the gas plant and that they be advised to make their
own arrangements to provide the College with a gas plant in its
new premises .

Yours faithfully

For Director of Public Instruction

ptv 21/9

Copy of the letter dated 11-9-1950 from the Principal,
Ethiraj College for women, Royapettah, Madras, To the
Director of Public Instruction, Madras.

I write to inform you that as Government have asked us to shift our college to the Victoria Crescent building as soon as possible, we shall have to construct a concrete well to hold a gas plant and to remove and fix the existing gas plant in the compound of the new premises. For this purpose I am submitting an application for building grant under chapter VIII of Rule 53 of the Grant-in-aid Code. I request that this scheme which cost Rs.5000/- may be specially sanctioned by the Director of Public Instruction and placed on the list of the urgent schemes for this quarter.

Grant - Building - Removal and re-erection of the gas plant
 Ethiraj College for Women, Madras - Application for grant -
 Not sanctioned. *Complied with - Request*

C.No.29297/50-F.

From the D.P.I. R.O.C.No.566 D8/50 dated 21.9.50.

ORDER/MS.NO. 3156 EDN. DATED 28.11.50.

The Director's
 recommendation
 in his
 letter cited
 above is
 accepted -
 The management
 of the Ethiraj
 College for
 Women may
 be informed
 accordingly:

16/10/50

17/11

The management of the Ethiraj College for Women, Madras, have applied for a grant for Rs. 2500/- for the dismantling of the gas plant in the existing premises of the College at Royapettah, Madras, and for re-erecting it in the new premises at the Victoria Crescent, Egmore, Madras, at an estimated cost of Rs. 5000/-. While the Govt. ~~are prepared to permit~~ ^{have permitted} the management to ~~use~~ ^{shift} the furniture and other equipment of the College belonging to the Govt. ~~to the new premises~~ ^{to the new premises} ~~on condition~~ ^{on condition} of their ~~return~~ ^{return} by the management, the Govt. regret their inability to comply with the ~~management's~~ request for a grant for the removal and re-erection of the gas plant now used by the College in the new premises. The gas plant is ~~almost a permanent fixture~~ ^{not an item of movable equipment} and its serviceability may get impaired by being removed and re-assembled more than once. As the gas plant is the property of the Govt., it will have to be returned to them by the management by the end of April 1951 when the period of loan of the articles given to the College expires. The expenditure on dismantling and refixing the gas plant in the new premises can be avoided if the management makes its own arrangement to provide the College with a new gas plant of its ^{own}. In the circumstances, the management of the Ethiraj College is advised ~~not~~ to make its own arrangements for providing the ~~Ethiraj~~ College with a gas plant of its own in the Victoria Crescent, Egmore, Madras.

GOVERNMENT OF MADRAS.
ABSTRACT.

GRANT - Building - Removal and re-erection of the gas plant - Ethiraj College
for Women, Madras - Request for grant - Not complied.

EDUCATION DEPARTMENT.

G.O.Ms.No. 3156, Education,

Dated 28th November 1950.

Read the following:-

From the Director of Public Instruction, R.O.C. No. 566 D3/50 dated 21st
September 2 1950.

ORDER:

The Director's recommendation in his letter cited above is accepted.
The management of the Ethiraj College for Women may be informed accordingly.

(BY ORDER OF HIS EXCELLENCY THE GOVERNOR)

K.M. UNNITHAN,
Secretary to Government.

To
The Director of Public Instruction, Madras.

Forwarded/By order

AMG.23.11.

SIC
SUPERINTENDENT.

GRANT - Building - Removal and re-erection of the gas
~~gas~~ plant - Ethiraj College for Women, Madras -
 Application for grant.

C.No.29297/50-F.

From the D.P.I.R.O.C.No.566 D8/50 dated 21.9.50.

Please see the letter from the D.P.I. on p.1 c.f. and its enclosure on p.3 c.f. The Principal of the Ethiraj College for Women, Madras, states that in view of the shifting of the College to the Victoria Crescent building, the management will have to construct a ~~gas plant~~ well in the new premises to hold a gas plant, to remove and fix the existing gas plant in the new premises. The estimated expenditure on this is Rs.5000/- and the Principal of the College requests the Govt. to sanction the inclusion of the scheme in the approved list of building works urgently so that the scheme may be eligible for a half-grant of Rs.2500/-. The gas plant in the present premises is the property of the Govt. It forms one of the items of equipment etc. loaned ~~out~~ by the Govt. to the College for a period of 3 years from 1948-49 and the period of loan will expire by the end of the present academic year.

The management will have therefore to return ~~the~~ plant and the other articles ~~such~~ like furniture etc. to the Govt. by April 1951.

~~The management may be permitted to remove them from the premises and to install them in the new premises, but will have to return them by the end of the present academic year.~~ The Principal states that the management ~~may~~ should not be permitted to remove the gas plant for the following reasons:--

(i) The gas plant is almost a permanent fixture and its ~~stability~~ serviceability may be impaired by being dismantled and re-assembled frequently.

(ii) The gas plant ~~may~~ will have to be returned by the management of the College to Govt. by the end of this

this academic year. The additional expenditure on dismantling the gas plant and re-erecting it in the new premises could be avoided by the management by making its own arrangement to erect a gas plant for the college in the new premises now itself instead of doing it in the next year; and

(iii) the present gas plant should be kept in tact for use by Govt. for a new women's college proposed to be started by them in the existing premises from 1951-52.

2. The Director ^{in no circumstances does not support} ~~therefore states that~~ the application

of the College for a ^{grant} ~~building~~ for the dismantling and erection of the gas plant in the new premises ^{and suggests that} ~~may be negated and that~~

the management of the College be ~~asked~~ advised not to remove

the gas plant in the existing premises but to make its own

arrangement to provide the College with a gas plant in the

new premises. The D.P.I.'s recommendations seem acceptable. ~~FD Adm~~

~~and the management of the College may be informed accordingly.~~

~~and the management of the College may be informed accordingly.~~ Finance

may see prior to circulation.
